

## NARROW ESCAPE FROM DEATH

### Rev. Steger Ran Over by Auto While Out Taking Ride

Rev. Steger of St. Paul's Evangelical church yesterday afternoon had a very narrow escape from death or very serious injury, escaping with merely a badly bruised left leg and a severe shock. The pastor had taken a bicycle ride out in the country to make a visit with one of his parishoners and was on his way home when the accident took place. It occurred near the home of Matt Sulser, west of the city, and seems to have been unavoidable.

The pastor was on his bicycle and was riding with his head down as a protection against the wind which was blowing rather strongly against him when he turned a corner and ran into an automobile which was going in the other direction. At the point where the accident happened it seems to have been nearly impossible for the autoist to discover him in time to stop but he tried to turn aside just as Rev. Steger discovered him and also tried to turn out. As both machines turned in the same direction the inevitable collision occurred and it resulted in hurling Rev. Steger to one side while the auto passed over his left leg.

Quite fortunately the machine with which Rev. Steger collided was a light runabout of the Maxwell make and it did not break any bones. Aside from the bruises and the shock which the collision occasioned the reverend gentleman was uninjured. He was brought to his home in this city and a physician summoned who made an examination, discovering that no bones had been broken and that shock was the most serious of his injuries.

The machine is said to have been driven by Cash Wiles who was much distressed by the accident, although it was in its nature almost unavoidable. Mr. Wiles was not driving at a high rate of speed when the accident took place and was using all due caution in handling the machine. The fact that Rev. Steger was breasting the wind and had his head down in so doing was the principal cause of the affair as he did not discover his danger until too late.

This morning he was resting very easily and there is no reason to anticipate any serious or permanent results of the accident.

Any lady can get a silvered "No-Drip" Coffee Strainer by writing Dr. Shoop, Racine, Wis. Send no money. Simply ask for the "No-Drip" Coupon privilege, giving your address. Dr. Shoop will also send free his new and very interesting little book describing Dr. Shoop's Health Coffee. Health Coffee is such a close imitation of real coffee, that it requires an expert to tell the difference. And neither is there a grain of real coffee in it. Made from pure toasted grains, malt and nuts, its flavor and taste is exceedingly gratifying. No tedious boiling either. "Made in a minute," says Dr. Shoop. Write today for the book and "No-Drip" Coupon. Sold by F. S. White.

#### Rain at Union.

Walter Thacker was in the city today from his home east of Union and while here called at the Journal office and renewed his subscription to the paper for another year. Mr. Thacker states that there was a nice shower during the night at Union and through that locality the mud being deep enough to show on the wheels of his buggy. As he came north the amount of mud decreased and it lightened until in this city and vicinity there was merely a sprinkle.

Pain can be easily and quickly stopped. Pink Pain Tablets—Dr. Shoop's—stop Headache, womanly pains, any pains, anywhere, in 20 minutes sure. Formula on the 25c box. Ask your druggist or doctor about this formula—it's fine. Sold by all dealers.

#### NEHAWKA.

(News).

Charles Parmele and T. H. Polock two of the solid business men of Plattsmouth were in town a few hours Tuesday.

The quarries laid off a number of men and teams in the past week on account of the scarcity of orders for rock. The dry weather is partly the cause of it.

Miss Ada Porter of Lincoln who has been visiting here for the past two months with her brother, W. H. Porter and other relatives, returned to her home in Lincoln the first of the week.

Mrs. McDaniels of Fairfax, Missouri, is here for a visit to W. H. Porter and Grandma Carper. She is accompanied by Lennie and Lena Carper, her grandchildren, who were recently made orphans by the death of their mother, Mrs. Laura Carper.

Word has been received from Louis Allgaiser of Stockton, Kansas, that he had over two hundred acres of wheat and small grain ruined by hail. Although Mr. Allgaiser is in a position to stand such a loss as this, nevertheless it is pretty discouraging to see the major part of a year's work ruined in a few moments.

D. C. West and Ray Pollard eluded their keepers a few hours the first of the week and got together with the result that D. C. is now the owner of Ray's whizz cart, Ray receiving in return a large plethoric roll of telephone stock. Not being able to produce the proper noise with the "hello" stock Mr. Pollard journeyed to Nebraska City and introducing himself as J. Rufus Wallingford, he drove home that evening with a brand new Mercer car, leaving a small amount of the stock there in exchange. This car is a thing of beauty with a torpedo body, a shetland tonneau, and ability to eat up the miles fast enough to give itself indigestion.

A falling tiny nerve, no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The Stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt, clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become fully convinced of its wonderful merit. Anyway, don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

#### Crop Report.

This week's crop report of the Burlington railroad for the Nebraska district gives hopes that the loss of crops from the continued dry spell will not be more than half of what was expected until the late rains fell. The condition of the soil is fair in most regions, although there are few spots which were not wet sufficiently by the rain and are drying up again.

The spring grain, oats and wheat, were damaged considerably by the dryness, the oats perhaps 25 per cent and the wheat even more, but the wheat does not ever amount to any quantity. Corn was damaged practically none beyond what is the average loss and will yield 100 per cent crop. Potatoes will give almost the average amount. The sugar beet crop average will be 50 per cent more than last year. Pastures and meadows have suffered some from the lack of moisture, but the second crop of alfalfa will be a big one if good weather lasts.

In the Wyoming district the dry spell has gripped the crops again and rain is needed badly for the oats and the pasture. The irrigated fields are making fine progress and will yield a larger crop than ever before. Wheat is being harvested in much of the district and will yield a very fair crop when the length of the early dry spell is considered.—Omaha Bee.

John Kaffenberger is spending the afternoon in the city on business driving in from his farm.

## REPUBLICANS PICK A SLATE

### Noyes for Senator, Wescott and Wolph for Representatives, Taylor for Attorney.

Union, Neb., July 14—(Special).—The Republican county convention met here today with most of the precincts of the county represented and a total of probably fifty delegates present. The convention was late in assembling and the principal business which was before it was the selection of a county ticket for the primaries this fall. There was no action taken on county option, the leaders suppressing any mention of it but leaving it to the candidates selected. The delegates to the state convention are understood to favor county option in the state platform. The slate which was agreed upon for the primaries is as follows:

Senator—C. E. Noyes of Louisville.  
Representative—E. H. Wescott of Plattsmouth.

Representative—Bucephalus Wolph of Nehawka.

Attorney—C. H. Taylor of Union.  
Commissioner—Herman Dettmar of Elmwood.

#### Wedded Bliss.

A pleasant home wedding took place on Wednesday, July 6, last, at the home of Mr. and Mrs. P. H. Goering near Unadilla, Otoe county, when Miss Frances Goering, was united in wedlock to Mr. W. H. Dreeszen, a former Plattsmouth boy and a grandson of the late J. B. Melsinger. Those attending the wedding were the immediate relatives and a number of friends and it was a most pleasant occasion.

The bride is a daughter of Mr. and Mrs. P. H. Goering and is a most highly esteemed young lady of many rare accomplishments. She is quite a belle in her neighborhood and numbers her friends by the score.

The groom is the son of Mr. and Mrs. F. W. Dreeszen who were for many years residents of this locality and who have many good friends residing here. The groom was born in this city and spent his boyhood days hereabouts. He is a young man of much ability and of sterling worth springing from that sturdy stock that has made this county one of the most reliable and prosperous in the state, and he has friends by the score wherever he is known.

The young people will make their home near Unadilla upon a farm, where the groom has spent many years. Their many mutual friends congratulate them upon their venture in matrimonial life and wish that their future will be one of unalloyed happiness and prosperity.

"I suffered habitually from constipation. Doan's Regulents relieved and strengthened the bowels, so that they have been regular ever since."  
—A. E. Davis grocer, Sulphur Spring, Texas.

#### First Boy in Family.

There was an addition to the population of Cass county this morning, when a fine, bouncing eleven pound boy was brought by the stork to the home of John M. Kaffenberger. This lad is the first son born to these estimable people and it is not saying too much to insist the father thinks it is the greatest lad ever coming down the pike. He has a great many good friends who have always found him to be of a happy and sunny disposition, but they never really knew how happy and sunny he could be until the arrival of the son and heir, and now he has tipped the scales in his geniality. The boy is assured of a mighty fine home and the best parents in the world in Mr. and Mrs. Kaffenberger. Both mother and son are doing nicely.

Soothes itching skin. Heals cuts or burns without a scar. Cures piles, eczema, salt rheum, any itching. Doan's Ointment. Your druggist sells it.

## E. G. Dovey & Son

#### Fine Team of Mules.

Herman Gansemer, the popular young farmer from west of Murray, came in last evening looking after a team of mules which he purchased several days since down in Missouri. The team arrived last evening over the Burlington but he was unable to have them unloaded until today owing to their being held up for sanitary inspection. This was made this morning by Dr. Herman Greeder and the mules released. Mr. Gansemer

states that he has been shipping mules for some time past and that heretofore the custom had been to have them inspected in Missouri but this time such action was not followed which resulted in an annoying delay. As a matter of fact, the inspection if made at this end of the line should have been made at Pacific Junction before they entered the state but the team was brought here where facilities for such work was better and where it would accomo-

date Mr. Gansemer. The team is a good one and shows he has good judgment in its selection. He drove them out to his home after the inspection had been completed this morning.

Colonels Quinn and Barrows are spending today in Union hobnobbing with the plain people as exemplified in the trust-bound Republican convention, having gone down there in the News-Herald's automobile.

## Special CLEARANCE Sale!

Maybe you haven't been a customer of this store; maybe you've never known the great advantages to be had in buying and wearing Hart, Schaffner & Marx clothes; maybe you've thought them high priced, too costly for you. Now whether you have or not, here's a chance to learn something about clothes values that you better not pass by. If you haven't known these clothes by experience you get a line on something extra good; the knowledge will be worth something to you; and we're willing to give you part of the price on these Summer suits to induce you to get this information and experience.

Special "oust 'em out" prices \$10, \$14 and \$18.

(see our windows.)

Any day we'll be glad to show you.
