## LAWMAKERS GET DOWN TO WORK

Grist of Measures of All Kinds Are Introduced.

### HOUSE EMPLOYEES ARE NAMED

Committee Selects Those Who Are to Serve This Session—Number of Changes in Senate Committees—No Postage for House.

Lincoln, Jan. 13.—The speech of J. H. Grossman of Douglas declining the corporation chairmanship was the only incident that marked the adoption of the report of the committee on committees in the house.

Nineteen new bills were introduced. The influx of prospective laws included several measures of more than ordinary interest. Anness of Otoe introduced a measure providing for the erection of an armory and memorial building at Nebraska City on what is known as the old Fort Kearney site H. R. 54, by Lawrence of Dodge, is a measure requiring public service corporations to issue "service letters" to resigning or discharged employees, and provides a penalty for disobedience thereof. Another income tax amendment ratification was introduced by Dolezal of Saunders. The first bill specifically regulating the use and operation of automobiles and other motor vehicles was introduced by Bassett of Buffalo.

#### No Postage Stamps.

A resolution providing for the allotment of postage stamps to the house members and the chief clerk, sent up by Hopsedsky of Saline, was read. Gerdes of Richardson declared that there was no constitutional provision whereby the members could vote stamps for themselves, and consequently moved that the resolution be tabled. The Gerdes motion carried.

Representative Gandy of Custer is responsible for the first woman's suffrage measure of the session. House roll No. 66 is the bill and it amends the constitution to read all "persons" of certain qualifications, instead of all "male persons."

Prince of Hall county introduced a resolution to have the accounts of the university extension work investigated by a committee. It carried without opposition.

#### House Employees Are Named.

A meeting of the house committees on employees resulted in the appointment of the following: Charles Gallham, bill clerk; James Keegan, bill clerk; E. Weeman, custodian; H. Wilkerson, custodian; L. A. Welch, clerk; H. C. Shultz, clerk; V. Becker, copy list; Grace Valley, copylist; Carl Janouch, clerk; John Leives, clerk; Mary Barr, stenographer; Agnes Carrag, copylist; Fred Smith, custodian; A. Waumer, custodian; George Blake Janitor; E. F. O'Sullivan, proofreader; Clara Fries, clerk; Archie Yoho, clerk; H. J. Thomast, clerk; Daley Jones, clerk; Beech Gannon, custodian; W. H. Cunningham, clerk; Wealthy Ravcroft, stenographer; George Sights, custodian; Con Horan, janitor; Samuel Kiser, gate-keeper; John Smith, janitor; J. H. Underwood, engraving clerk; Fred Moore, janitor; J. T. Hensley, custodian; Charles Weston, door keeper; Abraham Crawford, clerk; Mary L. Brady, copylist; —Wilkinson clerk; Neal Sullivan, cloak room; —Pohlarvis, bill clerk; Ashton Walker, copylist.

#### Senate Committee Changes.

A few changes in the membership of the standing committees as they were adopted by the senate were made on motion of Senator Ollis, chairman of the committee on committees. They were as follows: Reynolds of Dawes takes the place of Cordell of Rea. Willow on drainage and Cordell takes Reynolds' place on the labor committee. Plack of Saunders traded his place on prisons with Wilcox of Burt for a place on public lands and buildings. Eleven bills were introduced and twenty-four were put on second reading. Senator Wilcox was ill in bed and could not be present.

### MUNICIPAL LEAGUE'S PLANS

Draft of Bill Made by Thomas Pratt for Standardizing Accounts.

Lincoln, Jan. 13.—A system of standardized accounts for all the cities and towns and counties in Nebraska was advocated by members of the legislative committee of the Nebraska League of Municipalities, which held a conference here. A draft of such a bill was presented to T. H. Pratt, the chairman, and he was authorized to redraft it and have it presented to the legislature. The auditor is given control of the system and is authorized to appoint a corps of helpers or inspectors, who are to travel over the state and examine books everywhere. A resolution was also passed asking Senator Tibbets and C. E. Abbott, city attorney of Fremont, to draw up a commission form of government law on the model of the Kansas and South Dakota laws. A special meeting of the league will be called to indorse this action.

#### Nebraska Dairy Association Meeting.

Lincoln, Jan. 13.—The twenty-sixth annual meeting of the Nebraska Dairywomen's association, Jan. 18-20, will be held in dairy stock judging pavilion, University farm, Lincoln.

### DAIRY TRAIN GOES ON

Milwaukee and Burlington Will Keep Up the Good Work.

Des Moines, Jan. 13.—Iowa's dairy train, after a short stop in Des Moines, left for Berwick, the first stop on the northward trip.

The dairy special started on Jan. 3 from Oelwein and will end the two weeks' trip tomorrow evening at Dyersville. The train has been a huge success from the start and other trips are being planned.

Arrangements have been completed by Hugh G. Van Pelt, state dairy expert, for the running of the dairy special on the Milwaukee lines through Iowa from Jan. 20 to Feb. 11. After this tour is completed a two weeks' tour will be made over the Burlington lines.

The success of the dairy special over the Great Western and Wabash lines, which tour ends tomorrow night, influenced the other roads to decide definitely to operate these trains. So that by the time the tour of these other two roads is completed the state will have been most thoroughly covered by the state dairy experts.

### MYSTIC, IA., HAS \$150,000 FIRE

Blaze Finally Checked by Demolishing Two Buildings.

Mystic, Ia., Jan. 13.—Fire, starting in the rear of the M. C. Talbot's general merchandise store, destroyed that establishment and all the buildings on the east side of Main street, including a number of residences and places of business. The total loss is estimated at \$150,000, with insurance of \$60,000. The loss on the Talbot store is about \$80,000.

For a time the flames threatened to leap across the street and merchandise and household goods were hastily removed. Practically the entire town turned out to fight the flames, but were handicapped by a shortage of water, the supply being limited owing to the prolonged drought. The Centerville fire department responded to an appeal for aid, sending a chemical engine. The progress of the fire was finally checked by the wrecking of two buildings in its path.

### FEW MISHAPS IN IOWA SHOPS

Fatal Accidents Reduced 20 Per Cent During Past Year.

Mason City, Ia., Jan. 13.—Accidents which have proved fatal have been reduced during the past year 20 per cent among the factories of the state, was the assertion of L. Van Vleck of Waterloo, deputy labor commissioner, who is here making an inspection of local factories. Mr. Van Vleck said that there never was a time in the history of the state when factory conditions were better or the spirit of cooperation more friendly, that now between the factory owners and the commission. There were twenty-four fatalities during the year and all but one of these unavoidable.

Speaking of child labor, Mr. Van Vleck said that children under sixteen years composed 1.41 per cent of the factory labor of the state. There are practically no children under fourteen years of age employed.

#### Believe Thomas Was Drugged.

Council Bluffs, Ia., Jan. 13.—That Albert Thomas, the storekeeper of McClelland, who after an absence of thirteen days dropped unconscious at the door of his home Tuesday, was drugged and robbed by certain persons living within a few miles of his home, is the theory pronounced in that section. His mind is now clear, but is a blank concerning his experiences.

#### Farmer Has Close Call.

Council Bluffs, Ia., Jan. 13.—George Hoyt of Harrison county had a remarkable escape from death. While driving over the Northwestern tracks at Loveland, a fast train hit his wagon. Both horses were killed, the wagon was demolished and Hoyt was thrown forty feet. He is in a hospital at Missouri Valley, but will be out in a few days.

#### Alleged Heir Given Shro.

Sidney, Ia., Jan. 13.—Trial of the famous Holloway estate case, involving property worth \$60,000, was abruptly ended in the district court here when, as the result of a compromise, the controversy was settled by the payment of \$3,000 to Harry R. Treat of Minneapolis, who claimed to be the sole heir of the late H. M. Holloway.

#### \$13,000 Loss in Fire at Luton, Ia.

Sioux City, Ia., Jan. 13.—Fire starting in the Payne & Sargisson elevator at Luton, Ia., destroyed grain valued at \$13,000 and for a time threatened to destroy adjoining cribs, in which corn valued at \$30,000 was stored. Men armed with snow shovels used "the beautiful" effectively in blocking the progress of the fire.

## MORE MONEY IN THE BANK UNDER GUARANTY LAW

The frequency with which failures of banks and trust companies is being announced of late causes those of us who have favored a law by which the depositors in a bank would be fully guaranteed against loss, in case of a failure, tends to make one feel certain that the decision of the United States supreme court in sustaining the validity of the banking laws passed in Nebraska, Kansas and Oklahoma was a step in the right direction, and we opine it will be but a few years until similar laws are on the statutes of every state in the union—unless it be a few of the eastern states which are absolutely under the control of Wall street and the trusts. While the guaranty feature applies to state banks only we are firm in the conviction that the controller of currency will devise ways and means by which all national banks will be able to avail themselves of the opportunity to protect their depositors. In fact if no such right is given there is no doubt but that national banks will be forced to surrender their charters and become state institutions. A bank that is backed by state law—already passed upon by the highest tribunal in the land—will naturally attract deposits from conservative business men and women. Within a year from the putting into effect of the guaranty law in Nebraska it is predicted there will be millions more of money in the banks than at present.
