Popular Attorney.

Our good friend William Deles Dernier, the popular Elmwood attorney, was in the city the greater part of this week and also last week, looking after cases in the district court in which he was interested, principally among which were the Clarence case, and that of Carl Ressenman vs. M. W. Moore. Both of these cases were very important ones, and in the latter case Mr. Deles Dernier was attorney for the plaintiff, in which a judgment was secured for \$300. Mr. Deles Dernier is one of the best attorneys in the county, and very painstaking in his client's behalf, and always does his work to the best interests of his client. He is a hard worker, and an attorney that is right in the front rank of his profession.

Does Surveying at Louisville.

Fred Patterson, county surveyor, was called to Louisville to do some professional work in that city today. Mr. Patterson went out on No. 27, which did not leave the station this morning until half past eight. The agent would not sell him a ticket for some time for fear the train would be annulled, as business is a little slack at present.

Mrs. Frank Buttery spent the day in Omaha, going on the early train this morning.

In the District Court.

From Wednesday's Daily. In the case on trial in the district court yesterday, Carl Risman recovered a judgment for \$300, which was \$1,700 less than he thought he was entitled to, yet \$200 is better than nothing, and \$300 more than the defendant says he will pay, as Mr. Moore intimated as he left town this afternoon that he would appeal the case to the supreme court. The jury reached a decision about midnight and sealed their verdict and went home, returning it into court this morning when court opened.

A jury was then selected in the case of George W. Harshman vs. C. F. Royal, which is a controversy over the possession of two hundred and sixty acres of land near Avoca.

The petition was filed March in Judge Archer's court, and stated that the plaintiff had leased the farm land described on the first of November, 1908, the lease to commence from the first day of March 1909 and ending on the first day of March, 1910, and that the defendant was holding over his term. In the trial of the case in the justice court the case was decided in plaintiff's favor, but appealed to the district court.

The jury chosen to try the case is composed of H. P. Dehning, John Fowler, Chris Iske, W. S. Philpot, John Sans, C. A. Gauer, John Albert, John Spangler, Oregon Douge, Geo. Sayles, F. H. Goodfellow and G. E. Perry.

It's the best medicine I ever saw or heard of." For coughs, colds, lagrippe, asthma, croup, hemorrhage, all bronchial troubles, it has no equal, 50c., \$1.00. Trial bottle free. Guaranteed by F. G. Fricke & Co.

THE TRUE TEST

Tried in Plattsmouth, It Has Stood the Test.

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Plattsmouth. Kidney sufferers can hardly ask for stronger proof than the following:

J. B. Patridge, Eighth St., Plattsmouth, Neb., says: "I suffered almost constantly from pains across my loins. I was so badly crippled that I could not walk and on several occasions only get about with the aid of two canes. The use of the first box of Doan's Kidney Pills, procured from Gering & Co.'s drug store, helped me so greatly that I continued taking the remedy until I was entirely relieved. It would be impossible for me to speak too highly of Doan's Kidney Pills."

The above statement was given in June, 1906, and on Dec. 29, 1908, Mr. Patridge said: "I still recommend Doan's Kidney Pills highly. I willingly confirm the public statement I gave over two years ago in their favor." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

PACIFIC JUNCTION.

The Missouri river is now said to be at a lower stage than it has been in 36 years. The channel has been filled with considerable slush ice this week.

A second switch engine was put on two or three weeks ago for night work and now there is not so much of a drag in handling the freight trains.

Miss Ethel Haynie was over to

Plattsmouth Sunday, visiting home folks. Her father, John Haynie, is now improving after an illness of several weeks.

H. H. McCartney began work the first of the month at the depot, having been absent on account of sickness for more than a month. This is the biggest lay-off "Mac" has taken in a good many years.

Quite a number of farmers were caught by the snow with corn in their fields. Many delayed getting at their corn on account of having late planted fields. The snow, however, is not deep enough to hinder shucking.

When your feet are wet and cold, and your body chilled through and through from exposure, take a big dose of Chamberlain's Cough Remedy, bathe your feet in hot water before going to bed, and you are almost certain to ward off a severe cold. For sale by F. G. Fricke & Co.
