### Entertained For Her Sister.

Mrs. A. L. Baker entertained a number of friends in honor of her sister, Mrs. J. D. Reed, Saturday afternoon. Numerous amusements were indulged in, but the most novel and really amusing was as follows: Each lady present was given a clay pipe and a paper napkin, to ascertain which could dress the nicest doll, and when the work was completed, lo, and behold, Miss Ida Baedecker was declared the winner of the first prize, a cream and sugar set, and Mrs. J. A feast fitted for a king or queen was spread at the proper hour, and to say that it was enjoyed to the fullest extent by all, but half expresses it.

When the parting hour arrived, all repaired to their various homes with the wish that Mr. and Mrs. Cook might live to enjoy many more such events.

## DEATH OF MRS. S. L. FURLONG

### Highly Esteemed Lady Passes Away at Rock Bluffs.

Mrs. Calphurnia Furlong, wife of Samuel L. Furlong, of Rock Bluffs, died Wednesday morning, October 13, in the seventy-third year of her age, having been born on the 6th day of December, 1837. Mrs. Furlong's maiden name was Calphurnia Law and she was born in Hamden, Delaware county, New York, where she resided with her parents until her marriage to Mr. Samuel L. Furlong, on the 31st day of December, 1859. The marriage occurred at Delhi, New York, in the same county in which she was born and raised. For ten years Mr. and Mrs. Furlong resided in the state of New York, coming to Nebraska July 9, 1870, they settled at Rock Bluff, where ever since with her husband Mrs. Furlong has resided. The deceased had been ill for some months, and some weeks ago, on the advice of her physicians, she went to the hospital at Omaha, where she could receive the care of a trained nurse, hoping that a change might improve her condition, but after a few days she desired to return to her home, and was allowed to do so. For the past ten days Mrs. Furlong's condition has been critical, and the end was expected at any time, and the children were notified by wire of the serious condition of their mother.

Mrs. Furlong is survived by her husband, Mr. S. L. Furlong, five sons, one brother and three sisters. Her sons are: E. O., of Steamboat Springs, Colorado; A. C., of Portland, Oregon; J. W., of Denver, Colorado; F. M., of Joplin, Montana, and M. L., of Plattsmouth. Her brother, Mr. Law, resides in his native county in New York. One sister resides in New York and one sister, Mrs. Frank Young, Jr., of DeGraff, Minnesota, and Mrs. J. D. Holmes, of Idaho. Of her children are dead.

Mrs. Furlong was a kind and obliging neighbor, a faithful wife, and loving mother. Her hand was ever ready to help the afflicted and her Christian life was above reproach.

The funeral was held this afternoon from the residence, conducted by Rev. Wachtel, pastor of the Methodist church at Union. Interment was had at the Young cemetery.

### An Unpleasant Surprise.

Few people pay as much attention to their weight as they should, because a radical change in the same often is the only symptom of sickness. When the notice that they are losing weight rapidly and are informed that it may be too late for a cure, it certainly is an unpleasant surprise. Weigh yourself often and as soon as you will notice a decline of weight, use the reliable tonic, Triner's American Elixir of Bitter Wine. It will quickly expel all waste matter from your body, strengthen your digestive apparatus and restore your normal weight, which means that it will restore your health. It is very beneficial in all curable diseases of the stomach and intestines. It aids in forming new, rich blood and supply all parts of the body with nourishment. Very good for pale, sickly and nervous people. At drug stores. Jos. Triner, 1233-1239 So. Ashland Ave., Chicago, Ill.

### Plattsmouth Realty Company.

The Plattsmouth Realty Company was organized last evening and articles of incorporation adopted and filed today with the clerk of Cass county and with the state auditor at Lincoln. Next Thursday night the stockholders will meet and elect officers and directors. This is the preliminary movement for the establishment of the gasoline engine factory in Plattsmouth. The meeting was attended by Mr. Chopieska, who departed for his home this afternoon.

As soon as the officers and directors of the holding company are selected and the site for the building secured, the dirt will soon begin to fly for the erection of the building.

The building will take six or eight weeks to build, and before the first of the year, the wheels of the new industry should be humming. The factory is now a go, and the finance committee of the Commercial club, who have toiled so patiently and persistently against oftentimes a cool reception to a rousing vote of thanks for their part of those most to be benefited by the enterprise, are entitled their success.

A few years ago the housewife might have pointed to her telephone as a luxury, but today it is a household necessity.

To meet the needs of twenty-five million telephone users, the Bell System reaches forty thousand cities and towns with its five million telephones. No telephone service is satisfactory that does not cover with its exchanges and connecting lines the whole country.

### Returns From Trip.

Philip Rihn, the popular young grocery clerk at E. G. Dorey & Son's store, and bride, who were joined in marriage on the 5th inst., returned Monday, and will be at home to their friends, Nov. 1st at their residence on Elm street, between Fifth and Sixth. During their absence Mr. and Mrs. Rihn visited relatives at St. Louis, and Mr. Rihn's parents at Pierron, Illinois, and later visited cousins at Highland, Illinois.

At the former place is located the Pet Cream plant, where a large force with machinery construct the tin and condense the milk which goes into them all under the same roof. The farmers in that vicinity take their milk to a point in the neighborhood and deposit the cans on a raised platform, and later a man with a wagon and team drives around the circuit and gathers in the large cans from the platforms and takes them to the factory where the water is taken out of the milk and the article is placed in the cans for the city consumer. Mr. Rihn and bride visited the old home of Mr. Rihn and enjoyed meeting his former schoolmates and friends.
