The Main Thing.

If you wish to preserve your own health you must not forget that the main thing in the human body is the blood. Take care of the blood, keep it pure, healthy and strong and your whole body will be in perfect condition. If your blood is of a poor quality, the whole system will suffer. You will notice a constant loss of strength, inability to eat enough and to digest. In such a condition Triner's American Elixir of Bitter Wine will be of the greatest benefit. It will stimulate the digestive organs to work, will clean out the system thoroughly and will assist in the formation of new, rich and healthy blood. This remedy is a wonderful help in many diseases of the stomach, the intestines, the blood and the nerves. At drug stores. Jos. Triner, 1333-1329 So Ashland ave., Chicago, Ill. COWLES' SALARY DONATION RULES

Land Commissioner at Lincoln Makes Them Public.

HOW HE WILL DISPOSE OF CASH.

Official at State House Figures That Calls for Aid Will Take All That He Draws From State of Nebraska, but Declines to Give Away Income From His Farm.

Lincoln, Aug. 20.—In order to save stamps in replying to requests for finances, Land Commissioner E. B. Cowles has decided to give away all of his salary under certain conditions. During his two years in office Mr. Cowles has discovered that it takes practically all of his salary to meet the calls for aid from various institutions and persons and so rather than waste any of it in replying to calls by letter, he has given out the following statement under the heading, "Cowles Rules for Donating Salary."

"Requests for donations will be favorably considered if the money is to go to pay for churches, to pay preachers' salaries, to libraries, to the Salvation Army, to pay for wooden legs or arms or for crutches or surgical operations. No part of my salary will be given to skating rinks, baseball grounds, bicycles, roller skates, wedding presents, trips to Europe, pet dogs or parrots, licenses to wed or for doctors' services in case of obstetrics. Persons should not waste time in calling in person or squander postage in mailing requests to me for these purposes.

"My salary is \$2,000 a year. I estimate that there are 1,200,000 people in Nebraska and in responding to requests for donations I will divide my salary so that each inhabitant will receive his proper share. A family of six persons will be entitled to 1 cent. If there are 300 persons in one society or church organization the donation will amount to 50 cents. Each applicant can compute the amount by this rule.

"I have an income from my farm, quite small in a dry season, but this I decline to give away, as I am reserving it for my grandchildren. It is true that I have no grandchildren, but if this reason does not appear to the applicant to be sane and sound, I can think of some other reason on short notice, and it will not pay to urge me to separate this small amount from my purse."

OSBORNE PLEADS NOT GUILTY

Alleged Slayer of John Hactor Arraigned on Charge of Murder.

Fremont, Neb., Aug. 20.—George Osborne pleaded not guilty to the charges of first degree murder and of robbery while attempting highway robbery. Osborne was arraigned before Justice Johnson for the alleged murder of John Hactor, to which he made a written confession. Since making a confession Osborne has secured the services of attorneys, who advised him to waive preliminary examination.

County Attorney Cook believes that robbery and not self defense constituted Osborne's primary motive and he will push the case along that line. The first intention of the officers to let the charge be manslaughter has been dropped in view of evidence which has come into their possession since the confession of Wednesday. In that document Osborne failed entirely to tell what became of the watch and money known to have been in Hactor's possession before his death. Part of the watch chain was found with the body, but the time-piece and several links of the chain were missing.

ALDRICH INCREASES LEAD

Shallenberger's Forces Concede Dahliman's Nomination.

Omaha, Aug. 20.—Returns from 1,410 precincts in Nebraska on governor show the following results: Aldrich 16,522; Cady 13,505; Dahliman 25,385; Shallenberger 23,648.

These figures reveal Aldrich making a very slight increase in his lead over Cady, and Dahliman maintaining his lead as before indicated over Shallenberger. Shallenberger forces admit the loss of the nomination.

The first admission of defeat on the part of the Shallenberger forces came to Tom Flynn, chairman of the Dahliman campaign committee, in the following telegram from Charles Grunther of Columbus, vice chairman of the state Democratic committee, and one of the Shallenberger campaign managers:

"Indications point to Dahliman's nomination sure. Accept congratulations on your magnificent campaign work. Please convey my sincere congratulations to Mayor Dahliman. I was for Shallenberger, but now I want to see Jim elected."

SCORES FEDERAL OFFICERS

Indiana Attorney General Unable to Enforce Pure Food Laws.

Washington, Aug. 20.—Asserting that he had been thwarted in every way possible in his efforts to uphold the law of his state against the sale of food containing benzoate of soda and announcing that he would appeal to President Taft, a scathing denunciation of the department of agriculture officials was given by Attorney General Bingham of Indiana.

The scoring occurred in the hearing held here in connection with the case of Wildams Bros. and others against the board of health of Indiana. Dr. Harvey W. Wiley, chief of the bureau of chemistry and a sworn enemy of benzoate of soda as a food preservative, being under cross-examination at the time.

"The state of Indiana, which is seeking evidence in its defense against the suit brought by food manufacturers because Indiana prohibits the sale of foods containing benzoate of soda as a preservative, has been given a 'raw deal' by the department of agriculture," declared Attorney General Bingham. "The officers of the state of Indiana have been hampered in every conceivable way in their efforts to obtain this evidence."

JURY SWORN IN TO TRY BROWNE

Required Three Weeks to Secure the Twelve Men.

Chicago, Aug. 20.—A jury to try Lee O'Neill Browne, Democratic leader of the lower house at Springfield for the second time on a charge of bribing Representative White to vote for William Lorimer for United States senator, was sworn in by Judge Kersten in the criminal court.

The sensational expose of alleged rotteness in the state legislature, and the first trial itself, which resulted in a disagreement, made the work of securing a new jury a tedious one. It has required three weeks and the examination of 700 veniremen to secure the twelve men. Out of the army of veniremen, 115 were dismissed by the court when they admitted that investigators had talked about the case to members of their families.
