

## FUNERAL OF MRS. JUSTUS G. RICHEY AT ST. LUKE'S CHURCH YESTERDAY

Church Is Crowded With Friends Gathered to Pay Their Last Tribute to This Kind and Noble Woman.

From Wednesday's Daily.  
The funeral service of Mrs. J. G. Richey occurred yesterday at 2 o'clock at St. Luke's church, and was conducted by Canon Burgess, rector of the church of which Mrs. Richey had long been a consistent and valued member.

The church would not hold all of the friends of the deceased who had come to observe the last rites celebrated in honor of her memory. A wealth of beautiful white chrysanthemums were banked about the altar and on the casket, silently expressing the admiration felt by the donors of the beautiful Christian character of Mrs. Richey.

The music consisted of numbers furnished by a quartet composed of Mrs. Britt, Mrs. Donnelly, Mr. Ralph White and Mr. B. A. McElwain.

The pall bearers were: County Treasurer F. E. Schlater, Clerk of District Court J. M. Robertson, County Clerk D. C. Morgan, Walter White, C. C. Darnele and Bert Pollock.

The out of town relatives attending the funeral were Mr. and Mrs. Claud Everett, of Union; Mr. Ed. F. Grimes and daughter, Mrs. Helen Mortison; Mr. Arthur Richey, of Indianapolis, Iowa; Wayne Dickson, of Lincoln, and Mrs. Emily Drew, of Omaha.

I write these few lines in the hope that they may help someone else whose friend has departed on the long journey:

### Release.

In life's rich Indian summer, ere the days

of serene and yellow leaf had come to her,

Longing for life yet trusting that

all-wise  
Hand that directs the planets in their course,  
Doubting no particle the wisdom of that power.

That elemental God whose all-seeing eye  
As well the fall and rise of empire sees,  
As well likewise the humblest cotter's grief,

Trusting her Father and his omniscient power,  
Passed to the other shore without a sign.

You knew me best, my mother, in this world,  
You hear me now and recognize my grief,  
No longer will the barrier of clay  
Hold us apart. Tonight you understand.

You know at last my weakness and my strength,  
You know alike their reason and their source,  
Sometime when time no longer is,  
Somewhere, where space no longer bounds,  
We'll meet again in perfect harmony.

'Till then farewell. I say the last good-bye,  
That parting which we never knew on earth.

Rest that frail body on the humble clay,  
Soar that majestic spirit to the highest star.

And when the day is over  
And when the work is done,  
We're gathered in our father's home,  
Each pilgrim, one by one.

J. L. Richey.  
November Fifteenth, 1910.

## POSITIVE PROOF.

Should Convince the Greatest Sceptic in Plattsmouth.

Because it's the evidence of a Plattsmouth citizen.  
Testimony easily investigated.  
The strongest endorsement of merit.

The best proof. Read it:  
J. W. Hickson, Oak street, Plattsmouth, Nebraska, says: "I will never cease to praise Doan's Kidney Pills, as they proved of such great benefit to me several years ago. For some time I was caused much suffering by attacks of lumbago that came on without the least warning. The simplest movement was painful and I was also annoyed by irregular passages of the kidney secretions. I read so much about Doan's Kidney Pills that I finally procured a box from Gering & Co's drug store. I was so gratified with the results of their use that I publicly recommended them in 1906 and at this time, I willingly verify that statement. I hope that other kidney sufferers will profit by my experience."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

MANLEY ELEVATOR  
CASE LOSES OUT

Clerk of the District Court James M. Robertson this morning received from the clerk of the supreme court a mandate informing the clerk that the clerk of the supreme court had received a mandate from the supreme court of the United States to the effect that the judgment of the supreme court of the state of Nebraska against the Missouri Pacific Railway company, affirming a decision of the district court of this county, had been reversed in the federal court, and the costs, amounting to the sum of \$244.50 had been taxed to the State of Nebraska.

The mandate of the Nebraska supreme court to this court is to the effect that the plaintiff in the district court of Cass county has had judgment rendered in that court reversing the judgment of the district court and taxing to plaintiff the costs in the supreme court, amounting to the sum of \$24.65, in addition to the costs in the supreme court of the United States of \$244.50.

The case will be remembered as having been commenced by the Manley Elevator company against the M. P. R. R. company for a \$500 penalty allowed by a statute of the state against a common carrier failing to provide sidetrack facilities, and was begun in the name of the State of Nebraska, as the law required. The mandate does not state the decision of the federal court, but most likely the statute was found unconstitutional. The matter was taken up with the railway commission later, and adjusted.

## MR. RISHEL MAKES AN EXPLANATION

Seems to Think that Councilmen Done Him Injustice.

As Councilman Gravit, of the Fifth ward, has seen fit to publicly criticize some of my work for the city, although he did not name me, I feel that in justice to myself some explanation should be made. The statement made by the councilman from the Fifth last Monday night, that a man and team had been sent to mend a portion of the street well out on the city limits in the Fifth ward and had nailed on one board and turned the team out to graze and that the council had allowed the bill for a full day for the work done there, is false.

On the day this work was done, I had my team on the sprinkler and at 4 o'clock, p. m., I started from town to fix the culvert in the Fifth ward. I nailed two planks on the culvert and filled up a large hole with the shovel, and was back to Main street by 5:15, and the bill for that day allowed by the city council covered an hour and a half spent on that job. Councilmen should give the devil his due in their speeches before that honorable body, and stick to facts and withstand the inclination to spring something sensational on the public.

I have a similar grievance as to Councilman Neuman's utterance in an oration delivered by him at the last session of the council in which he expressed pain at seeing my team, although he did not name me, stand for two hours on High School Hill last Saturday.

I will admit the team did stand for a short time while necessary for me to work with the shovel filling in the deep ditch, so that the team could be put in it, but the team did not stand a minute longer than was necessary. And I can assure the councilmen that if I had taken the team home after the plowing was done and brought them back after I had filled in so the team could pass over it, I would have lost more time than the way I did proceed.

But, if the council wish it, I will do the work their way, and take the team to the barn where it will be out of sight, for I do not want to be responsible for causing any member of the council to worry himself sick about the team standing. I have aimed to do the work assigned me in the way best for the interests of the city. Respectfully submitted,  
W. B. Rishel.

## PLATTSMOUTH SURE OF THE RIFLE RANGE

A special from Lincoln to the World-Herald has the following in reference to the rifle range, so much talked about, and which will probably be located near Plattsmouth:  
"As soon as the military board appointed to recommend a rifle range in Nebraska has reported a fight promises to develop. There is a range available near Plattsmouth that can be purchased for the \$25,000 appropriated by the federal government for this purpose. There is also a range at Ashland that is generally considered more satisfactory, but it cannot be purchased for the amount appropriated. The tip has been passed around that the military board is going to recommend the Plattsmouth grounds. If this is done the people near Ashland and those interested in selling the property, propose to start something. It is said that the range near Plattsmouth is so small that only a few riflemen can be accommodated at one time and that the land also lies so near the river that the erratic Missouri may come along in flood time and lop off the \$25,000 bit of ground at one bite."

The grounds most favored by the board, who came here to view the different sites in this vicinity, are not located on the Missouri river bottom at all. In the next place, the grounds are extensive, and just as well adapted for the purpose, if not more so, as those located at or near Ashland. Another thing, they are located much nearer Fort Crook, and, therefore, more accessible for the purpose. A more beautiful location could not be desired. Of course there will be some kicking, no matter where the range may be located, and Plattsmouth is as able to stand all the kicking that the opponents of the location can extend to us, as any other town.

Not Sorry For Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Senders, of Harrodsburg Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, lagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs, 50c, \$1.00. Trial bottle free. Guaranteed by F. G. Fricke & Co., Union block.

Called to Wymore.

Mrs. Pirie, who has been the guest of her parents, Mr. and Mrs. Frank Shopp, for a time, received a message today informing her of the death of her mother, Mrs. John Pirie, at Denver, where she had gone from her home at Wymore, for the benefit of her health. But instead of improving in health Mrs. Pirie grew rapidly worse and died. Mrs. Pirie departed for Wymore this afternoon to be present at her mother-in-law's funeral.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a hollow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

George Smith and Mrs. Harrison Smith and daughter, Miss Nettie, were Plattsmouth visitors today, doing some shopping.

Haymakers Hold Pow Wow.

The Haymakers, an adjunct to the order of Red Men, held a "heap big pow wow" at the Red Men's wigwam last night and elevated a band of fourteen braves to the order of Haymakers.

The initiation ceremony was most interesting and entered into with a zest born of enthusiasm.

After the initiatory exercises were gone through with, a most elegant "dog feast" was served to the membership present. There was no dancing except the usual Indian war dances, at a late hour the lodge adjourned, having had one of the best meetings held in the hall for some time. There were over fifty Haymakers present, all of whom enjoyed themselves to the fullest extent.
