

LAND THAT WILL MAKE YOU RICH!

The greatest combination of industrialism and farming, now rapidly developing, is to be found along the Burlington Route in the vicinity of

Sheridan, Wyoming, Hardin and Billings, Montana, and in the Big Horn Basin, where large, deeded, alfalfa ranches that have made millions of the owners, are being divided into small farms, and where Government irrigated homesteads and Carey Act Lands are available.

A WONDERFULLY RICH COUNTRY:—You can get hold of an irrigated farm within a radius of a few miles of excellent coal, natural gas, illuminating oil, building materials, fast growing towns that will have varied industries.

PERSONALLY CONDUCTED EXCURSIONS:—On the first and third Tuesdays I personally conduct landseekers' excursions to see these lands.

Maxims to Remember.

Every town's success depends upon the success of its people. Labor should be dignified, intelligent and above all, well fed.

Driven to the wall by wealth, the poor often accept vice as an alternative.

Cultivate a patriotic spirit in the young. Let the stars and stripes, and if need be, the note of the tin horn, float on every breeze.

The enterprise of a town may be accurately gauged by the appearance of its parks.

Whatever advantages a village or city may possess, the citizens should co-operate with the existing forces to stimulate what otherwise must prove a slower, even though inevitable growth.

Cast about wherever you will and discover that within a comparatively limited area there is an incalculable wealth of earth's treasures, the transactions in which even for a day are beyond measure.

County Commissioner-elect C. R. Jordan arrived from the west end this morning to look after county business, Commissioner Switzer having arrived last evening over the Missouri Pacific.

GRANT BLUNT GOES TO PRISON FOR SEVEN YEARS

From Monday's Daily.

Grant Blunt, who was convicted of grand larceny at the present term of court, was taken before the court by Sheriff Quinton this morning for his sentence. When the court extended the usual courtesy of asking the defendant if he had anything to say why sentence should not be passed upon him, Blunt improved the opportunity to make an extended harangue to the court saying among other things that he had not had a fair trial, that he was an innocent man, and that the principal witness for the state was much at fault. The court interrupted the convicted man long enough to inquire how he explained the fact that the goods were found in his house. Blunt said that he had witnesses to prove all that, but that he was not allowed by his counsel to put it in. After listening to his tirade for a short time the court said he did not care to hear more and fixed his sentence at seven years in the penitentiary at Lincoln at hard labor, with Sundays and holidays excepted. Blunt did not cease his speech, but was bemoaning the court as the sheriff led him from the room and only desisted when the sheriff administered to him a cuff on the side of the face. The sheriff ordered him twice to leave off his ugly speech and he only desisted when he found the sheriff would punish him unless he did stop.

New Railroad.

Now comes the important news that a line of railroad is to be built from Eagle, Cass county, to Palmyra, Otoe county, a distance of about twelve miles. The road will be almost as long as its name.—Nebraska City News.

Wonders never cease, you know. We would like to see the color of the man's hair, who would concoct such an enterprise. What could the object be in building such a road? Palmyra, on the Burlington, would be the western terminus, while Eagle, on the Missouri Pacific, with no town between these points. Well, we are from Missouri and we will have to see the cars running on this great railroad before we ever believe it.

RURAL SCHOOL DISTRICTS IN WORTHY CONTEST

From Monday's Daily.

Last Friday Miss Foster, county superintendent, conducted at her office a district contest between the pupils of rural schools, including the fifth and eighth grades, which included the winners of similar contests in the district in which the pupils resided.

The plan was to hold such contests on the four fundamental principles of numbers viz: addition, subtraction, multiplication and addition among the pupils of each district, these preliminary contests were held on the 21st of October. The winner from each district met on last Friday with the winners from the other districts in the vicinity of the nearest town and held a contest. There were sixteen of these points at which contests were held last Friday. The schools of Plattsmouth precinct had their representatives meet with Miss Foster and ciphered. Gilles Lair, pupil of Miss Crete Briggs at the Jean school house, won first honors, and Doris Valley of district No. 25 got second place. The sixteen winners in the county will meet on a date yet to be fixed in December, at Weeping Water, and decide who is the best in the county.

The object of the contests is to make ready thinkers of the boys and girls of the public schools, beside the social feature of the contests, which ought not to be overlooked.

Will Quit Avoca.

A deal has been closed at Syracuse, Nebraska, in which O. G. Horn has sold his interest in the Bank of Syracuse to Henry Wellensick, a wealthy farmer of Otoe county, and father of Herman Wellensick, present cashier of the Bank of Avoca. The change of the affairs in the Syracuse bank will take place December 1, when Herman, Jr., will become cashier of that bank. Herman Wellensick, Jr., is a fine young man, and possesses most excellent business qualifications, and a sad loss to that town and community. Who will take his place in the Avoca bank is not yet definitely known. The Journal, in advance, wishes its young friend an abundance of success in his new position.

Fierce Fight With Eagle.

H. B. Darling returned from the Iowa side this morning, and related a thrilling experience he had with a young eagle. The young man was out hunting rabbits with a dog and shot-gun, and the dog was rushing a clump of bushes for the cotton-tails, when the hunter saw what he took to be a large hawk soaring just above the bushes; he fired at the bird and brought it down, and the dog started in to bring out the bird, but was soon whipped out.

Mr. Darling rushed in and was attacked by the bird, which proved to be a young eagle. In the encounter the young man was badly clawed on the wrist and hand. He finally succeeded in getting the best of the bird, and killed it. He has preserved its head and wings as trophies of the fight.
