GAHM CONCERT PLEASES ALL

Mr. and Mrs. Gahm are Finished Artists in Their Playing.

From Saturday's Daily.

A large and enthusiastic audience greeted Mr. Joseph Gahm and Mrs. Mina Gahm at the Parmele last evening.

The seats in the dress circle, as well as the parquet, being well filled with lovers of the piano and harp, and there were many in the audience who would have been delighted to have heard more of the harp than the two selections scheduled on the program, and Mrs. Gahm was encored heartily after each of the two performances, but responded to neither.

Mr. Gahm was at his best last evening and entered into every selection played by him with the soul of a musician, and at times seemed wholly oblivious to the presence of anyone, and apparently derived as much pleasure from the instrument upon which he played with such skill, as his auditors. And at the close of a selection when the audience applauded he gracefully acknowledged the applause by arising from his chair and making a profound bow.

The one selection of Mr. Gahm's own composing was well worth the price of the ticket of admission, and the grand march from "Tannhauser," by Wagner-Liszt was something unusually fine, and many words of warmest commendation of the entire program were heard on the street today.

Constable J. R. Denson made a trip to the Missouri Pacific bridge, north of this city, and notified N. Bethers that he had been sued by Byron Golding for a small sum and the railway company garnisheed, and at the same time Mr. Denson served papers for the J. V. Egenberger estate on Frank Karlasek, notifying him that he owed the estate, which no doubt was a great surprise to Frank.

INDICTED FOR ALASKA FRAUDS

True Bills Handed Down in District Court at Tacoma.

TWO GROUPS OF DEFENDANTS.

Entries Made to Coal Lands in Behring Strait District Alleged Made in "Dummies' Names—Assert Many Had Never Seen Claims and Intended to Sell in Body.

Seattle, Oct. 15.—Charles F. Monday, George Simmonds and Cornelius Christopher, all prominent Seattle men, were arrested here on indictments charging conspiracy to defraud the government in the Alaska coal cases. They were released under bonds of \$2,500 each.

Washington, Oct. 15.—After months of secret effort the officials of the general land office announced the indictment of a number of claimants to valuable coal lands in Alaska. The entries involved number 154 and cover almost 25,000 acres of land, all of which lies in the Behring strait district, in which the Cunningham claims are located. They are what are known as the English or Stracey and the Christopher Simmonds group, the former containing eighty and the latter seventy-four claims of 150 acres each. The deposits covered by these claims are believed to be as rich as those of the Cunningham mines, which cut a conspicuous figure in the Ballinger-Pinchot controversy.

The indictments were handed down in the United States district court sitting at Tacoma and the information that they had been returned was conveyed in two telegrams received by Commissioner Dennett from Special Agent Christensen, in charge of Alaska matters, to whose efforts the findings are especially due.

To Issue Warrants Soon.

The first telegram contained the announcement of the action against the English group and stated that indictments had been returned against C. F. Monday, A. H. Stracey, Archie W. Shields and E. Slegley.

A few minutes later came the second telegram telling of the indictments of Cornelius Christopher, George Simmonds and Mortimer C. Sweeney of the second group. Mr. Dennett added that warrants would be issued as soon as the indicted men could be apprehended.

The first group of defendants takes its name from the fact that a number of people in western Canada are supposed to be interested in the claim taken up by this party. Stracey is a resident of Vancouver and is charged with being instrumental in making some of the locations. Monday is a prominent attorney of Seattle.

The charge against the indicted men is that the entries were made in the names of "dummies." Most of the entrymen were residents of Washington and their claims are said to have been located with an agreement that the claims should be assigned or deeded to third parties as soon as parties willing to become interested could be found by the locator. There is said to have been a further understanding that the locator should receive a large percentage of the sale price.

Different Kind of Fraud.

The charge differs from the charge made in the Cunningham claims, in which there was no allegation that the entrymen took the claims for persons other than themselves, but rather that they had a previous agreement to work or dispose of their claims as a unit. It is said that very few of the claimants in the new cases ever saw the land on which their names were used for locations.

Both groups of claims figured to a considerable extent in connection with the Ballinger-Pinchot inquiry. Charges of fraud in connection with the entries were made two years ago and it was asserted that investigation had been stayed by the land office, supposedly for some sinister purpose.

Meeting this allegation with the statement that the services of the land office force were imperatively required elsewhere and that there was no statute of limitations to run against these cases, it was conceded that they were not pressed for a period. Since last May, however, Mr. Christensen has been giving the major portion of his time to them, with a result over which the land office and the entire interior department confesses itself much gratified.

It also is known that another federal grand jury sitting at Spokane in connection with the district court of the eastern district of Washington, is considering still other charges of fraudulent coal entries in Alaska and that results are expected from these investigations, similar to those obtained at Tacoma.

Powerful Bomb Is Located.

Paris, Oct. 15.—A powerful bomb was discovered by the police at the foot of a tree in the Avenue Klobber, near the American embassy. The officers attribute the attempted outrage to anarchists, who sought to put new ginger into the apparently dying railroad strike.

YOUNG PLATTSMOUTH GIRL FINE VIOLINIST

Owing to lack of time and space the Journal failed yesterday to give a worthy mention of the Frantisek J. Kolbaba concert given at the Parmele theatre on Thursday evening. Mr. Kolbaba is one of the finest violin virtuosos in the state of Nebraska, and combined with the other numbers on the program he certainly gave the people of Plattsmouth one of the rarest of musical treats, and were certainly deserving of a much larger house. The attendance was very poor, but those who were there are unanimous in pronouncing the program an excellent one, and every number most artistically rendered. The selections given by Mr. Kolbaba alone were worth the price of admission. He is a thorough master of the violin. He was assisted by Mr. Jean P. Duffield and Miss Agnes Knoflick, the former being a piano artist of great ability, which Miss Knoflick is a little Plattsmouth girl, but with a few more years of as rapid advancement as she has made in the past, will place her among the violin artists of the day. This is the firm belief of Mr. Kolbaba also. She is one of his scholars, and one of the brightest he has in his training. She is young and only taken a limited number of lessons, but her numbers on the program were well received by the entire audience, which though small, was very appreciative.

There were other numbers on the program in which Messrs. Kolbaba, Knoflick, Janda and Miss Knoflick took part that were very fine and received with hearty applause.

We are informed that Mr. Kolbaba expects to organize a class in this city, and will remove his family here, if he can secure a sufficient number of pupils, and being a thorough master of the violin, this should be an easy task, as Plattsmouth has many musically inclined people, who are lovers of the violin.

After the excellent program given on Thursday evening, we venture to say that should Mr. Kolbaba give another concert, he will receive much better patronage, but at present he is rather discouraged and it would be difficult to secure his services for another offering just now.

Loses Good Mule.

From Saturday's Daily.

Mr. G. G. Meisinger had the misfortune yesterday to lose a valuable mule, which died from blood poison. The animal received an injury the forepart of the week by running against a post, from which a large splinter of wood penetrated the shoulder. A veterinary was called and rendered such service as could be done, but in spite of the efforts of the doctor, the leg swelled and the blood poison did the rest. The mule was one of a team which Mr. Meisinger would not have taken \$500.00 for.

Returns From Hospital.

Mrs. B. J. Reynolds went to Omana on the morning train today for the purpose of bringing her daughter, Miss Jennie, home from the hospital, where she has been several weeks, recovering from the effects of an operation for appendicitis. Miss Reynolds' many friends in this city will be glad to have her at home again, and hope for her speedy recovery.

GAVE MOST INTERESTING TALK ON OKLAHOMA AND ITS PRODUCTS

W. R. Burgess, Representing an Oklahoma Land Company Gives Away Forty Town Lots in Oakland City.

From Saturday's Daily.

Mr. W. R. Burgess, of Muskogee, Oklahoma, did some unique advertising of Oklahoma real estate among Plattsmouth citizens last evening, when, to arouse an interest in his lands in eastern Oklahoma, he gave away forty town lots in Oakland City, a new town just organized some miles east of South McAllister, Oklahoma.

Mr. Burgess is a good easy talker and has an air of truthfulness about him which carries conviction of the truth of his arguments. At the corner of Fifth and Main streets last evening he held a good sized crowd of men for over an hour, while he discoursed on the attractiveness of Oklahoma as a place to reside and the variety of farm products and fruits which the soil produced. None of his statements were overdrawn, and he frankly stated that he did not want any man who should come on the excursions which would be run later, to say to him that he had misstated any of the facts concerning the country.

Mr. Burgess explained that his method of advertising was new, but effectual, and the company for which he did business found that it paid to advertise as he was doing, that they had organized a town last year which now had 3,000 inhabitants, three banks, churches and schools, a found-

dry and other enterprises.

And in addition the company had sold a large tract of land to the friends of the fellows who had been given town lots, and on the present occasion the town would start out with equally as good opportunities as the one which had succeeded.

After making a talk on the points of the country, he selected a committee composed of Frank Gobelman and Mr. Barwick and passed slips around among the crowd and had them sign their names. About fifty names were placed on the slips and handed in to the committee, placed in a hat and a boy procured to be blindfolded and draw them from the hat until he had forty names. On the cards were blanks for the lot number and block, which will be filled in by the townsite company.

Mr. Burgess informed the holders of lots that an excursion would be run from Omaha in the near future, as he had but three more stops to make before the entire assignment of free lots would be disposed of, and that they and as many of their friends as cared to investigate the Oklahoma proposition could take advantage of the excursion rate and see the country for themselves. The matter of future dealings of the company will be left in the hands of Deputy Sheriff Manspeaker, who can be consulted concerning the matter.

FORMER PLATTSMOUTH YOUNG PEOPLE WED

The Journal is in receipt of the announcement card conveying the news of the marriage of Mr. Charles H. Wilken and Miss Maybelle Burch, which occurred at Bison, South Dakota, on the fifth of the present month. At home to their friends on and after November first, at Moreau, South Dakota. The Journal joins with the many friends at Plattsmouth in extending hearty congratulations to Mr. and Mrs. Wilken, and trusts that their lives may be one of continued prosperity and happiness.

both parties have a great many friends in Plattsmouth, where the groom was raised to manhood and where Miss Burch for several seasons held the position of millinery trimmer in the department store of M. Fanger. Mr. Wilken was for several years a partner in the Wurl Bros. cigar factory.

Sheriff Quinton levied an execution on the property of C. Lawrence Stull last evening for the payment of a judgment from the supreme court in favor of Byron Clark for attorney's fees, which sum with interest for several years aggregated something over \$200.00.
