SUDDEN DEATH THIS MORNING NEAR MURRAY

From Tuesday's Daily

Mrs. Kahol, wife of Mr. Kahol, who resides four miles northwest of Murray, died very suddenly this morning at about seven o'clock, of what is supposed to be heart failure. She was in her ordinary health, so far as members of the family knew, this morning, and was about her household duties as usual when she was suddenly attacked by the disease and fell to the floor, where she was discovered by members of the family. Mrs. Kahol was assisted to a bed, but expired before medical aid could be summoned from Murray. Dr. Brendel was called, but when he arrived life had been extinct some time. The deceased leaves a husband and five children, the oldest being about thirteen years of age and the youngest about a month.

INTERESTING SUIT PENDING IN COUNTY COURT

From Wednesday's Daily.

Mr. Gregory, of near Murray, was in the city yesterday looking after some important business matters. The suit recently filed against Mr. Gregory in the county court, will not come up until the first Monday in February, that being the commencement of the February term of the county court. There has been some misunderstanding regarding the merits of the claim Mr. Young brings against the defendant, and their books do not correspond, Mr. Gregory thinks he will have no trouble in showing that the discrepancy is on the other side of the ledger, and there will be something due him when the matter is tried out in the court, as he will be able to show the delivery of more corn than he has had credit for. Mr. Gregory has not filed his answer and will not be compelled to do so until the first day of the term, but the case will be a very interesting one, and both sides will have an inning, and then it will be up to the jury, or court, to determine the controversy.

TEN THOUSAND PLUNKS FOR WIFE'S AFFECTION

Clark & Robertson, as attorneys for plaintiff, have filed a petition in the district court for Henry Van Achen against George Burnhouser for the alienation of the affections of Van Achen's wife.

The petition sets out in substance that plaintiff was married to his wife at Lincoln in 1904 and settled on a farm in Cass county, that thereafter in 1907, defendant began his courtship of plaintiff's wife and by flattery and valuable presents and by divers arts and unlawful means alienated the affections of plaintiff's wife, so that on August 14, 1907, plaintiff's wife abandoned him and went to Oklahoma where the defendant resides, and there brought suit against plaintiff for a divorce. The damage to plaintiff's affections and the mental anguish and the public ignominy and scandal brought upon plaintiff by defendant has damaged plaintiff to the amount of \$10,000, for which sum, with costs, he prays judgment. The defendant was in the county a few days ago long enough to be served with summons so that in the natural course of events, the case will be for trial at the next term of the court.

Chicken Gives Up Nuggets.

During the holidays, Geo. Timblin's family concluded they needed a little chicken meat for a change. A chicken was killed and prepared for the feast, but this chicken, unlike others, had a gizzard containing two gold nuggets. The nuggets were bright and smooth and weighed about \$3.00 worth of 24-carat gold. Now don't get excited, the story is true. Mr. Timblin has the nuggets, but he don't know just where that chicken was running. He thinks, however, that as his place is on the old government trail, that someone years ago lost a little gold and the chicken found it. He don't care to sell his chickens alive, but will part with them when their are gizzardless.—Weeping Water Republican.

Mrs. Ranard Improving.

From Wednesday's Daily.

Mr. A. O. E. Rainard, of near Murray, was in the city last evening expecting to meet his wife at the Burlington station. Mrs. Rainard has been at Immanuel hospital almost a week, being treated for an injury sustained by falling from a ladder. Her knee was sprained and although the accident happened some months ago, she has not regained the use of the knee. She phoned her husband Monday that she was improving and that she would be home in a short time.

The Time To Pay Up.

As this is the time of the year when all business men are required to meet their numerous obligations that fall due on the first of the year, we are compelled to call upon our friends to settle their little unpaid bills at this time. We have always been ready to favor our friends and patrons and ever regret that we are compelled to ask for a settlement at this time.

DEATH FROM RESULT OF ACCIDENT LAST FALL

Mrs. S. S. Gooding returned from her parents' home at Bolivar, Missouri, this morning, where she had been called by the last sickness and death of her father, Mr. Henry Richardson, which occurred on the 15th of this month. Mrs. Gooding arrived at her father's bedside two days before death relieved him of his sufferings.

Mr. Richardson's death was the result of an accident which occurred last fall when he received a broken hip as a result of a fall. He was in bed fifteen weeks before he died, and at the time of his death was 77 years 6 months and 11 days old.

He left surviving him a widow, his second wife, six sons and four daughters. He had resided near Bolivar on a farm for a number of years and had a large circle of friends there. The injury he received coupled with his advanced age, was more than his enfeebled strength could overcome.

Big Land Show at Omaha.

Mr. A. M. Axelson, manager of the Pioneer Land company, of Haxton, Colorado, was in the city over night, having come to Plattsmouth to look at a piece of property which parties wished to exchange for lands in Colorado. Mr. Axelson speaks in high praise of the land show in Omaha, which he visited yesterday, and will spend the day tomorrow viewing the grains and fruits from the western states. The Nebraska exhibit is a very creditable one. The Hill system, the Great Northern, has a great exhibit from the northwest. While the land show doesn't cover the space occupied by the corn show of last year, yet Mr. Axelson, who has seen both, thinks the land show the better of the two. The attendance is great and the exhibits fine.
