

Throw Away the Grindstone—It's Slow! Use a Luther Grinder—
Saves Time

Luther's FARM Special

is one of those indispensable farm tools. To the farmer who is discriminating, and looks at quality instead of price, who wants the BEST whether he buys machinery, clothing, shoes or food stuff. To such a one, LUTHER'S FARM SPECIAL will strongly appeal. Up to the time we put out this great labor saving tool he had to be content with the old, slow-cutting grindstone or unsatisfactory emery grinder, but now he can have the service of the most perfect farm tool sharpening device ever invented. There is not a tool used about the farm that is superior to our FARM SPECIAL GRINDER as a labor saver. It sharpens everything in one-twentieth the time it would take on the grindstone. The grindstone cuts so slow that you would prefer to work with a dull tool rather than endure the backache and HARD WORK of keeping tools sharp on it.

IT IS EASY to sharpen tool on the Farm Special. Your ten-year-old boy will tell you it is fun to sharpen everything on this FARM SPECIAL GRINDER.

JOHN BAUER,

HARDWARE!

HEATING!

PLUMBING!

CITY COUNCIL MEETS AND APPROVES BOND OF M. FORD FOR NEW PAVING

Firm of McMaken & Son of This Gets Sub-Contract for Curbing and the Matter Will Soon Be Under Way.

From Wednesday's Daily.

At a special meeting of the city council last night, the bond of M. Ford and the contract was approved by the council. All of the councilmen were present except Mr. Will of the third ward.

M. Ford was represented at the meeting by C. F. Harkness and the bond of the contractor for \$16,000 executed by Rolly E. Jackson with the power of attorney attached authorizing Mr. Jackson to execute the bond. The surety on the bond is the "Bankers Surety company" of Cleveland, Ohio. The bond is conditioned for the faithful performance of the contract and the furnishing of all labor and material.

The contract specifies that the brick pavement shall be laid on a sub base of cement and sand. The cement base is to be four inches in thickness, over this will be two inches of sand for a cushion on which the brick will be laid. The brick paving in on Sixth street is laid on a sub base of brick lying flat and covered with sand, but the cement base is much better and gives better serv-

ice and will out wear the brick sub base.

The curb will be put in by McMaken & Son who have the sub contract for this part of the work. The curb will be of cement and are to be twenty inches deep and four inches wide. There are 4657 feet of curb, and the work on the curb will be commenced right away.

The cement curb will be run into the forms on either side of the street and the whole of this work will probably occupy a week. As soon as the curbs are in M. Ford will be on hand with a force of men and teams to grade the dirt from the streets preparatory to putting down the sub base for the sand and brick. Four cars of cement for the sub base have already arrived and are being unloaded at the Burlington yards. The hauling is all done by McMaken & Son. The M. Ford people are ready to put their force in as soon as the curbing is in. And if the good weather prevails for a short time the good citizens of Plattsmouth will soon have the satisfaction of walking on the new paving in the third district.

BIDS FOR THE NEW POST-OFFICE BUILDING OPENED

Washington, Sept. 19.—Bids were opened today at the treasury department for the construction of the public buildings at Plattsmouth, Neb. The bidders were as follows: General Construction company of Milwaukee, \$48,866; Lattimer & Benning, Kansas City, \$48,847; McHenry-Beatty company, East Liverpool, O., \$47,700; Hiram-Lloyd Building company, St. Louis, \$57,444; J. H. Wiese, So. Omaha, \$47,826; Northern Construction company, Milwaukee, \$48,800; King Lumber company, Charlottesville, Va., \$49,000.—State Journal.

It will be noticed that the lowest bid in the above list is \$47,700, this would only leave \$2,300 of the appropriation for the purpose of procuring the fixtures, which is not believed would be sufficient. It has been the tenor of the correspondence on the subject of the building here, that the wish of the committee in charge, to get the building placed on the grounds for \$46,000, leaving the remainder of the appropriation or \$4,000 for the fixtures.

It is not believed that there will

be further delay, however, and that either fixtures of a lower price will be procured or an additional small appropriation be secured.

The Lash of a Fiend

would have been about as welcome to A. Cooper of Oswego, N. Y., as a merciless lung-racking cough that defied all remedies for years. "It was most troublesome at night," he writes, "nothing helped me till I used Dr. King's New Discovery which cured me completely. I never cough at night now." Millions know its matchless merit for stubborn colds, obstinate coughs, sore lungs, la grippe, asthma, hemorrhage, whooping cough, hayfever or croup. It relieves quickly and never fails to satisfy. A trial convinces. 50c, \$1.00. Trial bottle free. It's positively guaranteed by F. G. Fricke & Co.

Julius Pitts was called to Council Bluffs in a hurry this morning to get some repairs for his threshing separator. Mr. Pitts started up to thresh this morning and had run but about ten minutes when something gave way on the separator, causing the force to stop until repairs can be gotten from the Bluffs.

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

ST. MARY'S GUILD MEETS WITH MRS. L. A. MOORE

The ladies of the St. Mary's Guild of the St. Luke's church met at the pleasant home of Mrs. L. A. Moore in the west part of the city yesterday afternoon and following the regular business session which was held during the early part of the afternoon, enjoyed a most delightful time. Social conversation and various amusements were indulged in, which made the time pass all too rapidly. At the proper time a dainty luncheon was served by the hostess, assisted by her daughter, Mrs. Seivers of Grant, Neb. This luncheon was served out on the lawn which surrounds the Moore home and likewise all the more thoroughly enjoyed. There were a large number of the ladies in attendance.

Chamberlain's Colic, Cholera and Diarrhoea remedy is today the best known medicine in use for the relief and cure of bowel complaints. It cures griping, diarrhoea, dysentery and should be taken at the first unnatural looseness of the bowels. It is equally valuable for children and adults. It always cures. Sold by all dealers.

R. W. CLEMENT APPOINTED BURLINGTON AGENT

Division Superintendent Flynn of the Burlington of Omaha was in the city yesterday and appointed Mr. William Clement agent at the station here to succeed W. L. Pickett, deceased. A more popular appointment could not have been made. And a man better equipped to fill the position could not be found in the service. Mr. Clement was born in this city and when a boy went into the service of the company as a messenger, soon learning to operate the telegraph, and has been the day operator at this station for a number of years. He is conversant with every phase of the railway business, and the promotion to agent at Plattsmouth, comes to him well merited.

In District Court.

F. P. Sheldon as administrator of the Leroy Applegate estate has filed a petition in the district court asking for a license to sell real estate belonging to the estate.

Cases to quiet title have been commenced in the district court entitled Myrtle P. Atwood against Charles Beasley and other defendants and by Samuel H. Atwood and the Anselmo B. Smith Investment company against James Raines and others, also one by Anselmo B. Smith against William S. Graff and others. All petitions being filed by Clark & Robertson as attorneys.

Don't waste your money buying plasters when you can get a bottle of Chamberlain's Liniment for 25c. A piece of flannel dampened with this liniment is superior to any plaster for lame back, pains in the side and chest, and much cheaper. Sold by all dealers.

Guardianship Settled.

Dr. I. D. Jones of Murdock, William Brownell and his daughter, Miss Lola Brownell, were in the city yesterday looking after the settlement of the guardianship of Miss Lola Brownell who reached her majority recently. Dr. Jones is the retiring guardian. The papers were filed by deputy, Miss Gertrude Beeson and action will be taken on them on the return of Judge Beeson from the west.

COUNTY COMMISSIONERS TURN DOWN NEW ROAD

From Wednesday's Daily.

The vision of a good highway to the territory on the south of the city went glimmering last evening when the three commissioners returned from their trip to view the proposed thoroughfare.

There was no reason assigned for their decision, not one of them made a speech explaining his vote, and the disappointed Plattsmouth citizens and members of the commercial club who had anticipated a ride to the country over a no hill road had their hopes shattered by the negative action of the county board. The resolution was called up on their return and passed around the table in the commissioner's room, and each commissioner promptly and with dispatch signed his name to a negative vote.

The board had a pleasant ride, going out to view the road in Dr. Cummins' touring Ford, which seemed to have no difficulty in climbing the hills between here and Rock Bluffs. This may have been a mistake on the part of the commercial club in allowing the board to go so comfortably. If they could have been in some other sort of a machine, which had laid down on the hills, and allowed the commissioners a chance to climb a hill or two on foot, the vote might have been different.

It is up to the commercial club now to make the road. Joe McMaken or Walter White or some other practical dirt handler should be taken out to inspect the route and make an estimate of the cost of the road. The project has hardly had a fair show to be put through, no member of the club has been present with the commissioners to urge the practicability of the level road, and the matter should not be allowed to stop with the present effort.

If the matter is properly brought to the attention of the board at some later time, and the cost figured so that there would be some basis to do the work on, the road may be had yet.

HEED THE WARNING

Many Plattsmouth People Have Done So.

When the kidneys are sick they give unmistakable warnings that should not be ignored. Sick kidneys exude a dark, ill-smelling urine, full of "brickdust" sediment and painful in passage. Sluggish kidneys cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequently rheumatic twinges.

Doan's Kidney Pills are for the kidneys only; they cure sick kidneys, and rid the blood from any of the above symptoms you can use no better remedy.

Plattsmouth people recommend Doan's Kidney Pills.

John Mackey, a farmer, Third St., Dyke St., Plattsmouth, Neb., says: "Two and one half years ago my back became very lame and I had headaches. The kidneys secretions contained a sediment and a frequent desire to void them caused me much annoyance. I was unable to find a remedy that would bring me any permanent relief and I was at a loss to know what to do. Seeing Doan's Kidney Pills highly recommended in the local papers, I procured a box from Gerding & Co.'s drug store and began their use. This remedy brought me immediate relief and at the present time my back does not bother me in the least. I am very grateful to Doan's Kidney Pills for what they have done for me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Came From Alliance.

T. W. Swan of Union and Jesse Hufty of Alliance, arrived from the west on No. 2 last evening and were met at the train by William, James and Charles Swan, who motored from Union last evening. Mr. Hufty is a real estate dealer from the west and expects to interest some of Cass county's men in lands in his vicinity.

It Saved His Leg.

"All though I'd lose my leg," writes J. A. Swensen of Watertown, Wis. "Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Then Bucklen's Arnica Salve cured it, sound and well." Infallible for Skin Eruptions, Eczema, Salt Rheum, Bolls, Fever Sores, Burns, Scalds, Cuts and Piles. 25c. at F. G. Fricke & Co. mouth business men.

Virgil Mullis went to St. Joseph hospital this afternoon to see Mrs. Mullis for a few hours.

Fashion Bows to Brown

Lifts It's Hat to Gray and Salutes the Blue!

These are "the" colors. Many stores show a trimbleful of browns—just enough to tease you.

We've Done Browns up brown. We show the widest, smartest assemblage of high grade clothes in town. The newest things—the best things—just as soon as they are out—from the best manufacturers in the land—that's our way. No time like NOW to be autumn suited. No place like HERE. Exclusive pattern single suits for particular dressers.

C. E. Wescott's Sons

THE HOME OF SATISFACTION

This warm weather may cause you to want some light underwear. We have a genuine balbriggan in sizes 38 to 46 at 25c. Also a cream soft collar shirt for men at 39c.

"THE SQUAW MAN" PLEASES PEOPLE

Pierce Company Gives Splendid Production at the Parmele

One of the best plays that has been held at the Parmele in a long time was "The Squaw Man" last night. Those who have read the book say it was played to perfection. Edwin Westfield as James Wynne-gate, and afterwards known as Jim Carson, was simply grand in both these characters. Miss Kathryn Van Esse as Lady Diana was good. Like all such plays, that open up in Old England and end in the wilds of America, create a great interest from start to finish, and there is always one character that captures the sympathy of the audience and it stays with that character through the entire play. Edwin Westfield was the character in this case, and his appearance on the stage denoted a true specimen of young manhood. He was a fine actor, and as "The Squaw Man" done nobly. His support was good in every particular and the audience was well pleased. The Journal can say without fear of contradiction that "The Squaw Man" was one of the most interesting plays ever prosecuted at the Parmele.

Appointed Special Appraiser.

A. L. Tidd who has been appointed special appraiser in the John Leutchen estate went out to Weeping Water yesterday and viewed the 480 acre farm of the deceased in order that he might be better fixed to mark the value of the land. The will of the deceased devises the lands to the widow of the deceased, and the law assesses an inheritance tax on the excess of \$10,000, going to any one heir of a deceased property owner. The farm lies three and a half miles west of Manley, and is in fine agricultural district of the county, and very valuable. Mr. Tidd has not yet filed his appraisal of the property. But it is altogether probable that the tax is going into the road fund from this estate will be a neat sum.

L. G. Larson made a business trip to Glenwood this morning, going to that place on No. 4.

NEW GASOLINE ENGINE ON EXHIBITION AT BAUER STORE

Yesterday afternoon the new gasoline engine arrived and was set up at John Bauer & Son's store for inspection. The machine bears the label of the Maquoketa Iron Works of Maquoketa, Iowa. There is but a few hundred dollars of stock yet unsubscribed, before the required amount to get the iron works removed to Plattsmouth.

It can readily be understood why the proprietor is anxious to remove from that location when one reflects that this engine was loaded at the factory on the 12th inst, and required eight days to come the short distance, all because the factory is located on a branch line of railway, and shipping facilities very poor.

The pattern sent is an upright, 4 horse power, and those who have seen it are much impressed with its work. The engine was set in motion this morning and was the center of quite a crowd of interested citizens. As soon as the engine is tested and the dealers in this sort of machinery approve the engine, the result will be announced in the Journal.

Looking up Market.

C. I. Gardner of Billings, Montana, is in the city expecting a car load of fine sub-irrigated potatoes which will be placed on the market here. Mr. Gardner says his town is located in an agricultural valley eighty miles long and thirteen miles wide, and that lands there which will grow alfalfa and sugar beets, close to a beet dump will sell at \$200 an acre. His company are selling a combination food for stock composed of one ton of sugar beets chop with four tons of alfalfa. This feed is superior to corn in putting on fat, especially adapted to young stock. The feed can be put on board cars there for \$16.50 per ton. Mr. Gardner is also looking up a market for a lot of fine honey which he can furnish so that the consumers can buy right. It is a fine grade of alfalfa honey and no better is in the market, this can be laid down here at about \$3.30 per case of twenty-four pound boxes.

Mr. Raymond Smith who has been visiting his brother, Marion, for a few days, returned to his home at Malvern, Ia., this morning.

Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Ayer's Sarsaparilla is a tonic, a strong tonic. The only Sarsaparilla entirely free from alcohol. Do not stimulate unless your doctor says so. He knows. Ask him. Do as he says. J. C. Ayer Co., Lowell, Mass.

Constipation is the one great cause of sick-headache, biliousness, indigestion, flatulence, debility, nervousness. Has your doctor ever recommended Ayer's Pills to you?
