M. E. SUNDAY SCHOOL PICNIC

Enjoy An Outing in the Cool, Shady Grove of Mr. Despain, in South Park.

The Methodist Sunday school yesterday held one of the most successful picnics ever given by a similar organization in this part of the county. The school members, more than a hundred strong, met at the church about 9 o'clock and marched to the cool, shady grove of Mr. Despain in South Park. Mr. Kirby furnished a team, wagon and hay rack, on which were conveyed some of the younger members of the school as well as the lunch baskets to the picnic ground. The grounds were picturesque coolness, the ground being covered with a carpet of the greenest grass imaginable. There was a large barrel of ice water which was kept full to overflowing, and every member of the school was on the water wagon, so to speak. Swings were provided and every girl on the ground had a swing. Two ball teams were organized and a game between the larger teams and a game between the smaller boys were both hotly contested, and it is safe to say that this school has some fine athletes among their number. One of the impromptu amusements was that of skipping the rope, a rope about forty feet in length was swung by some of the larger boys, while the maidens skipped it to their hearts' content. The lunches, provided by the fond parents were delicate and appetizing and the ladies prepared the picnic dinner by spreading table cloths on the grass for a distance of forty feet and the dinner was placed on this. When all was ready, the picnickers stood with bared heads while Rev. Austin asked a blessing. It needed no invitation to the membership to fall to, and not a thing was left but the white linen tablecloths. As a surprise to the little folks, five large water melons were brought forth at the end of the repast and carved and each member of the company enjoyed a share of the melon. It did the superintendent's heart good to see the hearty manner in which the school ate the melon. We forgot to state that Father Wynn was marshal of the day, ably assisted by Rev. Austin and Superintendent Wescott. At the close of the day of jollity, Mr. Kirby drove in with a large number of the festive picnickers on his hay-rack. And the music made by the happy band of children could be heard for several blocks.

Has Accepted Nomination.
C. E. Metzger of Cedar Creek was in the city today looking after business matters and incidentally called at the county clerk's office and told the boys that he would accept the nomination for representative. Previous to the primary, Mr. Metzger was not a candidate, but since his friends, many of them, went to the

C. E. METZGER, Cedar Creek

polls and voted for him, he does not feel justified in declining. He is a model young man, born and reared on the farm, a graduate from the Plattsmouth high school, and well known, not only to all the old citizens, but younger ones included. He is in the race to win, and expects to make an active canvas of the county. We shall have more to say regarding Mr. Metzger's candidacy, and cherish the hope that all who have the interests of Cass county at heart, will remember him on election day; give him a boost, for a position he is so admirably well fitted to fill.

New City Clerk.

At the meeting of the city council last night, the appointment of B. G. Wurl as city clerk, vice W. B. Elster resigned, was confirmed. This appointment by the mayor has been pending for some time. Mr. Wurl is one of our best young business men, popular with the people of the city at large and is well qualified to perform the duties of the office with credit to himself and his friends. While the Journal had no favorite among those mentioned for the appointment, we extend congratulations to Mr. Wurl, knowing full well that he will prove the "right man in the right place."

Emil Walters arrived from Omaha on the morning train today where he has been on business for a time.

FROM A FORMER CASS COUNTY MAN

Oklahoma, Booming, Plenty of Rain, and Crops Doing Well.

We are in receipt of a letter from John Murray formerly of this city but now a resident of Alva, Okla., in which he encloses the amount to pay his subscription to our daily for another year. Please accept our thanks. In his letter Mr. Murray states that they are having lots of rain in his locality now, so much that it has been so wet that he has been able to work but three and one half days in two weeks. He also states that they will have lots of peaches, and the apple orchards, that are old enough to bear are full. Wheat is good, his wheat yielding 25 1/4 bushels to the acre, had 40 acres of wheat that made 40 bushels to the acre and 115 acres that will average 30 1/2 bushels to the acre. This was raised on one of G. W. Young's farms. Mr. Murray also says that he is sending us some samples of his peaches by express, today (Monday) which, he says, will reach us about the same time as this letter, but up to this time we have not received them. He says the peaches are not near as nice as they would have been if they had had some rain six or seven weeks ago. Mr. Murray is a former resident of this city and county and he and his estimable family are quite well known throughout this locality and their many friends here will be pleased to learn of their success in their Oklahoma home.

Struck a Rich Mine.

S. W. Bends of Coal City, Ala., says he struck a perfect mine of health in Dr. King's New Life Pills for they cured him of Liver and Kidney trouble after 12 years of suffering. They are the best pills on earth for Constipation, Malaria, Headache, Dyspepsia, Debility. 25c. at F. G. Fricke & Co.

Married at Omaha.

Miss Alice Kerr of this city and Mr. Roy E. Andrews of Appleton, Wis., were united in marriage at the noon hour yesterday at Trinity Cathedral at Omaha, Dean Beecher performing the ceremony. Miss Clara Bookmeyer of this city and Mr. Harvey Wing of Omaha were the witnesses. Mr. and Mrs. Andrews departed on the eight o'clock train last evening over the Northwestern railroad for Lake Independence, Minn., where they will spend a few days. Miss Kerr is the daughter of Mrs. Sarah E. Kerr of this city, was born and grew to womanhood in this city, and has a circle of friends here whose best wishes will ever attend her. For a number of years she has been employed at the institution for the feeble minded which is located at Glenwood, Ia., as a teacher in the girls' industrial school which is connected with the institution. Mr. Andrews, although not so well known in this city, has visited in this city a number of times and made friends with those whom he has met. He is employed at the Glenwood institution as florist. Mr. and Mrs. Andrews will reside in Glenwood, Ia., this winter.

Stagers Skeptic.

That a clean, nice, fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, stagers skeptics. But great cures prove its a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, corns and sprains. Try it. 25c at F. G. Fricke & Co.

Takes New Job.

Joe Thompson who has been the local man for the Adams Express company for a number of years, resigned his position yesterday and will be succeeded by his son, Roy, who will be on the spot every business hour of the day to take care of the business. Mr. Thompson has accepted a position for the same company as messenger, and will have his run between Lincoln and Pacific Junction, going east on No. 92 at 1:12 and west on No. 23 at 1:58, the run will be a daylight run and with good salary for the messenger. Mr. Thompson has had his application in for some time for a position of this character, and the first opportunity presented itself yesterday, when the company sent its agent from Lincoln to get Mr. Thompson to take the place. Mr. Thompson is a careful and accommodating man of business, and the company will find that it has made no mistake in promoting Mr. Thompson.

Chamberlain's Cough Remedy never disappoints those who use it for obstinate coughs, colds and irritations of the throat and lungs. It stands unrivalled as a remedy for all throat and lung diseases. Sold by all dealers.

It Pays to Watch this Space!

People have made good money the past few weeks by keeping their eye on this ad. and you can make good money from now on by watching this space. You will find this ad changed twice every week and each time we will offer something extraordinary in the way of a bargain in order to keep still more of this good Plattsmouth money at home. In a big store like this devoted exclusively to men's and boy's clothing and furnishings we are continually making short lines which we are willing to close out at a sacrifice in order to keep the stock clean and continually fresh. These we will offer you each week henceforth at mere nominal prices if you answer our ads.

THIS TIME—We have 14 pairs of men's dress pants—light weight patterns—a final close out at \$1.10 if you bring this ad. Also a few small sizes in underwear for 10c, and a few men's vests at 25c.

C. E. Wescott's Sons

THE HOME OF SATISFACTION

WILL HAVE PLENTY CORN TO SELL

Railroad Managers Estimate Yield Better Each Day, If Frost Doesn't Prevent.

Managers of two of the great railroads traversing Nebraska are getting figures on the prospective corn crop since grain men estimated ten days ago that there would not be over 120,000,000 bushels this year and none to ship out of the state. The railway men believe they see not only all the corn in prospect that the state will use, but also a substantial share to sell to the east and south.

General Manager Frank Walters of the Northwestern says: "A careful estimate based upon reports of superintendents and agents is to the effect that the production of corn—barring early frosts—will equal if not exceed that of last year along this company's lines. In Nebraska our reports indicate that this may not apply to the entire state, for there are places where early corn was seriously damaged by drouth and also quite a percentage of late corn by reason of lack of moisture, has not eared out properly and some is entirely barren.

"We estimate the production of corn in Nebraska this year—early frosts not preventing—at from 150,000,000 to 160,000,000 bushels."

Both the freight and the passenger managers of the Burlington estimate that Nebraska is likely to reach fully 200,000,000 bushels of corn. "No man can tell," says General Passenger Agent Walkeley, "what the yield will be; every day adds to it; at best it may exceed 200,000,000 bushels."

Chamberlain's Cough Remedy isn't a common, every day cough mixture. It is a meritorious remedy for all the troublesome and dangerous complications resulting from cold in the head, throat, chest or lungs. Sold by all dealers.

Mrs. Henry Kaufman of Plattsmouth precinct was a visitor in this city Saturday and made this office a very pleasant call, leaving the price of another year's subscription for this paper.

Mrs. Goodwin Injured.

Mrs. E. E. Goodwin who resides with her son, Bob Propst, at Mynard, met with an accident Monday evening about six o'clock which came near costing her her life. Mrs. Goodwin went to the barnyard to unloosen a six months old calf which was tied to a post. In its anxiety to get free of the halter the calf pulled the post out and knocked Mrs. Goodwin over and dragged her for a little distance. Mr. Propst was not at home. Mont Rob heard Mrs. Goodwin's cries for help and went to her assistance and aided in getting the injured lady to the house. Dr. Livingston was summoned, and hastened to the Propst home, and found no bones broken but the aged lady was badly bruised. Mrs. Goodwin is almost eighty years of age, and it is fortunate that she escaped without serious injury. She is doing nicely but has not been able to eat anything since the accident.

Will Reside in Canada.

T. U. Shepherdson and wife of the vicinity of Nehawka, were visitors in this city a short time Monday, returning to their home at noon via Omaha. They called at this office and pushed their subscription to the old reliable ahead another year and ordered it sent to Innisfall, Alberta, Canada, about the first of September. Mr. and Mrs. Shepherdson are among the most highly respected and estimable people of this county, and we sincerely regret to learn of their departure from our midst, but our loss is some one's else gain and we wish them all the happiness and prosperity possible in their new home.

Ball Game at Tabor.

Plattsmouth won the ball game at the Tabor tournament yesterday, the score being 17 for the Red Sox and 6 for the Randolph team, against which our boys played. The Plattsmouth team made four errors in the second inning, and at the end of the inning the score stood four to two against the Red Sox. But in the third inning Manager Brantner got his team together and began to run in the scores, coming out with flying colors. The message received in the city did not state what team Plattsmouth will play today.

Miss Hattie Fight who has been visiting friends at South Bend for a week, returned to Plattsmouth this morning.

THE TRUE TEST

Tried in Plattsmouth, It Has Stood the Test.

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Plattsmouth. Kidney sufferers can hardly ask for stronger proof than the following:

J. B. Patridge, Eighth street, Plattsmouth, Neb., says: "I suffered almost constantly from pains across my loins and kidneys and on several occasions I was so badly crippled that I could only get about with the aid of two canes. The use of the first box of Doan's Kidney Pills, procured from Gering & Co.'s drug store, helped me so greatly that I continued taking the remedy until I was entirely relieved. It would be impossible for me to speak too highly of Doan's Kidney Pills."

The above statement was given in June, 1906, and on December 29, 1908, Mr. Patridge said: "I still recommend Doan's Kidney Pills highly. I willingly confirm the public statement I gave over two years ago in their favor."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Ice Cream Social at Park.

The ice cream social which was held at the city park last evening by the Loyal Daughters, a young ladies class of the Christian church Sunday school, was very largely attended and thoroughly enjoyed by those present. Efforts had been made to secure some music to be contributed by one of the local bands but the efforts were all in vain and unsuccessful. The evening was a most delightful one and ice cream and delicious cakes were served from small tables located at various points in the park. A neat sum was realized.

Oaks Woman Released.

Lizzie Oaks who was thrown in by the police in default of payment of her fine of fifty dollars was released on authority of the city officers Monday evening. The condition attached to her discharge was that she should again leave the city and stay away. She took the train for the east and has not again been seen.

Throw Away the Grindstone—It's Slow! Use a Luther Grinder—
Saves Time

Luther's FARM Special

is one of those indispensable farm tools. To the farmer who is discriminating, and looks at quality instead of price, who wants the BEST whether he buys machinery, clothing, shoes or food stuff. To such a one, LUTHER'S FARM SPECIAL will strongly appeal. Up to the time we put out this great labor saving tool he had to be content with the old, slow-cutting grindstone or unsatisfactory emery grinder, but now he can have the service of the most perfect farm tool sharpening device ever invented. There is not a tool used about the farm that is superior to our FARM SPECIAL GRINDER as a labor saver. It sharpens everything in one-twentieth the time it would take on the grindstone. The grindstone cuts so slow that you would prefer to work with a dull tool rather than endure the backache and HARD WORK of keeping tools sharp on it.

IT IS EASY to sharpen tool on the Farm Special. Your ten-year-old boy will tell you it is fun to sharpen everything on this FARM SPECIAL GRINDER.

JOHN BAUER,

HARDWARE! HEATING! PLUMBING!
