

MAYOR GAYNOR OUT OF DANGER

Patient Sure to Recover, Bar-
ring Accidents.

TAKING NOURISHMENT WELL.

Bulletins From Physicians of Wounded
New York Executive Are Optimistic.
Patient is Comfortable and General
Condition Excellent—Reassuring
Tone of Reports Allays Fears.

New York, Aug. 13.—"Barring acci-
dent, Mayor Gaynor's recovery is prac-
tically assured." This statement was
made by the mayor's son, Rufus Gay-
nor, who said that he had the attend-
ing physician's assurances to that ef-
fect.

An additional assurance was con-
tained in the bulletin given out by
Secretary Adamson. It read:

"The mayor passed a comfortable
morning. He is taking nourishment
well and is steadily improving."

The physicians were not willing to
supplement bulletins with even formal
statements as to the patient's condi-
tion, evidently assuming that the re-
assuring tenor of the official an-
nouncements would be all that was
necessary to allay any fears.

BOYCOTT BY GRAND ARMY

Kentucky Veterans Will Stay From
Reunion Because of High Rates.

Louisville, Aug. 13.—Five hundred
veterans of the Grand Army of the
Republic have declared a boycott
against railroads for alleged discrimi-
nation in charging the veterans an ex-
cessive excursion rate to the annual
national encampment of the Grand
Army of the Republic to be held in At-
lantic City next month, and as a re-
sult this state for the first time will
not be represented. The Women's Re-
lief corps and the Daughters of Vet-
erans have announced their intention
of joining in the boycott.

UPPER BERTH RATES TOO HIGH

Indiana Files Petition With the Inter-
state Commerce Commission.

Washington, Aug. 13.—Allegations
that the rates exacted by the Pullman
company for upper berths are exorbitant
and unreasonably discriminatory
were made in a petition filed with the
interstate commerce commission by
the state of Indiana, through its at-
torney general, James Bingham. The
complaint is directed against the Pull-
man company, and especially the rail-
roads operating in central traffic terri-
tory.

KENYON TAKES UP BEEF CASE

Government "Trust Buster" Leaves for
Chicago to Assume Charge of Case.

Washington, Aug. 13.—The govern-
ment's "trust buster," W. S. Kenyon,
the assistant to the attorney general,
will leave tomorrow for Chicago to re-
sume charge of the department of jus-
tice in the case against the beef trust.
The federal grand jury in charge,
which is investigating the operations
of the Armour, Swift and Morris con-
cerns and the National Packing com-
pany, probably will be actively en-
gaged on that work for several weeks.

FIRES THREATEN WALLACE

Wind Carries Blazing Embers From
Fire on Mountain Into Town.

Spokane, Wash., Aug. 13.—Blazing
embers carried by the wind from the
burning forests on the mountain sides
are falling in Wallace, Ida. The
dense smoke made it impossible to see
objects 200 yards away. A hundred
families packed up their possessions
and fled to Spokane or other towns.
Should the wind become stronger it is
believed nothing can save the town.

BOLD ATTEMPT TO ROB BANK

Bandit at Fond du Lac Captured After
Running Fight in Street.

Fond du Lac, Wis., Aug. 13.—A. G.
Crane, giving his home as Milwaukee,
made a bold attempt to rob the Coles
savings bank. He was pursued by
citizens through the streets, firing his
revolver as he went, and was finally
caught by W. J. Hoith, a Chicago travel-
ing man.

WENDLING BACK IN LOUISVILLE

No Demonstration Against Al-
leged Slayer of Alma Kellner.

Louisville, Aug. 13.—Joseph Wend-
ling, wanted here on the charge of
murdering Alma Kellner, was placed
in the city jail here after a remark-
able chase across the continent and
an almost equally remarkable return
in charge of Captain John P. Carney,
chief of the Louisville detective de-
partment.

Wendling had no sooner been ushered
into the chief of police's room than
he took a position in one of the
large windows and busied himself by
whistling and waving his hand to the
crowd which had gathered in the
street below. His everlasting smile
was much in evidence.

Wendling touched Kentucky soil
shortly after 8 a. m. for the first time
in many months. He and his captor
took a train at Evansville, Ind., about
3 o'clock. Handcuffed together Cap-
tain Carney and his man occupied the
drawing room on the Evansville sleep-
er. The train was an hour late when
it pulled into the Union depot. A
large sized but orderly crowd was
kept in bounds by plenty of police, and
when Wendling was hurried from the
car to an automobile there was no
demonstration. It has not yet been
announced when Wendling will be
presented in the police court.

Man Robbed and Thrown Into River.

New York, Aug. 13.—Robbed of \$400
and his watch by thugs, John Maugh-
an, a well-to-do resident of Harlem,
was cut and beaten and then thrown
into the North river. He clung for
three hours to the cross beams under
the city pier at Thirty-ninth street,
his life menaced by attacks of hordes
of rats, before his moans were heard
by policemen. He will recover.

TRIAL OF CHIEF YEAGER BEGINS

Des Moines City Council Hearing
Evidence Against Police Head.

A. B. ELLIOTT NAMED CHIEF.

Yeager Is Deposed Pending Investiga-
tion of Charges Filed by Anti-Saloon
League—Council Refuses to Oust
Zell G. Roe as Superintendent of
Public Safety.

Des Moines, Aug. 15.—The city coun-
cil took up its investigation of the
charges filed by the Iowa Anti-Saloon
League against Police Chief George A.
Yeager this afternoon. Pending the
trial of the case A. B. Elliott, who
was appointed by the council to fill
the temporary vacancy, will be in
charge of the police department.

Because those who brought the
charges against the police head regard
Elliott as a strong and fearless man,
they are very hopeful over the pros-
pect that there will be nothing with-
held in the police department and that
the hearing will be an impartial one.
For a time it appeared that it would
be impossible to secure a temporary
chief of police whose interests would
not be warped, and it was the deter-
mination to get such a man that led
the council to go outside of the police
department entirely and take a dis-
interested citizen.

The city council refused to approve
Councilman MacVicar's suggestion
that Roe be temporarily removed as
superintendent of public safety, and
the mayor placed in charge of his de-
partment.

RAILROAD TO TREYNOR

One of Iowa's Oldest Towns to See Its
First Iron Horse This Year.

Council Bluffs, Ia., Aug. 15.—
"Trains to Treynor this year," is the
alliterative cry and prediction of
President George W. Adams of the
Iowa Short Line, and the advent of
the iron horse into the town, one of
the oldest in the county, but which
has never been touched by a railroad
line, it is expected will be made a gala
occasion.

The Iowa Short Line is headed for
Des Moines via Council Bluffs. Work
has been going on all summer and
spring and rails have been laid on
several miles of the new road.

In a conference with Great Western
officials, Mr. Adams had their O. K.
placed upon Adams' plans for local
terminals. The officials also indorsed
strongly Mr. Adams' plans for a stock
yards and packing house in Council
Bluffs. "Fifty per cent of the work
on the line between this city and Treynor
is completed," said President Ad-
ams, "and we will have trains running
into Treynor by the first of the
year. We will get ready for business
in time to handle some of the big corn
crop which is going to be produced
this fall."

ESTATE SUES DRUG FIRM

Seeks to Recover Damages for Death
of H. H. Morton of Atlantic.

Council Bluffs, Ia., Aug. 15.—D. S.
Eldredge of Atlantic, Ia., administrator
of the estate of Hensley H. Morton of
Louisville, Ky., who was accidentally
poisoned and died in the Moore drug
store at Atlantic on the morning of
June 7, has instituted suit against the
drug company for \$10,000 damages.
The suit is also directed against the
owners of the store individually, who
are R. H. Moore of Atlantic and H. C.
Hawley of Clarinda. Hensley H. Mor-
ton, a traveling man, was given a
draught of formaldehyde by a clerk in
mistake for mineral water. Morton
died almost instantly.

Convention Aug. 31.

Ames, Ia., Aug. 15.—The state con-
vention of the Iowa Rural Letter Car-
riers' association is to be held at Ames

ganization, has announced the pro-
gram of the convention, which has
just been completed by the program
committee. The sessions will be held
in the new "Ag" hall at the college.

Iowa Profit in Farming.

Des Moines, Aug. 15.—The board of
control has just completed that part
of the biennial report which shows
the value of products of the farms
and factories at the fifteen state insti-
tutions in the two-year period ended
June 30 last. This shows a total value
of \$446,506.91, divided as follows:
Farm products, \$214,931.89; garden
products, \$129,586.46; orchard prod-
ucts, \$28,078.41; dairy products, \$84,
699.89; manufactured products, \$167,
793; kitchen stores, \$21,416.44.

Hay, Grain and Barns Burn.

Mason City, Ia., Aug. 15.—Ten
thousand bales of hay and straw and
5,000 bushels of grain, with two big
barns, cribs, stables and sheds, owned
by George Haynes, a cattle feeder here
for the Northwestern railroad, burned.
The loss is estimated at \$15,000, with
\$3,000 insurance. It is believed the
fire was caused by spontaneous com-
bustion.

HEALTH OFFICIALS TO MEET

Conditions Are Said to Be Serious, De-
manding Immediate Action.

Des Moines, Aug. 15.—A special
meeting of the Iowa board of health
has been called to meet Wednesday,
to consider the condition of the health
of the state, the situation having be-
come serious and calling for some im-
mediate attention. It will not only be
a meeting of the board of health, but
also of leading physicians, especially
of this part of the state. The report
of the government expert, Wade H.
Frost, on the epidemic of infantile
paralysis in northern Iowa will be
heard. It is not expected that he will
be able to make a report that will
definitely point a way to heading off
the epidemic, but it will result in steps
being taken to arouse the people of
the state to the importance of assist-
ing in sanitary precautions. Other
health matters will also receive atten-
tion, as it is recognized that the gen-
eral health of the people of the state
has been bad for some time and there
is fear of more serious consequences.

RAISE BONUS FOR PACKERS

Fort Dodge Commercial Club Near
Success in Campaign.

Fort Dodge, Ia., Aug. 15.—In their
efforts to raise \$15,000 bonus for the
Corn Belt Packing company, the Com-
mercial club of Fort Dodge is meeting
with success. Ninety-six lots near the
packing plant are being sold, half the
proceeds to go to pay the Commercial
club's investment in the lots and the
other half, \$15,000, to the packing com-
pany.

The packing company's plant was
destroyed by fire for the second time
recently. The company will increase
its capitalization from \$150,000 to
\$200,000 and will erect a strictly fire-
proof packing building if the bonus is
raised. Many prominent farmers of
Webster, Calhoun and Humboldt coun-
ties will take the new stock issue.

FORMER IOWANS IN ANNUAL PICNIC

Twenty-two Thousand Hawkeyes
at Long Beach Reunion.

Los Angeles, Aug. 15.—The Iowa so-
ciety of southern California held its
annual picnic at Long Beach. The
central point of the vast gathering
was at Alamitos park, and it is esti-
mated that upwards of 22,000 former
residents of Iowa visited the various
county headquarters during the day.

Addresses were made by Mayor
Alexander, Bishop Hughes, Rev. Robert
J. Burdette, Judge Curtis D. Wil-
bur and the mayors of Long Beach
and Pasadena, all former Iowans; and
a number of others.

The Iowa society is the oldest and
largest of the many state organiza-
tions in southern California. On its
membership rolls appear the names of
more than 25,000 people, who have
adopted southern California as their
homes, but who come from Iowa. It
was organized ten years ago at East
Lake park, Los Angeles, when three
former residents of the state pub-
lished a call for a picnic expecting
fully fifty former Iowans to be pre-
sent. Over 500 responded and so great
was the enthusiasm that they organ-
ized the society. Since then it has
flourished, growing steadily year by
year. It is a power taken into con-
sideration in all political and social
movements in this section of the state
in spite of the fact that politics is
barred by the constitution of the so-
ciety.

The officers of the society are:
Stephen H. Taft, honorary president;
W. E. Henderson, president; P. S.
Risher, vice president; C. H. Parsons,
secretary, and F. H. Nichols, treasurer.

Mine Legislation Proposed.

Des Moines, Aug. 15.—The report of
R. T. Rhys, the state mine inspector,
for the third district of Iowa, which
includes a number of the southern
Iowa counties, shows that the number
of accidents is not increasing, but
that there are far too many. In the
two years there were eleven wives
made widows and twenty-three chil-
dren made fatherless by accidents in
one district. Mr. Rhys recommends
some drastic legislation for the pre-
vention of accidents. He would have
a complete revision of the laws of the
state as to liability for accidents, so
that the cost of accidents would be
charged up to the industry as a whole
and definite prices be fixed to be paid
for accidents and deaths without law
suits.

Shupe of Dayton, O., editor of The

genberger, aged five, is dying from
wounds inflicted by a leopard that
was on show at a street carnival.
While the boy's father was looking in
another direction the leopard reached
through the cage and clawed the child,
lacerating his face and body and tear-
ing the scalp from the boy's head.
