CHANGES IN LAW ON IMMIGRATION

Secretary Nagel Says Need Is Vital in This Direction.

MAY KEEP FAMILIES TOGETHER

Coming Year, Mr. Nagel Believes, Will Almost Equal Record in the Number of Aliens Admitted to United States Steamship Companies Law.

Washington, Dec. 28.—Secretary Nagel's annual report, sent to the president, contains many important recommendations for changes and improvements in the various bureaus and branches of the department of commerce and labor.

One of the hardships of the present immigration laws, Secretary Nagel believes, is the separation of families. In many instances a father is admitted and his wife and children are barred out after the pioneer has made a home. The secretary believes that a more equitable system could be found, and says he assumes it is the purpose of the law to keep families together and not to separate them. The secretary suggests that some system by which inquiry should be made about the families of immigrants before fathers and sons are admitted, should be put into practice.

Stricter regulation of steamship companies in the immigrant traffic is urged in the report and a system of fines for companies which bring insane immigrants or those afflicted with contagious disease is proposed.

While the fiscal year 1910 brought a total of 1,198,937 immigrants to the United States, the prediction is made that the coming year will approach the banner year 1907, when more than 1,285,000 aliens came in.

CIVIL SUIT DISMISSED

One Case Against Packers Is Stopped to Avoid Delay of Other

Chicago, Dec. 28.—District Attorney Edwin W. Sims appeared before Judge Kollsant in the federal court and asked that the dissolution suit of the government against the National Packing company, which had been accused of being a trust, be dismissed. The order was entered by the court.

This move was said by the government officials to have been made with the object of clearing the way for the criminal trials of packers indicted on charges of conspiring against trade.

Recently attorneys for the indicted packers appeared in the federal district court and asked that the criminal proceedings be stayed until the civil suit was terminated.

A federal officer said: "The packers wanted delay on the criminal proceedings to enable them to devote their time to this suit, so we had this one dismissed to expedite the other."

They were convicted recently of having abducted and held in captivity Giuseppe Longo, eight years old, and Michael Rizzo, seven years old. They are children of well-to-do Brooklyn Italians. LAWYERS WILL INDORSE A JUDGE

NEW LEGISLATION IS FAVORED.

Judge B. F. Good Urges a Return to District Attorneyship and Reform of Civil and Criminal Practice and Procedure.

Omaha, Dec. 28.—The Nebraska State Bar association will indorse some one for the vacant Eighth United States circuit judgeship. The state association voted down a motion not to consider such an indorsement and made consideration of the matter a special order of business for today. It is due to be reached following the address by George Whitelock of Baltimore, secretary of the American Bar association.

It is probable that the names of three men will be presented, Myron Learned of Omaha, Judge E. C. Calkins of Kearney and H. H. Wilson of Lincoln.

The first session came to a close with a paper on "Needed Legislation," read by Judge B. F. Good, who urged a return to district attorneyship instead of county attorneyship. "The state association has long recommended this to the legislature," said Judge Good, "and though nothing has come of it yet, we should continue to urge it."

Judge Good also argued for simplification of civil and criminal practice and procedure.

TREASURERS' ASSOCIATION

Initial Meeting to Be Held in Lincoln Jan. 18.

Lincoln, Dec. 28.—The formation of a Nebraska county treasurers' association will be the purpose of a meeting of county treasurers to be held in Lincoln, Jan. 18 and 19. Letters from over the state indicate that the money caretakers are much interested in the move.

Included in the list of questions which the treasurers are to discuss are several matters dealing with proposed changes in the statutes governing the conduct of their offices. A move to repeal the law prohibiting the continuance in office of one treasurer for longer than four consecutive years may be considered. In several counties it is said that good treasurers are about to be thrown out of office on account of the indefinable character of this requirement.

Another question in which the treasurers are much interested is that of salaries. Higher wage provisions may be urged upon the legislators as a result of the gathering of officeholders.
