

"I Wish I Had Known It!"

This and similar expressions have been made by people who were too late to get some of the matchless bargains offered in our hourly clearance sale of Tuesday, Wednesday and Thursday. In order to give everybody a chance and to further demonstrate to the people of Plattsmouth that exceptional bargains are to be obtained right here at home, we will continue the hourly sale FRIDAY and SATURDAY, replacing the lines that were sold out by even better merchandise. Get Wednesday's paper and cut out the ad and bring it to our store between 9 and 11 and between 2 and 5 and avail yourself of this rare opportunity to buy men's underwear for 10c; men's Sox 6 pair for 25c; boy's wool suits \$1; boy's wool knee pants 25c; children's wash suits 35c; wash pants 15c; men's overalls 40c; boy's overalls 25c; men's suits \$5; men's wool pants \$1.25. Men's or boy's shirts 3 for \$1. We have added a line of men's odd vests 25c each—good wool vests for work. A good line of good wet goods for this good wet weather.

THE HOME OF SATISFACTION

THE PAVING CONTRACT SHOULD BE VERY CAREFULLY GUARDED

And the City Council as a Body May Make a Great Mistake in Failing to Give It to the Proper Parties.

The following letter received by Councilman A. S. Will no doubt give some of the members of the city council an insight to the paving matter, and before a final vote is taken, it might be well for the members to study some of the suggestions made in the following letter before the matter is fully determined and the contract entered into for the work:

Omaha, Nebraska,
Aug. 17, 1910.

Mr. A. S. Will,
Plattsmouth, Nebraska.

Dear Sir:—
Before the final vote of the council on the class of paving to be adopted in your city, we wish to call to attention a few conditions with which you may be familiar and which we feel should receive careful consideration in order that a good, permanent piece of work may be obtained. We have examined the streets very carefully and we feel that with our experience in the construction of pavements under many circumstances, we are warranted in mentioning these matters as we find them.

Any practical paving contractor will say that a 4 inch concrete base should not be used except under very favorable conditions. We find the conditions in Plattsmouth satisfactory for the use of a 4 inch base with the exception of the one block from 6th to 7th on Vine, where the ground is rather spongy and where the paving is to slope toward the middle of the street. Either of these conditions are against the use of a light concrete base, and where they are both combined as they are in this block, a heavier base than 4 inches

is absolutely necessary in order to secure a good and permanent pavement. With a light base on this spongy ground cracks will be very apt to form in the concrete, and as you have specified a sand filler for your brick, there will be nothing to prevent the water from soaking in through the entire paving and sooner or later undermining the entire block.

For this block your class B should be specified, in fact, 6 inches of this block would be much more safe. For the rest of the work the 4 inch concrete will do very nicely.

For the curbing your class A will do very well with the exception of the block just north of where your postoffice is to be built. Here there will be a slight fill, and as the class A curbing is only 20 inches deep, it will extend only about 3 inches below the paving, which is not deep enough to be solid on a fill. For the curb joining your postoffice site on the east the class B or 24 inch curb should also be used. If this building were already erected it would not be so bad, but as the material will all have to be hauled and piled over and around the curb, you will find that the 24 inch curb will be none too solid by the time the building is finished.

Of course most any class of paving will remain in good shape during the year of guarantee, but if our company should be fortunate enough to secure this work, we feel that the conditions should be met in the construction, so that the paving will remain in good shape for years to come.
Yours truly,
Beebe-Decker Paving Co.

Miss Anastasia Tighe was in town between trains today, going to Omaha this afternoon.

Mrs. Stenner and her daughter Miss Gertrude returned from Omaha this afternoon.

H. HAAG DIES AT JEFFERSON

Well Known Banker and Good Roads Advocate Passes Away.

Jefferson, Ia., Aug. 20.—Henry Haag, president of the city bank of this place, president of the Transcontinental Route association, a good roads organization, and one of the most prominent men in this community, died of bowel trouble. He was fifty-three years old and leaves a wife and one daughter, a girl of fourteen years. Funeral services will be held at the home tomorrow afternoon, conducted by the Rev. A. C. Kaye of Mason City, formerly rector of the Episcopal church here.

Mr. Haag, who had been ill for several days, knew that he could not recover, and called members of his family and friends to his bedside and bid them all goodby. At that time he dictated a codicil to his will, in which directions for the funeral are given. He ordered that the coffin be made of plain pine lumber and that as few boards as possible should be used. It is expressly provided that the coffin shall be wholly devoid of ornamentation.

Mr. Haag explained that he made these provisions in order to show the people that a funeral can be conducted without great expense.

COURT GIVES ORDER IN AGAR CASE

Judge McPherson Authorizes Receiver to Borrow \$25,000.

Red Oak, Ia., Aug. 20.—Judge Smith McPherson of the United States district court entered an order in the bankruptcy proceedings of the Agar Packing company, enlarging the powers of Receiver Casady of the Des Moines plant of the concern, by giving him authority to borrow not more than \$25,000, at not more than 6 per cent interest, to keep the plant running for a reasonable length of time and to pay out money for expenses of operation, such as labor and live stock. A second order was also made referring the case to H. E. French, referee in bankruptcy, with instructions to examine into the financial conditions of the Agar company, through its officers, creditors or other persons who may have knowledge of its liabilities and assets.

BANKER VICTIM OF PARALYSIS

Frank C. Branigan of Waterloo Attacked by Dreaded Epidemic. Waterloo, Ia., Aug. 20.—Frank C. Branigan, cashier of the Citizens' Savings bank, has been stricken with infantile paralysis. He is twenty-seven years old and apparently in perfect health up to the time he became ill suddenly two days ago. Physicians diagnosed his ailment as a clear case of infantile paralysis. The condition of the patient is critical. Mr. Branigan is well known in banking circles throughout the state. This is the first clearly defined case of infantile paralysis thus far reported in Waterloo.

Deputy After Game Poachers.

Algona, Ia., Aug. 20.—State Game Warden Ballou of Independence, accompanied by three deputies, is here investigating the alleged violations of the game laws in Kosuth county. For some time complaints have been sent to State Fish and Game Warden Lincoln of Cedar Rapids that the shooting of prairie chickens was being engaged in by hunters in this community. The presence of the officers here is in response to those complaints.

Yeomen of Iowa Meet.

Mason City, Ia., Aug. 20.—The Yeomen of all Iowa and southern Minnesota are meeting in annual picnic here, lasting until over Sunday. Addresses were made by Grand Foreman William Koch, Director John D. Denison and Editor H. C. Evans. A big reception was held at Commercial hall, and this was followed by the first exemplification of the new Yeomen ritual in northern Iowa by Castle degree staff of Des Moines.

Poisoning Weeds Kill Cattle.

Des Moines, Aug. 20.—Information from eastern Iowa is to the effect that farmers have suffered some loss of cattle from being poisoned by eating grass along railroad rights of way, the grass and weeds having been poisoned to kill them. The railroads are said to be doing much of this work in Iowa and find that the weeds can thus be killed.

Slain by Train at Jefferson.

Jefferson, Ia., Aug. 20.—Charles Hathaway, a railroad employee, was run over and killed by a Northwestern train here. He had been attending to the signal lights and stepping from one track to another to avoid an approaching train, he was struck by a train coming from the opposite direction.

Southern Pacific is Fined.

San Francisco, Aug. 20.—Pleading guilty to a charge of discrimination in freight rates between Verdi, Nev., and San Jose, Cal., the Southern Pacific Railroad company was fined \$1,000 in the federal court here. A similar fine was imposed on the California Pine Box and Lumber company, which pleaded guilty to a charge of procuring an interstate shipment of freight at less than the published railroad rate.

Weyrich & Hadraba,

THE RED CROSS DRUG STORE

Living High in Alaska.

A. E. Gass, a day or two ago received a copy number one, volume one of the Iditarod (Alaska) Pioneer a newspaper just started in the town which is less than a year old and already has a thousand or more inhabitants. The subscription price of the paper is one dollar per month, or twenty-five cents per copy. Among the advertisements in the paper is one of the "Miners & Merchants bank," one of the officers of the bank being E. G. Linberg, manager, formerly employed in the storehouse of the Burlington local shops. The Pioneer is a weekly paper, issued one day in the week and its advertising columns are full of live advertisements showing that the merchants of the new city are up to date and are watching out for their interests.

Depart for Denver.

From Saturday's Daily. A large delegation from the local lodge of the American Railway Employees' investment association left yesterday afternoon for the convention of members from all over the Burlington system at Denver. The members of the Plattsmouth association who left for Denver yesterday were: H. S. Barthold, C. T. Richards, William Budig, H. H. Williams, George Winscot, J. W. Bookmeyer, John Wickman, N. K. Peoples, J. Ledgway, Wm. Toogood, Lee Cotner, Simon Clark, W. J. Mulvaine, J. R. Kelly, Will Smith, Guy White, George Linderman, Frank Wooster, Chris Wohlforth, F. G. Warren, Jas. Andrews, Gus Johnson, J. W. Lindsay, L. Lahota, C. Ledgway, H. F. Williams and A. W. Dawson.

Indians Raid Union.

J. W. Lowther returned from Union on the early train this morning and had the pleasure of riding on the same train with Carrie Nation who was en route from Elmwood to Omaha. Mr. Lowther went to Union with the Red Men tribe yesterday, and was one of the band which captured Attorney Graves and threatened to do the attorney all kinds of dirt, unless he immediately returned his part of the McMurray loot. The attorney was finally released on the street and was still at large when the Indians surrounded Mayor Dahlman's auto and captured the governor and his machine. Mr. Dahlman was released on his promise to allow the Indians to return to their reservation.

Visits Brother.

Frank McElroy, the popular Main street tailor, departs Sunday for the east where he will visit his brother, whom he has not seen for almost forty years. Mr. McElroy will be absent two weeks and will visit New York city, Brooklyn and Baltimore. The latter city has been burned down and rebuilt new since Mr. McElroy left it many years ago. Mr. McElroy will bring with him on his return a full line of suitings, from which he will be able to satisfy the most fastidious customer. Miss Florence McElroy has been in Philadelphia for some time, and will meet her father before his return, and together they will visit Mr. McElroy's brother at Baltimore.

Curiosities of Nature.

A. Giese has on his show case some curiosities of nature. One is a radish which measures 18 inches in circumference and looks as large as a Manglewart. By the side of this is a cucumber inside of a pint bottle from top to bottom though not quite touching the sides of the bottle. These two wonders were grown by William Childers on the Platte bottom north of town. Mr. Childers has another cucumber which is growing in a quart bottle and if it is not disturbed will be an improvement on the shown at Mr. Giese's saloon.

Check up the Books.

From Saturday's Daily. John Albert and H. A. Schneider went to Cedar Creek yesterday and checked up the books for the elevator company for the year. Owing to fluctuations of the market, and corn not grading as expected, the company will not make as big percent on their investment last year as had been anticipated. Though there has been no loss, the gain is not as great as could have been wished. Mr. Albert and Mr. Schneider caught some fine fish which they brought back with them.

Ball Game at Union Today.

From Saturday's Daily. The line-up for the game at Union today will be Herold Catch, Petersen, pitch, McCauley, first base, Fitzgerald, second base, Larson, short stop, Droege, third base, Mann, right field, Beal, center field, Mason, left field, and FINDER, substitute. The game is to be between the Red Sox and the Peru team, and a close game is expected.

Will Lay Out the Fine.

Lizzie Oaks, who was fined fifty dollars and costs for keeping a disorderly house, and was allowed to leave town some days ago, returned last evening and was thrown in by the police. The woman arrived in the city last evening and gave the police quite a chase up north Third street before giving up to go to jail.

Secures needed Attachment.

From Saturday's Daily. Charles Shopp has just rigged a device to his sheller which will permit him to back up to the machine and take a seat and watch the machinery do the work. Any labor-saving device which will enable the farmer to conserve his energy is a good thing, is what Charlie believes.

August Schliefer.

August Schliefer, aged 85 years, 4 months and 15 days, died Wednesday, August 17. Funeral occurred from the German Lutheran church Friday at 2 o'clock, conducted by the pastor, Rev. Hartman.—Louisville Courier.

Resigns Position.

Roy Mayfield who has been employed at the local Burlington brass foundry as coremaker, resigned his position yesterday and departed for Johnson, Neb., where he will take charge of a barber shop as manager.

Ed. Ulrich of Eight Mile Grove was a Plattsmouth visitor this afternoon looking after business matters. Tomorrow being the first anniversary of the birth of his oldest son, Ed. is planning to celebrate the event in proper form. There will be six families invited to partake of the birthday dinner.

P. E. Ruffner departed today for Omaha from which point he will proceed to Falls City to look after the apple crop in that vicinity. It is said the crop is large in that section, and Ed. goes as a representative of a large firm of apple buyers. He will be gone a week on this trip.

Mrs. James Edwards and son of Glenwood visited a few hours today with Mrs. H. Bouchenour, en route to Lincoln where they will visit relatives for a few days.
