PLATTSMOUTH 1; LINCOLN STARS

Home Team Plays Excellent Ball in Yesterday's Game.

A nice crowd last evening saw the ball game between the Lincoln Star base ball team and the local team. Owing to an accident, the visitors did not get here until the evening train from the west and the game was called at 5:30 p. m. Owing to the uncertainty of the game being played and the late hour at which it was called the attendance was not what it would have been otherwise. There was quite a sprinkling of people in the open lots on the hill above the park who should have been inside the fence and who should have been willing to part with their quarter to see the locals exhibit instead of looking on free.

The game iteslf was a fine oneone which the spectators pronounce as good as any seen on the grounds this season. The locals played fine and winning ball and Bardwell covered himself with glory as he pitched superbly ball and kept the few hits of the visitors well scattered. The locals put a patched up team in the field, the line up including Mann who caught, Cecil Smith at Third base, Herold at short in place of Droege who was unavoidably absent, and Ault at first in place of McCauley. All these men did well. Mann caught a good game and is getting his batting eye back. Ault at first was a most pleasant surprise and fielded his position in good shape. He also did some handy stick work which the crowd appreciated. This lad seems a comer and the indications are that he will make one of the winning men on the team. The only drawback to him is his slowness on 561.85. his feet but it is believed practice and steady work will help this. Fitzgerald played a fine, clean game at second and did some good batting which helped out a whole lot in the first inning when the run which won the game was scored. Smith at third fielded in good shape but his batting eye is still off. However, he is a ball player and will come around in time. Herrold at short played a fine game as he always does and was also a clever hitter. The outfield did excellently. Beal did not get to the grounds in time for the first inning but when he did he filled center field babies." Best for Coughs, Colds, in good shape. Mason and Kelly in LaGrippe, Asthma, Hemorrhages, left and right played well and got everything in their territory. The boys also hit well, Mason getting a single which led to the one run of the game. All told the locals played in good shape and deserved their

For the Lincoln team so much cannot be said. They did not field nearly so cleanly as the locals and it contributed much to the victory of Plattsmouth. Their pitcher tossed good ball except the first inning when Plattsmouth got to him for the one run which ended the fest. The visitors found Bardwell an enigma

The one run which settled the game was made by Mason who singled i nthe first, stole second, was sacrificed to third and scored on Fitzgerald's hit to center. This was the only run to be garnered during the process. The score was:

visitors found Bardwell an enigma and their heavy hitters were powerless before his curves. He had them guessing and throughout the game played with the greatest confidence. Several times his cool, headwork saved the team from defeat and he pulled out of several holes. On the whole, the locals have a find in this man and he deserves the credit he is given.

The Lincoln Star team claims to have played forty-three games altogether and to have won forty-one of them. The game which the boys snatched from them Sunday was the second they have lost and they were some wrot up over it. They tried their best to win and played good ball. Four of the sub players on the Lincoln Western league team were in the line up, President Don C. Despain having loaned them to the Star team for a tryout. This didn't hurt the locals a little bit though and they
