The Day in Murray.

For the first time in several months the Journal publisher spent the day Wednesday with our Murray friends, and it was indeed a great pleasure to be with them once more. We are mighty proud of the many friends and patrons we have in and around Murray. We appreciate our as Murray, who appreciate our efforts to give them a good newsy page of the local happenings and have always assisted us in every way possible, both in a financial and social way. Wednesday we accepted the kind invitation to take dinner with our old friends, Mr. and Mrs. J. W. Berger, and we found just as many good things to eat as in the days of old. Everybody gave us a hearty welcome and made us feel quite at home during the entire day.

Barns Burned.

The barn on the G. M. Minford place burned to the ground on Tuesday evening. This is on the farm where John Beckman lives near Eight Mile Grove. The building was 20x32 feet, and will be a complete loss to Mr. Minford, as his insurance expired a few days ago. Mr. Beckman loses some harness and grain, all the stock being saved. The barn on the Chas. Troop farm, where Will Renner lives, burned the same evening. Mr. Renner lost two sets of harness and some grain, all stock being saved. The origin of the fire is unknown in both cases.

Returns From South Africa.

W. A. Scott and family, who for the past sixty days have been bear hunting in South Africa, were expected home Wednesday evening. You may now look for a number of great hunting stories, that are as worthy as those of T. R., but will probably never be so widely circulated. But a few days of the sixty were spent in South Africa, however, but a great many of them were spent along the Kaw river in Kansas, where he has been really hunting and trapping. He returns home in good trim for the winter work.

Attend Wedding at Nebraska City.

Mr. and Mrs. J. W. Holmes and Mrs. W. S. Smith went to Nebraska City Wednesday evening in the automobile to attend the wedding of Mr. Hugh Robb and Miss Norma Stanford. Mr. Robb is well acquainted in Murray, where he has lived a great many years, being a son of Mr. and Mrs. Mont Robb, for many years one of the highly esteemed families of this city, and for the present manager of the Jones Grain Co. elevator at Mynard. Hugh Robb is a young man possessed with all the sterling qualities that make the highly honored citizen of any community, and none know this fact better than the people of Murray and Union, where the young man spent the early days of his life. Miss Stanford, who has been a resident of Nebraska City all her life, comes from one of the most highly honored families and pioneers of that city. We are informed that she is a leader in all social and religious circles and her accomplishments are of such a high standard that she is a favorite of all who know her. The Journal, as a great admirer of the groom and friendship for him hearty congratulations, and trusts and his excellent family, extends that their future may be one of continuous happiness and sunshine.

Autoed to Lincoln.

J. W. Holmes is one man who owns a fine auto that believes in getting his money's worth out of it while the weather is fine, and no trip seems too long for him to tackle. Mr. and Mrs. Holmes and Mr. and Mrs. W. C. Brown went to Lincoln last Thursday to attend the big Thanksgiving football game, returning home Friday morning. The Sunday before they made a trip to Omaha returning via Louisville home, Monday morning. On both of these trips Mr. Holmes took particular attention of the speed indicator, and is now authority on the distances to both cities from Murray. It was just 47 miles to Lincoln, 46 to Omaha via Louisville, and 39½ via Plattsmouth and Pacific Junction. He says that while the east side road is the shortest the Nebraska road is much better and can be made in less time. When the new Platte river bridge is completed both of the old roads will be a thing of the past.

Little Folks' Big Time.

A large number of the two Sunday school classes were invited to the pleasant home of Mrs. Lloyd Gopen on the evening before Thanksgiving to spend a few hours in genuine young folks' merriment, and they sure had a good time, as little folks always do. Many indoor and out side games were indulged in and the Adams girls furnished the young people with plenty of music. Following were those present:

Mrs. D. L. Adams.

Burned With Hot Water.

Chas. Carroll came very near being quite seriously scalded on Tuesday afternoon while assisting his neighbor and friend, J. W. Berger, butcher a hog. Both gentlemen started to convey a large boiler filled with hot water to the scene of the slaughter, when in some way Mr. Carroll slipped upon the step and fell to the ground, the contents of the boiler running over his arm and down the glove. Mr. Berger balanced his end of the boiler so that little was spilled, saving Charley quite a serious scald. As it was he received a few very painful blisters from the burns, but nothing serious.

Christian Church Bazaar.

The ladies of the Christian church are preparing to hold their annual bazaar on December 17th. It will be held in the church Sunday school room, at which time they will offer a great many useful articles for sale that will make suitable presents, all the good things to eat that the market affords. There will be further announcement in this paper next week.

They had planned on coming to Murray the day following Thanksgiving for a visit with Mr. and Mrs. J. W. Berger. Mr. Johnson has returned to his home, but the little boy and mother are still in Weeping Water.

Many Owls Around Murray.

There is some pretty strong evidence that State Organizer Hellig, of the Owls Lodge, has been doing good work in and around Murray, from the number that went to Plattsmouth Tuesday evening to receive initiatory work. We were unable to get the entire list of members from this community, but give the following as among those going up Tuesday evening: M. G. Churchill, Will Seybolt, Phil Lambert, Dr. J. F. Brendel, Lloyd Gopen, W. B. Virgin, O. V. Virgin. They report a fine time.

Holmes & Smith can sell you a warm fur overcoat as cheap as you can buy one in Omaha, Plattsmouth or any other town in the west.

That Donated Pig.

The pig donated to the Presbyterian bazaar by H. L. Oldham, and which will be drawn on next Saturday evening, is a fine full-blooded Jersey Duroc with a pedigree, and the one drawing the same can have the registration papers made out and filed by seeing Mr. Oldham. It is a fine one and the numbers are going fast.

Buys Some Feeders.

BIG WRESTLING MATCH AT PARMELE THEATER

The lovers of wrestling in this city are to be given a rare treat in the near future. Articles have been signed between Lee Fickler, of this city, and Kid Parker, of Alliance, for a match at the Parmele theatre in this city on the evening of December 15th. The match promises to be one of the best athletic events ever pulled off here. Lee is a Plattsmouth boy and a member of the local German Turning society and has had a number of good wrestling matches, having a record of unusual merit. The opponent of Fickler is a fast man from Alliance, having an enviable record for number of throws. The match is to be a handicap, Parker to throw Fickler two pin falls in a half hour. The handicap is given on account of weight, Parker weighing 180 pounds, while Lee weighs only 145 pounds. A red-hot preliminary between Thede Amick and William Seybolt is to precede the main feature and will be well worth going miles to see.

The Quality Unequaled.

The Journal wishes to express gratification and appreciation to the Syrup Kings of King Hill, Messrs. Patterson and Thomas, for two glass jars of their extra refined syrup left on the editor's desk last week. We have sampled the goods and know whereof we speak, and without fear of contradiction we are willing to stake our reputation as a judge of good "lassus" when we state that for color and flavor the syrup of this enterprising firm has no superiors and few equals in this country. It is rumored that the Commercial club of King Hill are taking steps to build a large syrup factory next year for the firm and that next year's output will be double the amount of the present season, and with modern machinery and conveniences there is no doubt but the Patterson & Thomas syrup will soon gain a national reputation. To show how the goods are appreciated we will say that Mr. Patterson shipped four gallons of it to G. E. Pocock without sending a bill, and received on the next mail a check for \$3.50 for the shipment.

Critically Ill.

T. H. Cromwell, of Lincoln, a former Cass county farmer and stock dealer, was a Plattsmouth visitor last evening, departing for Glenwood on the morning train today. Mr. Cromwell's mother, Mrs. Jesse Cromwell, a lady of about seventy-three years of age, is very critically ill and not expected to survive many days. Mrs. Cromwell formerly resided near the Victoria postoffice in this county, and is an aunt of J. E. Douglass, of this city.
