

COURT ASKED TO INTERFERE WITH YOUTH

From Saturday's Daily.

Some boys are meaner than they ought to be, and such is the case with a few in the vicinity of Happy Hollow. A ten year old boy of Mrs. Mabey was before Judge Archer on complaint of the neighbors this morning for throwing stones at Mat Luke and also for breaking windows out of some of the houses in the vicinity. Judge Archer views the law governing children under fourteen years of age in the light he has as giving jurisdiction in such cases only to courts of record. And preferably to the district court, but in case of the absence of the district judge from the county, then the county judge may act. The law prohibits children of the age of this boy only to be restrained at the reformatory, and not placed in any jail or prison. The law is a new one, having been passed two years ago. And is along the line of the new method with dealing with delinquent youth, advocated by Dr. Winship at the recent teacher's county institute. Judge Archer sent the complaints to the county attorney to have the matter brought before the proper court.

Participate in Picnic Supper.

Mrs. D. C. Morgan very pleasantly entertained the members of her Sunday school class of the Presbyterian church at a picnic yesterday afternoon which was held at the city park. A number of mothers of the children were in attendance and assisted Mrs. Morgan in making the afternoon a delightful one for the children. At a welcome hour they participated in a delicious picnic supper which had been spread on the green and which was served in regular picnic style. A fine time is the report. Two members of the class could not be present. Those in attendance were: Edna Warren, Edith Grassman, Elva Hartford, Alice Weyrich, Blanche and Adella Sayles, Abbie Brown, Mary Rosencrans.

Do You Believe in Home Industry?

To the business man, the working man, the property holders and all who are generally interested in the city of Plattsmouth: Do you believe in home industry, patronizing and purchasing goods and products that are grown and made in the county of Cass and the city of Plattsmouth? Do you know that there is only one ice-cream manufacturing establishment in operation in the city of Plattsmouth today, and only three firms—Gering & Co., Weyrich & Hadraba and John Schiappacasse—that are handling home-made ice cream in the city today? You all preach buy at home, and thereby enhance the value of the working man and your property by increasing the volume of yearly business done in the city; also, thereby creating a better and higher market for the farmer's products. Here is where I would like to say to all, why not practice what you preach and buy only home-made goods? I am operating the only manufacturing ice cream establishment in the city, and the two firms above mentioned in addition to myself, are all that is handling home-made ice cream. If you believe in home industry, govern yourselves accordingly. My goods are guaranteed first-class in every particular.

JOHN SCHIAPPACASSE.

Program for Temple Meeting.

The W. C. T. U., will hold their temple meeting at the residence of Rev. Austin, Monday, September 5th at which time the following program will be rendered:

Opening Exercises... Rev. Austin
Instrumental Solo...
...Miss Emma Cummins
The Temperance Temple...
...Mrs. George Dodge
Vocal Solo... Miss Lillian Thompson
Convention Report, Mrs. Vandercook
Vocal Solo... Mrs. Howler
Reading—"The Hunter's Child"
...Miss Marie Robertson
Instrumental Solo, Miss Mina Thierolf
Vocal Solo... Mr. L. A. Moore
Reading—"A Daughters' Sacrifice"
...Miss Mildred Cummins
Vocal Solo... Mrs. Harry S. Austin.
A Word from the Temple...
...Mrs. L. A. Moore
Vocal Duet, Mr. and Mrs. Ernest Tuoy
Refreshments.

Kitte Cummins, teacher of piano and harmony, Ellis illustrated music course and Burrouwes kindergarten. Fall term begins September 5, 1910.

Mrs. Rodey was a passenger to Omaha today for a two days visit with friends.

NATIONAL DEBT IS UP A NOTCH

Complete Turnover of Four Millions From Month of July.

TOTAL RECEIPTS INCREASED.

Excess of National Bank Deposits Over Redemption Cause of Increase. Treasury on Even Keel in General. Western Bankers Have Situation Well in Hand for Crop Movement.

Washington, Sept. 3.—With an increase of \$3,273,325 in the public debt and a total deficit of \$17,371,463.08, the United States treasury closed the second month of the fiscal year, keeping on an even keel, all circumstances considered, with a working balance of \$30,826,957.23 on hand and the general fund down to \$89,523,207.59.

The increase in the public debt, which is a complete turnover of \$1,000,000 in round numbers from the month of July, is due largely to an excess of national bank deposits over redemptions. The general rule of excess of expenditures over receipts during July and August is also a contributor.

Total receipts in the month of August were \$54,959,253.54, roughly \$5,000,000 more than for the same month last year. This brings the receipts for the year over the \$113,000,000 mark and \$5,000,000 better than those of the preceding year.

With a drain of about \$2,500,000 a month for the Panama canal, the ordinary disbursements for August totalled \$58,538,787.74, running a shade ahead of the same month last year, \$19,000,000 under last month and making \$126,350,496.90 for the present year, some \$4,000,000 better than the record for the same time a year ago. The Panama canal expenditures for this year are brought up to \$6,978,355.50.

For the month alone the government was around \$4,000,000 behind on the ordinary receipts. Customs receipts jumped up \$1,000,000 and about \$83,000 came in from the corporation tax. Internal revenue netted \$1,000,000 less than last month. The government goes into the third month of the year with a grand total of \$1,748,676,814.83 cash in the treasury.

The deposits of bonds and money which have been made to secure the increases are about even. Twelve new banks, with a capital of \$3,105,000, were authorized to begin business during the month, and there are now in existence 7,184 national banks, with a combined capital of more than a billion dollars.

Reports of the week from national bank examiners in the middle west, where some apprehension had been felt, indicate a condition which is satisfactory, and treasury officials believe the bankers there have the situation well in hand for the crop movement. No extraordinary demands upon the eastern financial market are likely. Loans are being made carefully, rates of interest have been raised to check the borrowing for luxuries and high living and the financial centers of the middle west and the far west appear to be well equipped to meet the demands that are sure to grow in the next few weeks.

MORE HOMESTEAD LAND

Half Million Acres in Arizona and New Mexico Ready for Settlement.

Washington, Sept. 3.—Approximately 679,555 acres of land in Arizona and New Mexico, eliminated from the national forests by President Taft as being chiefly valuable for agricultural purposes, have been opened to settlement under the homestead laws by authority of the secretary of the interior. The lands will become subject to settlement Nov. 22, but not to entry until Dec. 21. The list follows:

From the Coconino national forest, Arizona, about 283,344 acres lying along the eastern and northern borders of the forest in Coconino county, about 38,390 acres eliminated from the Coronado national forest, Arizona, lying in Pinal, Pima and Cochise counties, Arizona, and about 51,057 acres in Grant county, New Mexico.

MISERY IN WAKE OF STRIKE

Eleven Hundred Cases of Eviction on Docket in New York Court.

New York, Sept. 3.—One thousand and one hundred cases of eviction were on the docket of the Second district municipal court. Illness, hunger, misery and sickness walk the east side because of the clockmakers' strike, which still persists despite its functions and attempts at arbitration.

It is estimated that 5,000 women and children are homeless because of the day's proceedings alone. Thousands of other cases are in course of preparation.

The cases rattled on monotonously, each like the one that went before. A family owed rent. The landlord had carried them a week, a fortnight, often a month. He wanted his rooms or his rent. The magistrate gave all the unfortunate from two days to a week of grace, but it was only a makeshift, for they have no money and no expectations of money.

Occasionally, when there was sickness in a family, counsel for the strikers' union stepped in and guaranteed the rent. Such cases were rare, for the union treasury is heavily taxed

COUPLE WED IN CORN FELD

Waving Stalks and Blue Sky Decorations at Marriage of Iowa Pair.

Fort Dodge, Ia., Sept. 3.—A perfect September morning and a corn field were the environments for the marriage of Florence Mossmaster and Ralph Taylor of Webster county, which was performed by the Rev. Mr. Northrup of the Congregational church at Somers.

George Allard and Elizabeth Wilson were the attendants, and waving corn stalks and blue sky were the decorations.

The bridegroom, a Webster county farmer, unthinkingly procured the marriage license at Fort Dodge, only to discover that the home of the bride was in Calhoun county. The difficulty was overcome by crossing the county line and holding the ceremony in the open air.

Leaves \$2,000,000 to Ex-Wife.

Davenport, Ia., Sept. 3.—Mrs. Frank Preney, wife of a laborer in a Davenport factory, has received advices from attorneys in New York to the effect her former husband, William Leighton, from whom she was divorced six years ago, died recently in London, leaving her his entire fortune of about \$2,000,000, which he inherited only a short time ago.

Tires of Life at Fourteen; Suicide.

Clinton, Ia., Sept. 3.—Vera Fogg, aged fourteen, committed suicide at her home near Grand Mound after leaving a note saying she was tired of living. The suicide was the second within two days in the neighborhood, both being girls under fifteen years of age.

SIoux CITY KICKS ON BEAN RATE

Claim Put Up to Commission Against Railroads.

Washington, Sept. 3.—The traffic bureau of the Sioux City Commercial club filed a complaint against the Chicago and Northwestern, Southern Pacific and Union Pacific Railway companies, alleging that the rate established by the different railroad companies of 85 cents per 100 pounds on lima beans shipped from California to Sioux City in carload lots is unjust, unreasonable and excessive. The shipment upon which complaint is based was a carload of lima beans shipped by B. Holst & Co. of Oxnard, Cal., to Tolerton & Warfield company, Sioux City, on which 85 cents per 100 pounds was charged and collected, when a just and reasonable rate, as alleged, should have been 75 cents.

SHERMAN VISITS EL RENO

Vice President and Ex-Congressman Watson Greeted by Great Crowds.

El Reno, Okla., Sept. 3.—El Reno's welcome to Vice President Sherman began at Enid, when a delegation of citizens of El Reno arrived on an early train and greeted Mr. Sherman's party in the vice president's private car. The longest between-towns' speech yet made during the trip was delivered in Kingfisher from the car platform. There was a large crowd at the depot, but the vice president, wishing to save his voice as much as possible, did not talk at length, but shook hands with several hundred men and women. Factory whistles sounded a welcome as the train drew into the city.

Another large crowd greeted Mr. Sherman on his arrival in El Reno. He was escorted to the Southern hotel, where a reception was held and later the vice president's party was taken for an automobile ride over the city. A meeting was held at the El Reno opera house, where both Mr. Sherman and James E. Watson of Indiana spoke.

URGED TO RATIFY TREATY

Interparliamentary Union Asks for Prompt Action on Prize Court.

Brussels, Sept. 3.—The interparliamentary union for the promotion of international arbitration, whose conference closed here, avoided direct action on Secretary Knox's proposition to confer the powers of a court of arbitral justice on the international prize court because the convention creating the latter on Oct. 18, 1907, has not yet been ratified.

Instead, the conference unanimously adopted a resolution which, while "rendering homage to the sentiments which inspired the American proposition," simply urged the powers to ratify promptly the treaty, "independently of any question concerning the organization of a permanent court of arbitral justice."

The resolution introduced by Congressman Richard Bartholdt of Missouri, chairman of the American delegation, instructing each national delegation to urge its respective parliament to pass resolutions in favor of The Hague conference in 1915 was adopted.

St. Louis Banker Under Arrest.

Rochester, N. Y., Sept. 3.—As the result of disobeying a supreme court order to appear as a witness in the United States Independent Telephone case now on trial before Justice Benton, Breckenridge Jones, president of the Mississippi Valley Trust company of St. Louis, arrested at Cazenovia, was brought to Rochester in the custody of a deputy sheriff.

SHORT AND UGLY WORD IS USED

Rock Island Lawyer Calls Attorney for Shippers a Liar.

TOTALS OMITTED FROM TABLE

Railroad Representative Resents Insinuation That They Were Intentionally Left Out and a Stormy Scene Occurs—Attorney for Live Stock Shippers Asks Questions.

Chicago, Sept. 3.—The tense strain of the railway rate hearing developed disorder, in the midst of which Attorney E. B. Pierce of the Rock Island called Attorney F. B. James, representing Cincinnati shippers, a liar. Mr. Pierce added that if Mr. James was not satisfied the matter could be continued "outside."

Comptroller Nay of the Rock Island was on the witness stand undergoing cross-examination by Attorney James. The latter declared that in one of the tables introduced by Mr. Nay the total freight operating expenses had been left out, while both sets of figures appeared in a similar table.

"Why were those figures left out?" demanded Mr. James.

Witness answered that the omission was undoubtedly accidental.

Mr. James expressed a contrary opinion, averring that he suspected an ulterior motive.

Mr. Pierce at this point jumped to his feet and shouted:

"If that is your opinion you are a liar."

"That won't do at all, gentlemen," interposed Examiner Brown, with many raps of his gavel. Above the din Mr. Pierce continued:

"We will not stand such insinuations. We are here fairly and squarely, and if the attorney is not satisfied I will meet him outside."

At this there were hisses from the shippers and handclapping from the railroad contingent, during which the gavel sounded unavailingly.

African in Woodpile.

The storm spent itself without reference to the gavel and Mr. Nay resumed. The earnings of the Rock Island proper were greater on an average than those of the whole system, he stated. The subsidiary lines reduced the average, he said. Attorney Thorne then read from a report of the road to the interstate commerce commission. He said that the report "contradicted" the witness, that the earnings of the system averaged more than those of the railroad proper.

"The difference may be accounted for," explained the witness "by the fact that my tables and those which you have are prepared by different methods."

Mr. Thorne demanded the formula by which earnings are arrived at, and was interrupted by Examiner Brown, who said:

"The witness has explained that his statistics were based on a different method of bookkeeping. Do you think there is a 'nigger in the woodpile'?"

"I do," was the prompt reply.

"Then go after it," replied the examiner.

Questions by Live Stock Man.

Attorney Clifford Thorne, representing the American National Live Stock association at the interstate commerce commission rate hearing, insisted that officers of the Chicago, Rock Island and Pacific Railroad company be subpoenaed to testify concerning the capitalization of the company.

The demand came after Comptroller Nay, under cross-examination, had said that the stock of the Chicago, Rock Island and Pacific Railway company was largely, if not entirely, held by the Chicago, Rock Island and Pacific Railroad company.

A heated discussion followed as to the relevancy of the desired testimony. Attorney E. D. Pierce of the railway company insisted that the capitalization of the railroad company was not germane to the hearing. Mr. Pierce said that the capital stock of the railroad company was \$145,000,000 and that it was a matter of common knowledge that it owned the greater part of the stock of the railroad company.

Contention of Railroad.

"It does not matter," he said, "what the railroad company is capitalized at. We, the Chicago, Rock Island and Pacific Railway company, are not asking for increased rates in connection with any company except the Chicago, Rock Island and Pacific Railway company, and we do not know, nor are we concerned with the capitalization of the Chicago, Rock Island and Pacific Railroad company."

The controversy concluded with the statement that the shippers could subpoena officers of the railroad company and question them concerning the density of traffic on different sections of the Rock Island line.

Barnes Says Hysteria Runs Riot.

New York, Sept. 3.—William Barnes, Jr., Republican state committeeman, issued a statement in which he declares that "hysteria has run riot throughout this country." The character of the recent addresses of Theodore Roosevelt in the west, Mr. Barnes says, "has startled all thoughtful men and impressed them with the rightful danger which lies in his political ascendancy."

NEBRASKA PIONEER PRIEST DIES AT ATCHISON, KANSAS

The Nebraska City Daily Press of Friday morning contains the following account of the death of a well known Nebraska pioneer priest:

"Word was received in the city yesterday of the death of Father Emmanuel Hartig, for fifty years or more pastor of St. Benedict's Catholic church in Nebraska City.

"About three years ago, Father Emmanuel, as he was called, went to Atchison to enter St. Benedict's monastery and his death occurred at that institution. During the past year or so of his pastorate he was quite feeble and his leaving here was much against his will.

"He was the first Catholic priest in Nebraska, according to the records at hand, and in an early day rode horseback all over the southern part of Nebraska attending to his duties. He had made narrow escapes from serious injury and death by hostile Indians, but always managed to escape from them. For forty years he was pastor of the church on Kearney hill in this city and officiated at the births and deaths of hundreds of Nebraska City people. He was much beloved by the people who constituted his old parish and they will sincerely mourn his death."

Father Hartig was well known to many of the old-timers of Plattsmouth, where he has held services on numerous occasions, and where he had many friends and was loved by them all.

Miss Blanche Robertson departed for South Omaha today where she begins her school work next Tuesday in the public schools. She was accompanied to Omaha by her sister, Miss Jessie.

EAGLE. (Beacon.)

Rev. Cornish of University Place, a schoolmate of Miss Ada Davis is visiting at the Davis home this week.

School will not commence Monday as was intended but will start on September 12th, one week later on account of the fair.

Jess Ruby left yesterday for Colorado to see A. C. Ruby who is very sick. It is expected that he will be operated on for tumors of the stomach.

Dr. Dihel departed Monday for New Mexico, where he will homestead a quarter section of land. Owing to the delayed train service he drove to Lincoln.

Henry Snook is walking around on a peg leg on account of a broken toe. A horse stepped on his foot a couple of weeks ago but he did not know it was broken until a few days ago.

Mrs. Mayme Hudson was down from Lincoln the first of the week packing up her household goods and shipping them to Lincoln where she will make her future home.

Mr. and Mrs. Henry Rugha were in Eagle this week packing up their household goods and getting them ready to move to their home near Weeping Water. Prof. Mann and wife will move into the house vacated by them.

Frank Clements came in from Edgar last Friday for a visit with old friends. Frank has worked off some of the surplus weight but he is looking as though farm life agreed with him. He returned to Edgar yesterday.

Mr. and Mrs. William Baird and son went to Lincoln on the morning train today to spend the day. Mr. Baird to the opening of the Havelock shop and Mrs. Baird to visit relatives.
