AUGUST 13th to 21st

Mrs. Carrie Nation

The Spragues

**Corn Will be Poor.**  
John Kraeger and daughter, Miss Lizzie, were in Plattsmouth today. Mr. Kraeger says the corn in his neighborhood will be very light, the rains which visited Plattsmouth recently, missed his locality almost entirely. Mr. Kraeger thinks the crop will make lots of rough feed but the farmers generally are not prepared to harvest their corn in this way. Some got the harvesters in 1904, but have had no occasion to use them since. And to buy them for one year is expensive. Mr. Kraeger resides five and a half miles west of Mynard and that locality has had a small amount of moisture this year.

Mrs. R. H. Cowles of Hamburg, Ia., and children, Glen and Elmer and Mrs. Clements and son Homer, of the same city, arrived today to be the guests of relatives for a few days.

**Entertains Musicians.**  
Mr. and Mrs. T. E. Todd will entertain over Sunday Mr. and Mrs. E. M. Clark and their two children and four guests. The four other young people are some of the finest musicians of which Omaha can boast. The violin, zither, banjo and piano will be the instruments played upon, and Mr. and Mrs. Todd are anticipating a royal musical treat. The party will be joined by Mr. and Mrs. Lonnie Todd and Mr. and Mrs. Allie Todd. Mr. and Mrs. Todd are royal entertainers and the Omaha people will be shown a fine time.

**CASTORIA**

**LOUISVILLE.**  
(Courier.)  
Born July 27, to Mr. and Mrs. John Davis, a boy.  
Born August 3, to Mr. and Mrs. Andrew Diden, a boy.  
Miss Carrie Ossenkop is very ill with blood poison, but we are glad to state that she is improving, although slowly.  
Dr. L. F. Polk is contemplating moving his family to Lincoln for the winter so his two sons may attend the state university. They will be greatly missed by their many friends in this vicinity.

Mrs. Jacob Coffman of Villa Grove, Ill., visited at the home of J. P. Wood this week. Mrs. Coffman was a resident of Louisville about twenty years ago and has not been here for eighteen years.  
C. E. Metzger was up from Cedar Creek Wednesday and in company with F. Q. Henshaw of Downing, Mo., called at the Courier office. Mr. Henshaw and Mr. Metzger were classmates in college.

Word has been received of the death of Joseph M. Mayfield at Bloomfield, Ind., on July 19. He was a brother of G. W. Mayfield of this city and will be remembered by many Louisville people, having visited here a few years ago.

L. P. Utterlock of the Byrne, Hammer Dry Goods company of Omaha visited at the home of W. F. Diers this week. Mr. Utterlock is an enthusiast of the rod and line and a fishing party was given in his honor Wednesday afternoon. They had good luck and made some fine catches.

Why is it, a careless seven year old kid can drop a half burned match in an alley and burn up all the barns in a block, while an able bodied man has to use up a whole box of matches to get a wood fire started in a heater that has draft enough to draw all the furniture up the stove pipe?

**Agents wanted.**  
We want a responsible man in this county and vicinity to sell Farnsworth drained and improved Florida Everglade farms. 12,000 acres that is dyked, ditched, surveyed, staked and platted. Ready for cropping. Six miles from railroad, fine coral roads. One crop pays for land. Low prices, very easy terms. Sold by a firm that is investing large sums of its own money in permanent improvements and the upbuilding of Fort Lauderdale and community. Write quick for particulars and territory. Don Farnsworth and Associates, 125 Monroe St., Chicago, Ill.

**Picnic at King Hill.**  
A gay party of picnickers went out to King Hill yesterday afternoon and spent the afternoon fishing and boating. The fishing was not extra good but enough were caught to make a good supper which was duly prepared and enjoyed at the river. Those participating in the outing were Linn Minor and Miss Ellen Pollock, Jack Patterson and Miss Charlotte Fetzler and George Dovey and Miss Hallie Parmele.

**Crops Light in Holt County, Mo.**  
A. J. Bower of Forbes, Mo., is the city the guest of the Henry Lippert home. Mr. Bower says the corn crop in his locality will be very light owing to the long dry spell right at a time when the rain was most needed. Small grain crops in that country were good but if the corn crop makes feed for stock it will be as much as it will do.

**Ice Cream Social at Mynard.**  
The Ladies Aid society of the M. E. church of Mynard will give an ice cream social next Saturday evening, August 13th in Mr. S. O. Cole's building.

George Horn of near Cullom was a Plattsmouth visitor today looking after his Saturday shopping.  
M. L. Frederich drove out to the farm this morning to see how the boys were coming on with the threshing.

J. A. Walker and Leo Nickels of Murray were in the city today on important business, making the Journal office a social call.  
Mrs. F. D. Burgess and son Frank of Cedar Rapids, Neb., arrived today to visit for a time with Mrs. Burgess' parents, Mr. and Mrs. A. W. White.

Mrs. Dr. Redfern who has been the guest of her parents, Mr. and Mrs. F. S. White in this city for a few days, returned to her home at Lincoln this afternoon.

One evening next week the Plattsmouth people will have an opportunity to hear one of the finest lecturers ever presented to a Plattsmouth audience. Professor Winship who has been one of the drawing cards at the Epworth assembly, will be here to deliver the lecture. He is one of the leaders in educational thought and should have a large audience to hear him.

## COAST SHIP IS WRECKED

Steamer Princess May Sinks in Alaskan Waters.

ALL ON BOARD ARE SAVED.

Eighty Passengers and Crew Are Taken Off in Boats Uninjured. Planks in Bottom of Vessel Torn Open and Ill-Fated Craft Cannot Be Raised Again.

Juneau, Alaska, Aug. 6.—The Canadian Pacific steamship Princess May, which left Skagway, Alaska, southbound for Vancouver with eighty passengers and a crew of sixty-eight, struck the north reef of Sentinel isle at 4 a. m. in the dark, but not foggy weather, and in a smooth sea, and sank two hours later.

All the passengers and their baggage were taken to the lighthouse on Sentinel isle, whence they will be brought to Juneau by steamers that have gone to their relief. The light-keeper did everything in his power to make the castaways comfortable. None of the passengers or crew was injured. A boat's crew of six were picked up by a fishing launch and brought to Juneau. Later a second boat's crew, with Pilot Richardson, arrived. The members of the crew who are here say the steamer will be a total loss, the bottom being torn open so that it will be impossible to raise the vessel. Captain McLeod and a number of the crew will stand by the ship.

Pilot Richardson, it is supposed, is trying to pick up the islet in the night, failed to observe the light and struck head-first on the north reef.

Sentinel isle is about twenty-five miles from where the steamer Islander foundered with a loss of sixty-four passengers, after striking ice, in August, several years ago, and almost opposite where the Clara Nevada blew up and was lost with all hands during the Klondike rush.

## TRADE STILL IRREGULAR

Business Unsatisfactory at Some Points, but Optimism Prevails.

New York, Aug. 6.—R. G. Dun & Co.'s Weekly Review of Trade says: Business conditions are irregular, and at some points unsatisfactory, and yet is better than the superficial aspect of leading markets make it appear. Reports from principal trade centers are optimistic. Pig iron production continues to diminish, but demand for steel products, particularly for wire, pipe and structural materials, is large. Prices are little changed. New orders for footwear come in slowly. The leather market is still waiting.

Bradstreet's says: Trade reports are still quiet in fall demand, though the advance of the season and progress of crops toward harvest has aided in enlarging jobbing demand in the west. Building returns for July show a heavy decrease from a year ago. Business failures number 166. Wheat exports, 1,275,740 bushels; corn exports, 419,154 bushels. Total bank clearings, \$3,007,336,000.000.

## WHEAT GAINS SHARPLY

Crop Damage in France and Foreign Buying Help Prices.

Chicago, Aug. 5.—Great damage alleged to have resulted from excessive rains in France turned sentiment today in favor of traders who were fighting for higher prices. A final gain of 3/4 @ 1/2 was shown in corn and 1/4 @ 1/2 in oats. Closing prices: Wheat—Sept., \$1.03 1/2 @ 1.04; Dec., \$1.06 1/2 @ 1.06 1/2; May, \$1.10 1/2. Corn—Sept., 63 1/4; Dec., 60 1/2. ## REBELS THREATEN CEIBA

Attack on Honduran City by Insurgents is Expected Momentarily. Ceiba, Honduras, Aug. 6.—An attack on this city by insurgents is expected momentarily. The American consulate is crowded with refugees and the British cruiser Scylla is entering the harbor.

Among the refugees are Dr. Layton, United States marine hospital surgeon, and his wife and mother; General Francisco Matuke and General Gallardo.

The government has formally demanded of the American consul that he surrender General Matuke, but he has refused. It is reported to be the intention of the government to force Matuke to give up a large amount of money as ransom, as he is wealthy and stands high in the community.

There are altogether about 2,000 government soldiers around Ceiba and entrenchments are being thrown up three miles east of town.

There is a report that an engagement is taking place about seven miles east of here on the coast between government troops and a large revolutionary force under General Lee Christmas, who is attacking the government forces from barges and boats anchored in the offing. He is said to be using rapid fire guns handled by Americans. The report is that he has fifty such experts with him.

## TROOPS ARE SENT TO SAN SEBASTIAN

Uprising in Summer Capital of Spain Not Improbable.

Madrid, Aug. 6.—Alarmed by fears that the proposed demonstration of the clerical forces at San Sebastian, the summer capital, will assume the character of an uprising, the government began to rush troops into San Sebastian. A regiment of hussars left Madrid, followed by another regiment of cavalry and two battalions of chausseurs. A regiment of infantry also was ordered from Victoria.

The government believes the Carlists and the members of the religious orders, which are numerous in northern Spain, are openly inciting their followers to violence. The governors of the Basque provinces and the adjoining province of Navarre issued orders to the mayors of all the municipalities in these provinces to warn the Roman Catholics against assembling or entering the city of San Sebastian with arms and that the most energetic measures would be taken to repress any attempt at a manifestation.

## NEBRASKA HEN WORTH MILLIONS

Poultry in State is Valued at \$2,369,895.

FEW COUNTIES SHOW DECREASE

Total Value Last Year Was \$1,839,485, as Reported by Assessors—Omaha Street Car Company Has Deficit of \$179,188 for Fiscal Year—Four Per Cent Dividends Paid.

Lincoln, Aug. 6.—The poultry in Nebraska is valued at \$2,369,895. This is an increase from \$1,839,485 in 1909, as reported by the county assessors. Only a few of the counties show a decrease, while most of them show increases. The one-fifth assessed value of poultry as returned by the assessors is \$473,979, as against \$367,897 last year.

To pay dividends the last year the Omaha and Council Bluffs Street Railway company had to go down in its reserve left over from the year previous. Such is shown in the annual report of the company filed with the state railway commission. After paying dividends to the amount of \$400,000, 4 per cent on the common stock and 5 per cent on the preferred, the company shows up with a deficit of \$179,188. The gross earnings from operation for the year amounted to \$1,401,347.65, and the operating expenses, \$1,487,533.22.

## SEARS LORIMER DEMOCRATS

Bryan Says Fool in Legislature is Nearly as Dangerous as Knave.

Lincoln, Aug. 6.—In a statement published in his paper in reference to the meeting held recently in Lincoln, Ill., to protest against legislative corruption, William J. Bryan declared that the Democratic legislators who voted to elect William Lorimer to the United States senate, should be read out of the Democratic party.

"Any Democrat who voted for Lorimer for 'patriotic' reasons ought to be retired to private life and kept there long enough to learn what patriotism means," said Mr. Bryan. "It is almost as dangerous to have a fool in the legislature as a knave.

"A Democratic legislator who could be convinced that he was performing a patriotic duty in voting for Lorimer could be persuaded to do anything desired by a lobby, provided the same patriotic arguments were used. He is not fit for any representative position—it is hardly safe to allow him to run at large.

"Turn them out. The party cannot pause to defend those who are guilty or who, if innocent, have aroused suspicion which can never be removed."

## ENTIRE CREW OF KNIGHTS

Knights Templar Special Train to Chicago Thoroughly Manned.

Omaha, Aug. 6.—Engineer, fireman, conductor and brakemen, every member of the train crew which takes out the Knights Templar special Sunday afternoon, will be a Knight Templar. This feature has been especially arranged by the trainmen, and to thus complete the crew an engineer volunteered to act as fireman and conductors volunteered as brakemen.

Mount Calvary commandery, Knights Templar, will leave Omaha tomorrow afternoon over the Northwestern for Chicago to attend the thirty-first triennial convocation of Knights Templar, to be held Aug. 8 to 13.

The convocation will be the greatest of modern times. Commanderies from North Platte, Kearney, Norfolk, Fremont, Columbus, and other points will arrive in Omaha tomorrow morning. They will be received by the Omaha Knights and entertained until afternoon, when all will leave together.

## Officers Answer Dr. Neff's Suit.

Tecumseh, Neb., Aug. 6.—The answer has been filed in the district court here in the damage case of Dr. J. G. Neff of Sterling against former Chief of Police Fred Rickard, Chief of Police James Malone of Lincoln and former County Attorney J. C. Moore of Tecumseh. The suit is for malicious prosecution and false imprisonment and damages in the sum of \$16,000 is asked. The case grew out of the detaining of Dr. Neff in the police court in Lincoln in June, 1909, when his daughter, Lora Neff, instituted a suit against her father. The details of the answer are lengthy and recite in substance that the officers were acting in good faith. The case was tried and Dr. Neff was found not guilty.

## Wants State to Take Out Permit.

Lincoln, Aug. 6.—Building Inspector Withnell of Omaha has notified the state board that unless a building permit is taken out at once for the construction of the state building at the institute for the deaf at Omaha, work will be stopped. At a meeting of the board it was decided that if work is stopped on the building it can stay stopped, unless the contractor saw fit to pay the fee. If the building is not constructed by August, 1911, the appropriation will lapse. Attorney General Thompson holds that the state is not compelled to pay any fee for a building permit and he said he would never vote to pay it, even if work was suspended indefinitely. The fee is \$28.
