

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach.
Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

GIVEN AWAY.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

THANKSGIVING IN OUR STATE

Nebraska Has Much to be Thankful for This Year.

In giving thanks on Thursday, November 24, our people should not forget to return thanks to Collier's Weekly for affording us the opportunity to stay right here in Nebraska. In its current issue it prints an editorial on Nebraska that ought to make mighty interesting reading for Nebraska people even on the day after election; that ought to comfort the losers and swell the victors with additional pride. Appropriately enough it is headed "Glory." This is it:

"Nebraska in 1909 produced corn more valuable than all the gold mined in the United States and Alaska, and worth more than our total tobacco crop. She produced wheat worth more than the total sugar production of the United States; live stock worth more than the crude petroleum of the whole United States; live stock, grain, poultry, butter, eggs and fruit worth more than the coal in the United States, outside of Illinois; hay worth more than all the gold and silver produced in Alaska; cereals worth more than the product of all our copper mines; grass and grain and live stock worth more than all the iron ore. This is according to the report of the committee of the legislature and the reports made to the bureau of labor and industrial statistics. To be a little more frivolous, if the eggs laid by Nebraska hens in 1909 were placed in a double row, end to end, they would be three times as long as the railroad mileage built in the United States in 1908. If the permanent school fund of Nebraska were converted into dollar bills and laid end to end, the line would reach from Omaha to Salt Lake City, but it probably would not be left very long. Less than half of the tillable land in Nebraska is under cultivation, and forty years ago the region which is now Nebraska was frequently designated upon the maps of school geographers as part of "The Great American Desert."

Shall Women Vote?

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, headache or headache, constipation, dispelling colds, imparting appetite, dispelling colds, imparting appetite and toning up the system, they're unequalled. Easy, safe, sure, 25c at F. G. Fricke & Co's.

Mrs. W. F. Chalfant departed this morning for Burwell, Neb., where she will join her husband and make that city their future home.

Commandments for Every Day Life.

1. Neither lend or borrow—it makes people cross the street when they see you coming. Your debtor will cross the street to avoid you. Your creditor will come over to meet you.
2. It is the saddest day in a man's life when he feels prompted to gain a dollar without working for it.
3. Be the master of your own house. If you relinquish your authority your happiness will be at an end.
4. When in anger fill your mouth with water, but do not swallow any of it. You will thus be enabled to refrain from saying many foolish things.
5. Never write a line on paper that you would be ashamed to have published in the newspaper.
6. Refrain from practical joking. Life is too real and too earnest and too brief to be wasted in so wanton a fashion.
7. Look down. You will then be satisfied with your condition in life. If you look up, you will perhaps, become envious and discontented.
8. Avoid business relations with so-called unlucky people. Ill-luck is but too often the fault of the individual—or another name for laziness or incapacity.
9. Balance your cash account daily. The careful engineer consults his gauge constantly.
10. Do a heap of thinking, but be miserly with your speech.

F. H. Goodfellow, of Greenwood, and J. D. Bramblett, of Union, returned to Plattsmouth this morning to complete their service as jurors for the term, both gentlemen are leading citizens in their respective communities.

A FRUITFUL INVESTMENT

DON'T SPECULATE—INVEST!

When you speculate on margins you are like the fellow holding on a bears tail as it runs around a tree—if you lose your hold the bear will get you. Invest in real estate. It is the true basis of wealth and if you want to play a sure game buy land that produces things. We have land of this kind for sale in Parrita Ranch, four miles from Talfarrias, Texas. It is land on which you can at any time borrow 75 per cent of its value.

Kansas.
Seventh—E. H. Madison (Rep.).
Eighth—Victor Murdock (Rep.).

NEXT HOUSE WILL BE DEMOCRATIC

Republicans Lose Seats in Congress in Eight States.

Chicago, Nov. 9.—Democratic control of the next house of representatives became a certainty this morning. It was then known that the Democrats had gained twenty-six seats in the house, including two previously secured in Maine. Republicans gained from the Democrats two seats, making the Democratic net gain twenty-four, which is sufficient to give them control.

That they will have a good working majority was indicated by the returns from several states, among them New Jersey. Returns there showed that there probably would be a gain of six Democrats in the representation of that state.

Other returns from New York and Pennsylvania indicated the success of several Democrats in their contests for seats now held by Republicans.

The Democrats also expected to increase their lead by returning several members from Illinois and also from Missouri. It was considered possible that they would be successful in several doubtful states.

The definite Democratic gains were: New York, 8; Pennsylvania, 3; North Carolina, 2; Ohio, 2; Massachusetts, 2; Maryland, 2; Connecticut, 1; Illinois, 1; Iowa, 1; Kentucky, 1; Missouri, 1; West Virginia, 1.

The Republican gains were one each in Massachusetts, New York and Pennsylvania.

In New York seven Republican seats were secured by the Democrats. In Maryland, Massachusetts and North Carolina each, the Republicans lost two seats. Losses were definitely known to have been sustained in Illinois, Kentucky, Missouri and Ohio.

The known Democratic gain is eighteen seats, offset by two Republican gain from the Democrats, one each in New York and Pennsylvania.

Reports received from other states indicated the Democrats would have ample margin to assure them the twenty-two seats necessary to give them control of the house, two Democratic gains previously having been reported in Maine.

ARREST ELECTION OFFICIALS

Refused to Permit Negroes to Vote at McAlester, Okla.

McAlester, Okla., Nov. 9.—Charged with conspiracy to injure, oppress, threaten and intimidate certain negro citizens by refusing them the right to vote, half the election officials of McAlester were arrested by a deputy United States marshal, taken before the United States commissioner and held on bonds of \$2,000 each. All the officials brought their ballot boxes to the commissioner when they gave half, refusing to surrender their duties or leave the ballot boxes with anyone else.

New Jersey.
Trenton, Nov. 9.—Figures available here indicate that Woodrow Wilson (Dem.) has carried New Jersey by about 15,000. Returns indicate a plurality of between 10,000 and 12,000 for Wilson in Essex county. Hunterdon county is Democratic by nearly 2,000 and Warren by 1,600.

PROPOSITION TO BUILD NEW JAIL FAILS TO CARR

The proposition to build a new jail for Cass county has failed to carry by a vote of from fifteen to seven hundred. There is no explanation for the result unless it was that the proposition was not well understood. The cost of keeping the prisoners charged with felony in the stronger jails of the neighboring counties will, in the long run, cost the county more money than to have expended the amount of the levy, or the twenty thousand dollars, which the 2 1/2 mill levy would have raised.

On the other hand it is no credit to any man to live in a county with as poor a county building as the old ramshackle brick structure has become. There will be no alternative now but to repair up the old shell, re-roofing and point up the masonry with new cement, so that Deputy Manspeaker can occupy the upper story.

The last rain which fell, water-soaked the carpets and beat through the roof and side walls until it looked as though the jailer would have to move out. It is almost necessary for some one to go about the building to prevent the inmates from making their escape, but unless the place is repaired it will be next to impossible to find any one who will stay in the building. It is a short-sighted policy on the part of Cass county citizens which prompts the turning down of a proposition to build this needed structure.

Not Sorry For Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes Dr. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a long-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, influenza, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c, \$1.00 Trial bottle free. Guaranteed by E. G. Fricke & Co., Union block.

MRS. GADE ENTERTAINS HER SUNDAY SCHOOL CLASS

From Tuesday's Daily
The hospitable home of Mr. and Mrs. L. W. Gade rang with merriment last evening when Mrs. Gade entertained the young ladies of her Sunday school class of the Presbyterian church in a very pleasant manner. Recently Mrs. Gade had purchased a game of Bible questions and it was in order to introduce this game that she had invited the young ladies to come to her home. The young ladies had come prepared to enjoy a good time and expectations were fully realized in the entertainment of last evening. The young ladies entered into this most fascinating game with much interest and enthusiasm, while sociability reigned supreme. Light refreshments were served which materially aided in the social good time. There were twenty of the young ladies in attendance to enjoy this splendid entertainment.

Saves an Iowa Man's Life.

The very grave seemed to yawn before Robert Masden, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. It is positively guaranteed for Stomach, Liver or Kidney troubles and never disappoints. Only 50c, at F. G. Fricke & Co's.

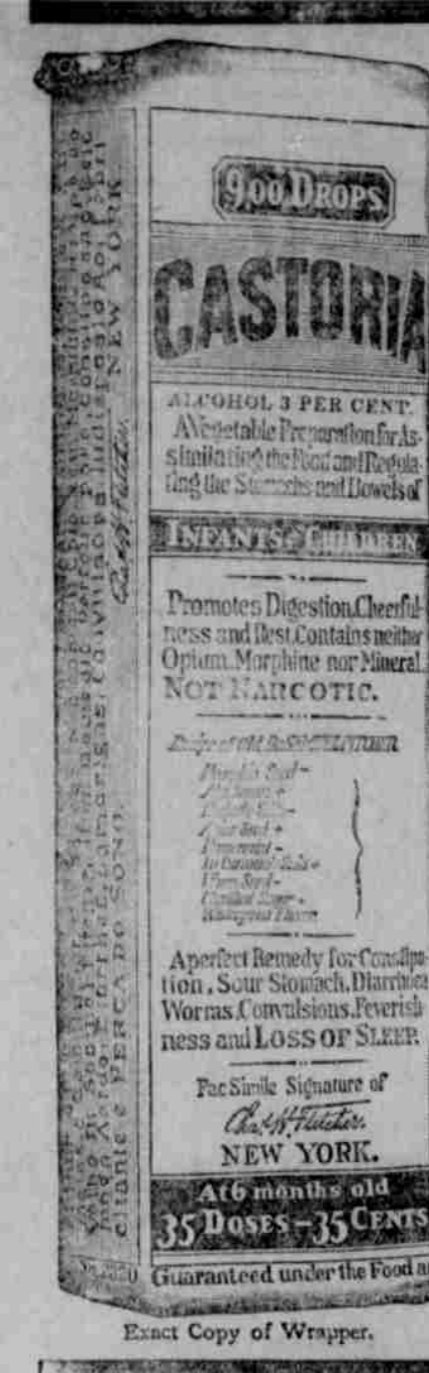

Box Social at Rock Bluffs.

Miss Bess Edwards, who is teaching at the school at Rock Bluffs this year, and her pupils are arranging for a box social to be given at the school house on Saturday evening, November 19th. The proceeds from the sale of the boxes will be used for the benefit of the school. Everybody cordially invited. 11-7-4tw2td.

W. R. C. Ladies Meet.

The Woman's Relief corps met yesterday afternoon with Mrs. Bettie Mosten, the meeting being largely attended by the membership, and a good social hour was enjoyed. A program had been prepared by the committee with some excellent papers from some of the members. Luncheon was served, which added materially to the success of the occasion.

Dr. Cochran, of Omaha, was a Plattsmouth visitor today.

DEATH OF MRS. WILLIAM BUSTER NEAR ELMWOOD

A special from Elmwood, under date of Monday, November 7, announces the sudden death of Mrs. William Buster, which occurred early Sunday morning. She had been in her usual health all day, planning for a visit from her son, but died very soon after his arrival. Mrs. Buster is the wife of William Buster, an old confederate soldier. She leaves her husband and four children, Mrs. Ernest, of Kansas; Mrs. Hoffman, of Ashland; Bert Buster, of Lincoln, and Edward Buster, of Oregon. The funeral was held this (Tuesday) afternoon, and was attended by a large concourse of sympathetic friends.

Mr. and Mrs. Buster are pioneer residents of Cass county, coming here soon after the great unpleasantness, locating in the southeast part of the county. They removed to Elmwood soon after the railroad was surveyed through the town, where they have ever since made their home.

The deceased was a most estimable lady, and was loved by all who knew her. Her death is a sad blow to her husband and children. The sympathies of the entire community and that of friends all over the county go out to the bereaved husband and children in this, the hour of great sadness. The Journal also joins in extending sympathy to our old friend and his family.

Jolly Six Indians.

That popular dancing club, the Jolly Six Indians, will give one of their enjoyable dancing parties at the Coates hall, two weeks from this evening, Wednesday, November 23. The best musical talent in the city will be procured to play for the ball. One of the best dances ever given by the club is anticipated, so those wishing to enjoy a good time should keep the date in mind.

Unloading Building Material.

H. C. McMaken & Son have been engaged last evening and this morning in unloading a carload of lumber and forms for concrete for H. S. Pelton, the government building contractor. The excavating for the foundation is moving along rapidly, and the ditches for the concrete base will be commenced within a few days.

Mrs. S. M. Welch and son Fred, who have been visiting Mrs. Welch's brother, Mr. George Palsall and family, for a time, departed for their home at Seward, Nebraska, this morning.

McMaken & Son commenced this afternoon to haul sand and cover the concrete work on Fourth street. It is the intention to place an inch of sand over the entire district No. 3.

MEN AND WOMEN WANTED

The Government pays Railway Mail Clerks \$800 to \$1,200, and other employees up to \$2,500 annually. Uncle Sam will hold examinations throughout the country for Railway Mail Clerks, Custom House Clerks, Stenographers, Bookkeepers, Department Clerks and other Government positions. Thousands of appointments will be made. Any man or woman over 18, in City or Country can get instruction and free information by writing at once to the Bureau of Instruction, 79 J. Hamlin Building, Rochester, N. Y.

Meet With Mrs. J. W. Johnson.

The Ladies' Aid society of the Presbyterian church were most delightfully entertained at the pleasant home of Mrs. J. W. Johnson yesterday. There were a large number of the ladies in attendance, who enjoyed a splendid afternoon. The early part of the afternoon was taken up with the usual business session, after which the ladies indulged in a social time. Conversation, interspersed with music, made the time pass all too rapidly. At early candle light an elegant luncheon was provided, Mrs. Johnson being assisted in serving by her daughter, Miss Ruth.

Extending the Sewer.

Mr. Christ Baysen returned from Omaha on the morning train today and resumed his duties as city engineer. While in Omaha Mr. Baysen secured the services of an expert bricklayer to finish the sewer extension on Vine street. The matter had been carried along until the construction of the arch had been reached, which required the services of a mason skilled in that particular kind of work. As soon as the mason can arrive the work will be finished.

For pains in the side or chest dampen a piece of flannel with Chamberlain's Liniment and bind it on over the seat of pain. There is nothing better. For sale by F. G. Fricke & Co.

CATARRH
