Young and family, Mrs. Garnet Welliver, a sister of Mrs. Young, and former resident of this vicinity; Will Seybold, Miss Bessie Brendel, and Mr. and Mrs. Rex Young. It is unnecessary to say that when the departing hour came it was with deep regret, for all had been so delightfully entertained that they proceeded very slow in the direction of their homes.

Will Preach Next Sunday.

Rev. George R. Murray of Thomas, Washington county, Pa., will preach in the Presbyterian church of Murray next Sunday, July 24.

Rev. Murray was the first minister installed in the first church built where the town of Murray is now located, several years before any other buildings were built except a school house. The church was known as the Fairview United Presbyterian church. Rev. Murray preached here about 11 years, when sickness and the death of his wife compelled him to go to Thomas, Pa., where his only near relative (a sister) resided, and where he has been preaching ever since, over twenty years ago. He is now on his annual vacation, and has consented to preach here Sunday, and also meet many of his old friends and neighbors who still reside in the town. The town

took its name from Mr. Murray, which would denote that he was highly esteemed by those who lived here at that time. Everyone should come out to church next Sunday, and give our early day pastor a cordial greeting.

The table was provided with everything that a hungry person could possibly desire, and the manner in which it was prepared demonstrated that Mrs. Carroll is one of the finest cooks in the land. Lee Allison Better.

The many friends of Lee Allison in this city, will be pleased and gratified to learn that he is continuing to improve and is now able to be up and about the house. His injuries are healing up marvelously fast and the greatest trouble now experienced is to make him take care of himself. He is an active man and he frets a great deal at having to remain in the house. He wants to be out and doing something and this he persists in trying even in the face of the objections of his physician and his family. However, his progress has been so remarkable that it will be but a few days when he can again be called a well man.

The Income of Blood.

The blood must have some income in order to perform its duty, which is, to distribute nourishment to all parts of our body. Without income the blood would necessarily become exhausted. The income consists of nourishing food which will be converted, in our body, into rich blood. If the digestive organs cannot accept or completely digest enough nourishing food, the blood becomes poor and the body weak. You should then at once use Triner's American Elixir of Bitter Wine, which will stimulate the organs to activity and will give them strength to do their duty. Pale or yellowish complexion, skin eruptions, nervousness, loss of appetite, coated tongue, tired feeling are signs of impure or weak blood which has not sufficient income. Triner's American Elixir of Bitter Wine is in such cases, the only remedy you can rely on. At drug stores, Jos. Triner, 1323-1329 So. Ashland ave., Chicago, Ill.

TO HAVE GOOD GAME SUNDAY

C. B. & Q. Team or White City Ramblers to Be Attraction

Base ball matters are somewhat in a state of chaos here today and it is not definitely known what club will play the Plattsmouth team next Sunday. It is believed that a game will be arranged either with the C. B. & Q. team of Omaha on the White City Ramblers of that place. The Q. team has recently been greatly strengthened by the addition of most of the Hollys of Omaha, the latter team having disbanded. The two teams together make a powerful aggregation as they have taken the best of both teams and formed one strong aggregation. The Q. team has played two games here and been beaten both times but for all that they are a fast bunch and with the new players which they have secured they can hold their own with any of the teams in the metropolis. If they come they mean to play a fast game and win if such a thing is possible. The White City Ramblers are a good team and have been winning right along from some of the strongest teams in the metropolis, the Bluffs and the surrounding territory. They will make Plattsmouth extend itself to win and if they appear the game will be a hotly contested one. Either of those teams will put up a game which will be worth attending and which will keep the audience on the jump from the time the first ball is tossed over until the last man is out. The locals are keeping in trim and will play the fastest ball they are capable of and should be able to trim the visitors but they will know there has been some game when they do.

The report that Nebraska City would play here Sunday is erroneous. That team plays its Mink league schedule and has very few open dates and when they do have one they are glad of a rest. The report that Plattsmouth would play Shenandoah, Clarinda and Nebraska City at Malvern during the tournament is improbable as neither of the three other teams have so many days open and their championship games have first call. It is believed and reported that instead of the league teams, some of the strong amateur teams from that vicinity will play and they are as strong as the average Mink league team and play as fierce ball. Plattsmouth is willing to mix it with the leaguers or with amateurs and, in fact, is not afraid of any team in this section of the country right now. They are some ball players any they know it and intend to make anything they buck up against understand it before they are through. Good crowds are all that is needed to keep the boys on their winning streak and with the growth in enthusiasm which is going on there is an assurance of large crowds. Be one and help a good thing along.

J. H. Tams and M. L. Friedrich were passengers on the morning train for Omaha where they will attend a meeting of the Sons of Herman today, they being two of the delegates thereto. Henry Kaufman, the other delegate, could not get away to attend.

A Delightful Time.

W. J. Streight, wife and daughter and Miss Nora Livingston who were out at Cedar Creek yesterday for an outing had a most delightful time and landed many fish. They caught according to Mr. Streight a total of eighty-one fish, mostly sun fish and they had a rare time in catching bait which consisted mostly of grasshoppers. Mr. Streight did not get much of a chance to fish as he was the official bait catcher of the crowd. He made a far superior record in this line to any of the common grasshopper catchers of this locality. The party returned in the evening and were a tired but decidedly happy bunch.
