Mrs. Blodgett Captures Women's Race
By Less Than a Yard—Frederickson
Wins Grand Trophy—Burning Car
Completes Sensations at Meet.

Omaha, Oct. 31.—Clinging desperately to his car as it heaved from the track, turned turtle and went hurtling into the ditch, Walter Smith, driver of the Henry "35," was crushed beneath the heavy machine when it landed thirty-five feet from the track in the ten-mile race for the automobile dealers' trophy on the Omaha motor speedway. The car tumbled ahead twenty-five feet from the unconscious driver. It was reported at the hospital that, though severely bruised, Smith is not seriously hurt. The Chadwick won the race.

The sensational finish of the women's three-mile race, in which Mrs. H. Blodgett overtook Miss Beattie Amos and beat her by less than a yard, the winning of the speedway grand trophy by H. E. Frederickson with his Chalmers and the burning of the Chadwick in the race for the speedway trophy, were other features of the last racing card of the season under the auspices of the Omaha Speedway association.

ST. MARY'S ROSARY CHURCH FAIR CLOSES

The church fair, which the congregation of the St. Mary's Rosary church have been conducting at the Katolicky Fokoi hall Wednesday and Thursday evening of last week, closed Saturday evening, having been one of the most successful fairs socially and financially, held in some time. There have been large crowds in attendance each evening, but Saturday night the attendance was very large. This church fair, which was held for three nights, was one of the most pleasant occasions of the season as the entire congregation had exerted every effort toward making the fair a grand success. Each night, as we have stated above, found the hall crowded, but the attendance Saturday evening was a record-breaker. There were a large number in attendance from out of town. There were numerous features of entertainment for both old and young, such as music, dancing and the like. Then too, there were booths galore at which all sorts of articles might be purchased. There were refreshment booths where ice cream, cake, coffee and sandwiches could be had. During the evening various articles were raffled off. A neat sum was realized by the congregation, which will be used for defraying the expenses of the improvements which have been made at the church and the pastor's residence.

Here From South Dakota.

Mr. and Mrs. W. C. Hesser, who have lived in Vivian, South Dakota, for the past few years, were in the city last Saturday evening, en route to Pasadena, California, near where they will make their home for the future. Mr. Hesser reports everything in South Dakota in fine condition and the country prosperous, of which he has had his share, having accumulated a nice farm, which for the present he has rented, and goes to California, where the balance of the family are located. They were only in the city a few hours Saturday evening, departing on the midnight train for Kansas City, not having time to spare to visit his many old Cass county friends. He reports his father's health as fine, and greatly in love with southern California, where he has lived for the past few years.

Fine Timber for Sale.

I have thirty-five acres of good hard wood timber that I wish to sell by contracting the entire piece by the acre or cord. The 35 acres will cut from 700 to 1,000 cords of wood, and will be sold at a figure that the contractor can make good money by clearing the land. It is close to the road and close to a good market. For further particulars see or write A. L. Baker, Murray, Neb.

Paving Begins on Fourth Street.

The M. Ford people began to lay the concrete base for the paving to be laid on Fourth street this morning. The work moved right along and at noon the south half of the block had been put down and the parkway covering the alley. William Hassler's blacksmith shop will take an enforced vacation of a week, and F. G. Egenberger's pop factory will be isolated for some time after tomorrow until the brick can be laid down. The concrete requires about a week to set so that it will be some time before normal conditions will obtain again.

Fire Boys Have Been Annoyed.
Some of the fire boys have a "kick coming" on account of the officious interference of men outside the fire company, who invariably think they know more about putting out a fire than the whole fire department. The chief of the department is the proper man to give the orders and not some excited citizen, who has just arrived on the scene. If the fire chief cannot be present, then the party designated by the company is the proper person to give the orders.

At the fire Saturday morning the fire boys were all on hand in a remarkably short space of time, but were considerably annoyed with outside parties assuming authority and directing them where to take the hose. The next time the same occurs it is possible the hose may be turned on the offending officious person.

It is perfectly proper for others to assist and lend a hand, but under the orders of the fire department.

W. J. O'Brian, the popular state fish commissioner, of Gretna, was in the city today and made the Journal office a friendly call.

Albert Thiel had the misfortune to get kicked by a mule Wednesday, which came near breaking his arm. As it is, the injured member will be a long time in healing, as the large arteries of the arm were burst in different places.

A little child of Henry Dressel was bitten by a dog while playing with the Thiel children at the latter's home. The child was brought to Dr. Alton's office and the wound dressed. It is getting along nicely at this writing and we trust that no serious developments will follow.

The body of Mrs. O. F. Carr was brought here for burial Saturday afternoon, funeral services being conducted from the M. E. church. Mrs. Carr died in a hospital at Lincoln. She leaves a tiny babe and a sorrowing husband, for whom expressions of sympathy are numerous. Mr. and Mrs. Carr were former residents of Elmwood.

Store Changes Hands.

P. A. Jacobson this week sold his general merchandise stock and building to Fred and William Ossenkop, who took possession Thursday evening after the inventory of the stock was completed.

Mr. Jacobson, who was one of the pioneer merchants of the town has purchased western land and will try his hand at farming. The Courier wishes him success.

The new proprietors are too well known to the people of this vicinity to need introduction. Fred, the junior member of the firm, has had considerable experience in the mercantile line, having for a number of years held the responsible position as head salesman in Diers Bros.' store. For some time past he has been in the U. S. railway mail service. William Ossenkop, the other member of the firm, is one of Louisville precht's prominent young farmers. The Courier predicts success for the new firm from the start.—Louisville Courier.

Mr. and Mrs. Emmet Osborn, of York, arrived yesterday to be the guests of Mr. and Mrs. Max Osborn for a time.
