

SEE THE WHOLE WEST UNDER ONE ROOF! YOU SHOULD NOT FAIL TO VISIT THE WESTERN - LAND - PRODUCTS - EXHIBIT, OMAHA, JANUARY 18-28, 1911

A great educational Land Show of farm and orchard products from every state in the West.

It will be an actual and authentic demonstration of what can be grown, the cost of production, the financial returns and the favorable conditions under which crops are produced, so that interested parties can obtain practical and accurate information.

VARIETY OF CROPS—Corn, Wheat, Oats, Barley, Potatoes, Sugar Beets, Alfalfa, Forage Crops, Apples, and all small Fruits.

BURLINGTON TERRITORY will be represented with exhibits. Look for them.

D CLEM DEEVER, General Agent,

Landseeker's Information Bureau,

1004 Farnam Street, Omaha, Neb.

LOCAL NEWS

Mr. Joseph Hines departed for Pierre, South Dakota, where he will make his future home. Mrs. Hines accompanied him to Omaha, and for the day will join her husband at Pierre later.

DO AWAY WITH INTRODUCING BILLS OF REQUEST

One of the fruitful sources of hold-up legislation in past sessions has been the introduction of bills "by request" on the part of members who would not themselves father them. It is gratifying to read in the opening days of the present legislature that one of the senators proposes to do away with this method of getting bills before the legislature in the dark by requiring that whenever a bill is introduced by request that it shall say on its title page the name of the party or parties making the request. This will be a wholesome change for good. There will be few if any bills put in to be knocked down after "agreements" are made. If this policy is adopted, if foreign insurance interests aim a blow at home insurance and its growth which they may seek to check, by legislation, when they cannot check it by competition the blow will have to show who is behind it if the request covered is removed. Railroads will not be confronted by annoying bills ulterior in their motives if every bill shows just who or what interest is behind it. Legislation on license and liquor questions will be in the open and will be understood if the request blind is taken down. There is no need to particularize in these matters because it is well known by both members of past legislatures and observers of legislative bodies that the introduction of bills by request in itself raises the question of the legitimacy of the bill because no member stands sponsor for it. The senator who proposes the real reform at the opening of the session is initiating a change for the better that has long been due.—Lincoln Trade Review.

DON'T EXPERIMENT

You Will Make No Mistake if You Follow This Plattsmouth Citizen's Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to act on the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Plattsmouth. Follow the advice of a Plattsmouth citizen and be cured yourself.

Mrs. John Sharp, Third and Dyke streets, Plattsmouth, Nebraska, says: "For a long time I had trouble from my back and kidneys. There were terrible pains in the small of my back, often extending into my hips and limbs and though I doctored and tried various medicines, I was not relieved. About a year ago I procured Doan's Kidney Pills from Rynott & Co's drug store and in a short time they brought me entire relief. This remedy has my highest endorsement." (Statement given June 9, 1906.)

Re-endorsement. On December 29, 1908, Mr. Sharp said: "I gladly confirm my former endorsement of Doan's Kidney Pills. I still think highly of this remedy, knowing that it is a splendid one in cases of kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Entertains W. R. C.

The ladies of the Woman's Relief Corps were entertained in a delightful manner at the home of Mrs. M. Archer yesterday afternoon. The time passed very rapidly as they indulged in various diversions. A pleasing feature of this afternoon's entertainment was a delicious luncheon, which was served at the proper time, and which the ladies likewise thoroughly enjoyed. A large number of the ladies of the Corps took advantage of the mild winter weather and were in attendance and enjoyed an afternoon which will long be remembered.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Thousands have testified to its superior excellence. Sold by F. G. Fricke & Co.

Peter H. Smith, a prominent farmer living between Weeping Water and Manley, was among the visitors at Journal headquarters today, and we were pleased to make his acquaintance. Mr. Miller was here on important business.

Sale Advertised Not Made.
A sale of the real estate belonging to the Wilson Easterday estate, consisting of fifty acres of land a mile east of Manley, which was to have transpired today, did not transpire, and in consequence several bidders were disappointed, and made unnecessary trips to the county seat. The clerk who drew the description for the notice made some slight error in the metes and bounds of the land in the advertised notice. The land advertised, or a part of it, was not the property of the deceased, and a part of the farm intended to be sold had been omitted from the notice so that the sale was aborted. It was to have been made by the administrator and was licensed by the district court. Judge Travis ordered a new sale and the matter will be readvertised and offered again in about 60 days.

A CORRECT COUNT IS ALSO NEEDED IN NEBRASKA

The decrease in the population of Nebraska is caused by the inactivity of those who have, or should have, the interests of the state at heart. In order to bring back the activity that once existed in Nebraska we must advertise our resources to the world. Nebraska has as good soil as any state in the union, but there are many easterners going to southwestern states that don't know anything about Nebraska. Let the legislature appropriate \$25,000 for advertising purposes and we will see a difference in two years.—Plattsmouth Journal. The News is in favor of the state advertising its advantages and bringing new settlers here. But we also believe that what we need is a correct count of the people who reside here. There are still as many quarter sections, and it requires as many men now to till those quarter sections as it did ten years ago. In fact, the acreage of the farm is being reduced instead of enlarged, and it does not matter who owns the land. The fact that the eastern portion of the state has decreased in population is something that is unexplainable and unaccountable. Agricultural districts should always hold their own.—Nebraska City News.

Making Life Safer.

Everywhere life is being made more safe through the work of Dr. King's New Life Pills in Constipation, Liver troubles, Kidney Diseases and Bowel Disorders. They're easy, but sure, and perfectly build up the health. 25c at F. G. Fricke & Co's.

It Pays to Advertise.

The valuable coat left by Mr. A. W. Taylor at the cloak room of the Riley hotel yesterday morning and which had disappeared when Mr. Taylor called for it, was not stolen, but carried away by mistake and as soon as the Journal appeared last evening containing the item referring to the loss of the coat, the gentleman who had inadvertently threw the coat over his arm and carried it away, phoned to the Westcott clothing store and stated that he had the coat and would return the same to the store.

A Wild Blizzard Raging

brings danger, suffering—often death—to thousands, who take colds, coughs and la grippe—that terror of Winter and Spring. Its danger signals are "stuffed up," nostrils, lower part of nose sore, chills and fever; pain in back and head, and a throat-gripping cough. When Grip attacks, as you value your life, don't delay getting Dr. King's New Discovery. "One bottle cured me," writes A. L. Dunn, of Pine Valley, Miss., "after being 'laid up' three weeks with Grip." For sore lungs, Hemorrhages, Coughs, Colds, Whooping Cough, Bronchitis, Asthma, it's supreme. 50c \$1.00. Guaranteed by F. G. Fricke & Co.

Moves to Craig.

Mr. John W. Lewis, a prominent young farmer, of near Murray, loaded his agricultural implements and household furniture into a Burlington car yesterday, and shipped for Craig, Nebraska, near where he will engage in farming. Mr. Lewis and family departed for the same place this morning. Before going Mr. Craig listed his name among the Journal household and will thus be kept informed as to the doings in old Cass. The Journal wishes Mr. Lewis and family success in their new home.

When given as soon as the croupy cough appears Chamberlain's Cough Remedy will ward off an attack of croup and prevent all danger and cause of anxiety. Thousands of mothers use it successfully. Sold by F. G. Fricke & Co.

Mr. Daniel Rockwell, of near Manley, was in Plattsmouth today looking after matters of business.

Received Highest Award World's Pure Food Exposition

CALUMET BAKING POWDER
The wonder of baking powders—Calumet. Wonderful in its raising powers—its uniformity, its never failing results, its purity. Wonderful in its economy. It costs less than the high-price trust brands, but it is worth as much. It costs a trifle more than the cheap and big can kinds—it is worth more. But proves its real economy in the baking. Use CALUMET—Modern Baking Powder. At all Grocers.

WILL ARRIVE IN THE NEXT FEW DAYS

Mr. Chopieska, the gasoline engine man, will arrive in Plattsmouth within the next ten days, that is, should nothing occur to mar the plans now fully arranged by all parties concerned. The building is now, or will be within a few days, in readiness for him to move in and arrange his plant for business. We are informed that Mr. Chopieska is now arranging his machinery for shipment and it will be placed on board the cars at once, arriving here not later than ten days hence. It will be but a short time before we will see the first series of engines made and labeled "Manufactured in Plattsmouth, Neb." Should there be any prospective engine buyers in this immediate locality we believe it would be a good thing for all concerned to wait just a little while longer and see the new machine that is going to be made at home, then buy one and give it a trial. We believe we are safe in saying that the engines to be manufactured by Mr. Chopieska will be among the best to be found on the market. We believe this, because we know that they are giving the best of satisfaction wherever they have been tried, and during the past few months he has been working with all forces endeavoring to partly catch up with his orders before tearing up for moving. A number of engines sold in this locality will be the best advertisement that can be given our new industry, and if a number of orders can be placed early in the season it will have a tendency to make Mr. Chopieska feel as though he had made a good move in coming to Nebraska. Let us all join in boosting for the new factory and the new engine.

Insane Patients Released.

Stanley Hall's half brother received a communication from the superintendent of the hospital for the insane a few days ago to the effect that "there was nothing the matter with Stanley and that he could come home any time some one came after him." Accordingly Lem Bates went to Lincoln yesterday and has been expected home on every train since the arrival of No. 2 last evening. The neighbors in the vicinity are alarmed, and some of the children are kept from school for fear they will meet Stanley in the road. It is believed that the authorities will place him under arrest as soon as he arrives. There is evidently something very rotten in the management of the asylum under the present regime.

When Stanley arrives he will be the second man to be released without giving the Cass county authorities any chance to protest or make a showing for their retention. Either the superintendent is grossly incompetent or there is a screw loose somewhere.

Praises Plattsmouth's Patriotism.

E. S. Critchfield, deputy collector of United States revenue, was in the city on his monthly rounds yesterday and stated to a Journal representative that this city was one of the most loyal to home industry in this or any other state he knows of.

There are many cigars made in this city and in his rounds here he found but one place where any other cigar than a Plattsmouth made cigar is sold. Only one place in the city where outside manufacturers of cigars can sell their goods. Mr. Critchfield looked upon this as a good spirit to encourage home industry, and if cultivated along all lines will make a booming town.

MRS. JOHN SHARP SUSTAINS SEVERE SHAKING UP

Last evening as Mrs. John Sharp, in company with Mr. Sharp, was going to the Burlington station in Omaha expecting to catch No. 14, riding in a Farnam street car, the motorman caused the car to collide with the car in front, throwing Mrs. Sharp to the floor and precipitating a large man to the floor over her and bruising Mrs. Sharp considerably and otherwise shaking her up. It seems that the car in front had dropped a fender and had stopped on the viaduct incline near the top, and the motorman expecting them to get their fender up and pass on, turned on the power to make the lull, and was going at a good clip when he bumped into the car in front. The trolley of the Farnam car was thrown off the wire and the car coasted back down the grade.

Mrs. Sharp sustained quite a nervous shock from her contact with the floor of the car, but thought it not necessary to call medical aid.

Do you know that fully nine out of every ten cases of rheumatism are simply rheumatism of the muscles due to cold or damp, or chronic rheumatism, and require no internal treatment whatever? Apply Chamberlain's Liniment freely and see how quickly it gives relief. For sale by F. G. Fricke & Co.

H. C. Brinkman, of South Fourth street, is kept in his room suffering from an attack of la grippe.

See the whole West under one roof
