Saved at Death's Door.

The door of death seemed ready to open for Murray W. Ayers, of Transit Bridge, N. Y., when his life was wonderfully saved. "I was in a dreadful condition," he writes, "my skin was almost yellow; eyes sunken; tongue coated; emaciated from losing 40 pounds, growing weaker daily. Virulent liver trouble pulling me down to death in spite of doctors. Then that matchless medicine—Electric Bitters—cured me. I regained the 40 pounds lost and now am well and strong." For all stomach, liver and kidney troubles they're supreme. 50c at F. G. Fricke & Co's.

WILL WORK FOR FARMER SOUTH OF THE CITY

From Wednesday's Daily.

Charles Allen was gathered in by the night police Monday evening as a plain drunk and lodged in the city division of the county jail and was brought before Judge M. Archer early yesterday morning to be assessed for violating the ordinance of the city.

The prisoner was fined \$5 and costs, with a provision that defendant work on the streets of the city until fine and costs are paid. This clause is attached to all sentences rendered in police court for violation of the city ordinances, and there is no provision for jail sentence, except in default of payment of the fine. Here is where the city has been loser by not providing the rock pile or some other useful winter work for the violators. In the case of Charles Allen, there being no work which he could be put to to pay his board back to the city, the judge suspended sentence to allow Allen to go to work for a farmer south of town, and he departed for his job.

VETERAN BURLINGTON MAN DIES IN NEW YORK

Reports reached Lincoln yesterday that J. G. Taylor, formerly assistant treasurer of the Burlington railroad lines west, had died in New York city. No word has reached Lincoln concerning funeral arrangements. Some had thought that as Mr. Taylor's father lives on a farm near Seward the body might be brought west for burial.

Mr. Taylor was in the service of the Burlington railroad from about 1869 to 1903, having been succeeded June 1 of the latter year as assistant treasurer of the lines west by Carl J. Ernst, then of this city. Mr. Taylor had resigned and after his resignation moved to New York city. He was never married.

Mr. Taylor and T. E. Calvert came west from Massachusetts at about the same time, and both entered the employ of the Burlington railroad. Both bought farms of the company, taking land in Seward county. Mr. Calvert sold his land a few years ago, but it is understood that Mr. Taylor never parted with his Seward county farm. For a number of years Mr. Taylor was employed by the Burlington in a subordinate position. Then he was made paymaster and some time in the early eighties became assistant treasurer. Later he was made assistant treasurer and auditor, a very unusual combination.

Mr. Taylor had the absolute confidence of Mr. Perkins, president, and in charge of the system.

Mr. Taylor was about sixty years of age. His father, who lives near Seward, is said to be eighty-six years old.—Lincoln Journal.

The deceased started in under W. C. Brown, assistant treasurer, in 1870, in Plattsmouth, and remained here several years before the general railroad officers were removed to Omaha. He was a well known figure in this city, and many of our citizens remember him as a kindly young gentleman. It is a strange coincidence, however, that the late Paul Morton was connected with the B. & M. offices here about the same time that Mr. Taylor was, and that they both died in New York City, within a few days of each other.

THE CASE OF CARROLL VS THE VILLAGE OF ELMWOOD

In the list of cases reported in the state papers as having been reversed by the supreme court of Nebraska is one from Cass county entitled Carroll vs. Village of Elmwood, a case in which the plaintiff was represented by the late Judge A. N. Sullivan.

The controversy arose over the grass growing on the border of the unused streets, which was cut by the plaintiff and cured and ready to be used, when the city appropriated the hay, or the proceeds of it. Mr. Carroll brought suit before Judge Archer and on the trial of the case to the court showed that he owned the lots abutting on the streets where he had cut the hay, but the court took the

view that the village had the title to the street and that while Mr. Carroll could use the street for passing along that portion of the village, he had no right to appropriate the grass, any more than he would to standing trees.

The case was appealed by Mr. Carroll to the district court and the matter called for trial October 14, 1908, after proceeding for a time and after hearing the evidence, the court instructed the jury to bring in a verdict in favor of the village, which was done.

The decision of the supreme court sustains both the district and justice courts.

VERIFY IT

The Proof Is In Plattsmouth Almost at Your Door.

The public statement of a Plattsmouth citizen is in itself strong proof for Plattsmouth people, but confirmation strengthens the evidence.

Here is a Plattsmouth citizen who testified years ago that Doan's Kidney Pills relieved sick kidneys and now states the cure was permanent. Can any sufferer from kidney ills ask better proof? You can investigate. The case is right at home.

Herman Tiekoeffer, Ninth and Day streets, Plattsmouth, Nebraska, says: "I never used another medicine that brought as great benefit as Doan's Kidney Pills. My kidneys were disordered and there was a dull, tired ache across the small of my back that distressed me a great deal. If I stooped, my back pained me severely and in the morning when I arose, I felt as tired as when I went to bed. Hearing Doan's Kidney Pills highly praised, I procured a box at Rynott & Co's drug store and I did not take them long before I was entirely relieved." (Statement given June 8, 1906.)

No Trouble Since.

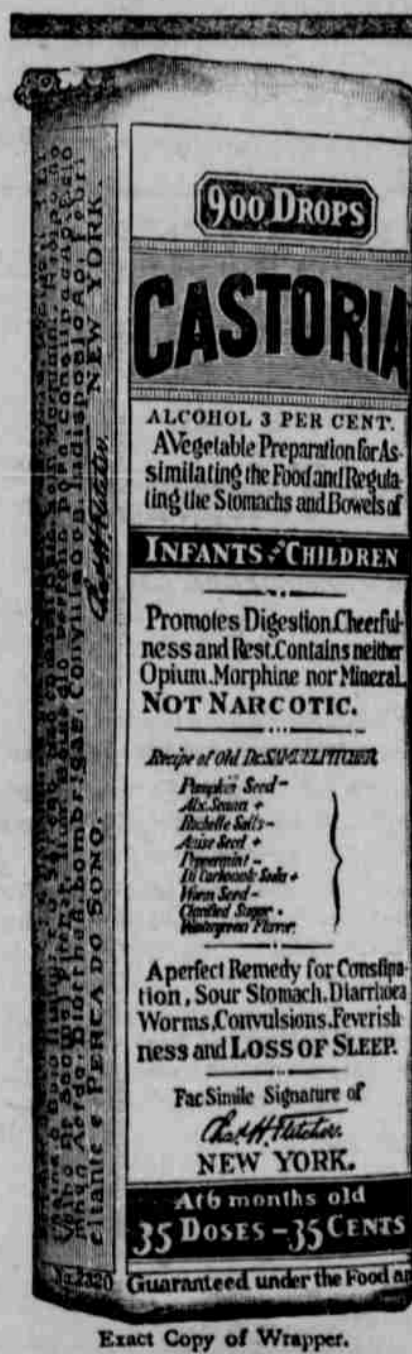

On December 29, 1908, Mr. Tiekoeffer said: "I cheerfully confirm my former endorsement of Doan's Kidney Pills. I have had no trouble from my kidneys since this remedy cured me."
