Return Home.

Mrs. W. J. Crosser of Wausa, Neb., who has been visiting with friends and relatives in and near Murray for the past two weeks, was in Plattsmouth this morning en route to her home. She was accompanied by Miss Etta Nickles as far as Omaha. Mr. and Mrs. Crosser resided near Murray for many years before moving to Wausa, and, of course, have many friends who are always glad to see them. Mrs. Crosser called at this office and renewed for the Journal. She says that the crops in their country are far ahead of Cass county this year.

H. R. Neitzel, wife and children arrived Sunday to visit Mrs. Neitzel's parents, F. R. Guthmann and wife for a short time. Mr. and Mrs. Neitzel went to Omaha this morning to spend the day.

ELMWOOD. (Leader-Echo.)

J. P. Cobb left Tuesday for a few days visit at his ranch at Buffalo Gap, S. D.

Miss Frances Langhorst of Berlin is numbered among the out of town students attending the Elmwood school.

Will Cook and family and Mrs. A. H. Weichel and daughter, Pearl, attended the Davis-Cook wedding at Weeping Water Wednesday evening. Prospects for a good crop of corn in this locality are very encouraging. Should warm weather continue for a short time there will be nothing further to fear.

M. R. Beck and wife and Mrs. Margaret Corbett visited with Harmond Beck and family near Murray Sunday. They were driven over in a large auto by O. M. Ward.

A party of Greenwood autoists were in town yesterday advertising their street carnival which is soon to take place. The party consisted of some of the most prominent and influential men of Salt creek town.

William McCaig of Ponca City, Okla., is enjoying a visit with his Elmwood relatives and many old friends. Mr. McCaig was a resident of this community in the early seventies, being a brother of the late Captain David McCaig.

Captain Aldrich has been appointed by the governor as a delegate to the Farmers National congress which convenes in Lincoln October 6 to 11, inclusive. This will be a most interesting and beneficial gathering and it is very essential that the state be well represented.

Frank Set 'Em Up.

Crede Harris drove up from his home this morning in a buggy pulled by his old family nag and while en route he passed by Frank Moore in an auto, and manned by Oscar McDonald, of Murdock, who had been down to Murray to visit his mother. In passing Creed, Frank yelled "I'll tell 'em you're coming!" After getting a few miles nearer town the auto got out of gear and stopped, and Creed passed them. When Mr. Moore saluted Mr. Harris with, "Just tell them we're coming!" But Creed had to hurry, and drove a little livelier than he would otherwise, when away in the distance, he saw the auto coming. Frank thought it was a good joke on him, and he set up when he got here.

Sends Fish to Verdon.

W. J. O'Brien of Gretna was in the city this morning with a shipment of fish which were brought from the fisheries and transferred from the Burlington here to the M. P., to be shipped to Verdon in Richardson county, to stock a public lake there. The shipment was made on the request of Hon. Henry Gerdes, member of the legislature many times from Richardson county. Mr. Gerdes appreciates the benefit the fisheries is to the state, and takes a lively interest in the South Bend plant.

J. A. Walker and wife of Murray drove up to the city this morning to spend the day and transact some business here. Our old friend, Mr. Walker, did not forget to drop in at the Journal office to shake us by the hand. Come again, Mr. Walker, you are always welcome.

MRS. EDWARD MASTON RETURNS FROM PANAMA

Mrs. Edward Maston of the Isthmus of Panama arrived from Missouri, Mountain, this afternoon and will be the guest of her parents, Mr. and Mrs. Homer McKay, for a few days. Mrs. Maston has been in Massoula looking after some real estate and has been absent from the isthmus for almost a year, and she is quite anxious to get back to the tropics again. Mr. McKay received a letter from his son-in-law, Mr. Maston, only last week in which he mentioned having been back in the mountains where the blackberries and strawberries were now ripening in profusion. Mr. Maston is about 600 miles north of the equator, and is much in love with the climate there. He thinks he will never want to leave it when the work on the canal is finished which he estimates will be done in 1912. Mr. Maston is keeping books for one of the departments there and is in position to form a good opinion of the length of time required to finish the canal.

Provisions along the line of work are rather high, 75 cents is the price asked for a spring chicken. But back in the country further from the market, everything is reasonable.

A Man of Iron Nerve.

Indomitable will and tremendous energy are never found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills, the matchless regulators, for keen brain and strong body. 25c. at F. G. Fricke & Co.

FOR BALD HEADS

A Treatment That Costs Nothing if it Fails.

We want you to try three large bottles of Rexall "93" Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy, and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done for thousands of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Two sizes, 50c. and \$1.00. Remember you can obtain Rexall Remedies in this community at our store—The Remall Store, F. G. Fricke & Co., Union block.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the croup cough appears, will prevent the attack. Sold by all dealers.

W. H. Puls, Democratic candidate for the legislature is a young farmer reared in Cass county. After receiving a common school education, he attended the Western Normal school at Lincoln, and as to ability in all the rudiments to make a representative of which his constituents might be proud, he will compare more than favorably with his Republican opponents. He is a young German farmer, his parents coming direct from Germany to Cass county in 1874, where Billy was born in 1876. His father has proved one of the most successful farmers in the county, and he has been a hustling, energetic citizen ever since he landed in Cass county. Billy is a follower in the footsteps of his father, and is a self-made young farmer who has worked hard for what he has. He is a citizen who has the true interests of the people of his county at heart, and should have the support of every voter for representative who desires the county represented by one who is worthy of their support.

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea remedy it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by all dealers.

The Shape-Maker

is a new model in suits; for young men particularly. The trousers keep in place without suspenders, or even without a belt. The wearer has to stand and walk erect; it helps develop the figure; it's a shape-maker.

Hart, Schaffner & Marx have designed this new model; it's the best thing done in clothes making for fifty years.

We want you to see it; you want the sort of figure it gives a man. Men of any age can wear it.
