### Royally Entertained.

Doctors B. F. Brendel and wives made a dinner party Sunday for a few of their friends residing in the vicinity of Murray, and one who was present described the feast as a magnificent spread. The dining table groaned under its load of palatable viands and delicious pastry prepared by the Mesdames Brendel. An eye witness, who is a close observer, stated that C. E. Cook had to be assisted from the table, and helped into his car when the time for departure arrived. This truthful person also said he had seen C. E. before and after partaking of the feast, and the contrast was remarkable. They got him out of the dining room only by turning him edgewise through the door.

Those present were F. E. Cook and wife and Will Cook and family, of Alvo; C. E. Cook and family, of Plattsmouth; Charles Perry and family and Charles Spangler and family and Jeff Brendel and wife, of near Murray.

### Owls Hold Meeting.

Mr. L. A. Hellig, of Hamburg, Iowa, who holds his commission from the supreme president of the order, John W. Talbot, of South Bend, Indiana, met with the men who have their applications in for charter membership of the order at the A. O. U. W. hall last evening, as advertised. There was a good turn out, but no organization was effected, as the membership were not yet sufficiently versed in the ritual of the order to warrant Mr. Hellig in perfecting the organization, and another thing which will control, is the selection from the list such names as are worthy to be taken into the order.

There will be a second meeting next Tuesday evening at the same place, when the applications of any worthy person will be considered. Also the applicants will be instructed in the work so that it can be put on with some degree of efficiency. Those who are interested can see Mr. Hellig at the Hotel Perkins and he will be glad to impart any information necessary.

There is little danger from a cold or from an attack of the grip except when followed by pneumonia, and this never happens when Chamberlain's Cough Remedy is used. This remedy has won its great reputation and extensive sale by its remarkable cures of colds and grip and can be relied upon with implicit confidence. For sale by F. G. Fricke & Co.

The afternoon was delightfully spent with cards and music, several games of the former being indulged in. When the scores were counted at the close of the card contest, it was found that Miss Pearl Mumm had won the first prize and Mrs. N. W. Chrisinger the consolation prize. ### Miniature Apple.

Fred Patterson gathered his apple crop this morning and from one tree he plucked the smallest apple on record. The tree was of the Roman Stem variety, and had struggled to overcome the frost of April and the drought of the summer, but all that could be produced was the one specimen, not larger than the end of Fred's little finger. The apple was perfect in development and coloring, but short on size.
