ENTERTAINED LAST EVENING

A Musical and Informal Reception to Teachers and Their Friends.

From Tuesday's Daily.
The reception given the county teachers who are attending the teachers' institute which is being held in this city this week, last evening, in the district court room, was a flattering social success and the large attendance was certainly a true indication of a successful institute for the year 1910. The presence of a number of the town's people who are members of the local teaching force and some who are not, indicated the spirit of welcome and friendliness felt toward the teachers who are strangers in our midst.

A musical program was rendered which was a very pleasing feature of the evening's entertainment. The program was opened with an instrumental solo by Miss Eva Allison of Murray, which was brilliantly executed. Miss Helen Cline then rendered a vocal solo in a very charming manner; after which Miss Marie Douglass contributed a reading and made a distinct impression. Miss Matilda Valley of Boise, Idaho, who is visiting relatives and friends in the city, was present and rendered a vocal solo. Miss Valley was in fine voice and her number showed much training and careful preparation. Following Miss Valley's solo was an instrumental solo by Miss Marie Bookmeyer and with her number showed marked talent and one of the coming pianists. As unusual Miss Douglass was at her best, and with her finished manner of reciting she so delighted those in attendance that at the conclusion of the program, which had been arranged, she was urged to give another reading which she very graciously consented to do and this number was most highly appreciated by all. Each one on the program was most heartily encored and each most happily responded. Miss Cline was accompanied on the piano by Miss Loretta Scotten and Miss Valley by Miss Edith Martin, which assisted in making their numbers so greatly enjoyed.

The remainder of the evening was spent in a social way and in getting acquainted. A punch bowl had been arranged out in the hall and the guests were requested to visit the same and to do so quite frequently. Miss Elizabeth Kerr, Rachael Livingston, Bess Edwards and Esther Larson were the daintiest of serving maids and deftly attended to the large crowds that visited the refreshment room. It was a most delightful occasion throughout and thoroughly enjoyed by all present.

Chamberlain's Cough Remedy isn't a common, every day cough mixture. It is a meritorious remedy for all the troublesome and dangerous complications resulting from cold in the head, throat, chest or lungs. Sold by all dealers.

Material Scarce.

George Campen, representing the Consolidated Agency of Omaha, the gentleman who made the survey and plans and specifications for the new paving district, was an over night visitor in the city and attended the opening of the bids by the council last night. Mr. Campen says the strikes in the coal fields and among the vitrified brickmakers has rendered the supply of paving brick very scarce. The paving in Omaha has been reduced to 20,000 a day, while they could use 250,000 brick daily. The company has refused to open up new work and are using their force placing the asphalt paving.

Have you a weak throat? If so, you cannot be too careful. You cannot begin treatment too early. Each cold makes you more liable to another and the last is always the harder to cure. If you will take Chamberlain's Cough Remedy at the outset you will be saved much trouble. Sold by all dealers.

Another Game for Avoca.

Avoca, Neb., August 8.—(Special to the Journal.)—Avoca defeated Nehawka here Saturday in a fast and interesting game, resulting in the following score:
Nehawka . . . 0 0 2 0 0 0 0—2
Avoca 0 0 1 2 0 0 2 *—5
Batteries—Adams and Hall; Frey and Betts. Umpire: Graham.

LOST—A red calf near Bach's store on Lincoln avenue, weight about 400 pounds. Finder please take care of same and notify me and I will pay for trouble.

William Gillisple,
6d-w-d Mynard, Neb.

Mrs. B. G. Wurl was a passenger to the metropolis this afternoon.

Throw Away the Grindstone—It's Slow! Use a Luther Grinder—
Saves Time!

Luther's FARM Special

is one of those indispensable farm tools. To the farmer who is discriminating, and looks at quality instead of price, who wants the BEST whether he buys machinery, clothing, shoes or food stuff. To such a one, LUTHER'S FARM SPECIAL will strongly appeal. Up to the time we put out this great labor saving tool he had to be content with the old, slow-cutting grindstone or unsatisfactory emery grinder, but now he can have the service of the most perfect farm tool sharpening device ever invented. There is not a tool used about the farm that is superior to our FARM SPECIAL GRINDER as a labor saver. It sharpens everything in one-twentieth the time it would take on the grindstone. The grindstone cuts so slow that you would prefer to work with a dull tool rather than endure the backache and HARD WORK of keeping tools sharp on it.

IT IS EASY to sharpen tool on the Farm Special. Your ten-year-old boy will tell you it is fun to sharpen everything on this FARM SPECIAL GRINDER.

JOHN BAUER,

HARDWARE!

HEATING!

PLUMBING!

Extended Bids Received.

The streets, alleys and bridges committee of the council today received the extended bids of the three contractors made on the paving to be done on Vine and Fifth streets this fall. The extended figures shows bids as follows: Ford on class A curb, \$1,195.65, class B \$1,487.92. Paving—class A \$14,146, class B \$15,277.68; no bid of class C, paving. Bid of Beebe—curb, class A \$1,036.23, class B \$1,222.22. Paving—class A \$14,358.19, class B \$14,924.03; no bid on class C, paving. McMaken & Son—curb, class A \$1,328.50, class B \$1,461.35, paving \$15,519.14, class C \$14,146.

The totals made by the expert are as follows: Ford bid \$15,705.60, on class A paving and class A curb, on the same class Beebe's bid is \$10,750.77, McMaken & Son bid is \$16,063.88. Total as shown by the expert's figures on class A curb and class B paving, Ford \$16,837.28, Beebe's \$16,316.61, McMaken & Son \$17,054.10, on class A curb and class C paving, McMaken & Son \$15,780.96. It will be observed from the above that McMaken & Son are the only bidders on class C paving. The bids on Burlington, Buffalo or Phoenix, 18 per cent test. Bids on Capitol brick 22 per cent test. Bids on make of brick not specified 18 per cent test.

The busiest and mightiest little thing that ever was made is Chamberlain's Stomach and Liver Tablets. They do the work whenever you require their aid. These tablets change weakness into strength, listlessness into energy, gloominess into joyousness. Their action is so gentle one don't realize they have taken a purgative. Sold by all dealers.

Removes Iron Safes.

McMaken & Son were engaged today in removing a safe for L. D. Hiatt which he bought from M. Fanger, which was moved to the picture postal card offices over Soennichsen's store. The large two ton safe which has been the property of Newell and Atwood is being removed to the McMaken Ice company's offices.

LECTURES BEFORE THE TEACHERS

Miss Josie Sullivan Addresses Them on "Temperance"

Yesterday afternoon at 3 o'clock, Miss Josie Sullivan of Lincoln, delivered a lecture on "Scientific Temperance" to the teachers at the district court room. About thirty of the 135 teachers enrolled remained to hear the lecture, the majority of the teachers had become weary from the day's work and had listened to several lectures through the day and were too tired to remain.

Miss Jones was not on the printed program, and the lecture was thrown in, and was under the direction of the W. C. T. U.

Miss Jones is an interesting talker and appeared to have her subject well in hand. She said in substance that Nebraska had had a law on the books since 1886 requiring the subject of physiology to embrace the effects of narcotics and alcoholic liquors on the human body. The speaker claimed much of the present temperance agitation comes from the effects of the instruction given in the public schools. She noted the fact that the majority of the delegates to the late Lincoln convention which adopted an option plank in their platform were young men who had gotten their ideas from the scientific instruction in the effects of liquor on the body in the public schools. She stated that the children of drinking parents were dullards. Fifty-three per cent of the children of parents indulging in liquors came under this head, while only ten per cent of children of abstainers from liquor came under the head of dullards. The lecturer gave an example of a scientist who experimented with four dogs, giving two of them a certain amount of alcohol each day. The experiment lasted over a period of five years. All of the tests to which the dogs were put, the dogs taking

the stimulant fell short to a remarkable degree.

At the Institute.

At the Institute this morning Dr. Winshop lectured on "Solists" and brought out the idea of individual work, emphasizing the importance of knowing ones task thoroughly in order to perform it well. This evening Miss Rowan will lecture at 8:30 on "Domestic Science," the lecture to take place in the district court room. The lecture at the Parmele last evening was not as well attended by the city residents as the man and the subject merited. One of the instructors of the institute who has been in the work in Nebraska for several years and visited many of the towns of Plattsmouth's class, said to a Journal representation this morning that the lack of interest in the institute here was remarkable. That in the other cities she has done institute work in, the lecture last night by a noted speaker, would have brought out a crowded hall. Miss Foster wrote to Dr. Winshop two years ago and asked him when he could be at Plattsmouth and this week was fixed at that time as the lecture's time was taken up so far in the future.

Allows Plaintiff to File Brief.

In the case of J. S. Hall vs. The Commissioners of Cass County and John Bauer. In the argument of the cause the plaintiff took the position that the improvement being a permanent fixture on the county farm, became realty and for that reason only advertised bids could be taken, and bids not filed within the time set in the advertisement would be void. The court did not render a decision, but appeared to think point of plaintiff was not well taken, but said he would give the plaintiff until Saturday to file his brief and show authorities. If the position of plaintiff proves correct, then the bids will probably have to be readvertised as none of them complied with the required advertisement.

Miss Edith Buzzell made a flying trip to the metropolis this morning.
