

## WATCH FARM DEVELOPMENT IN WYOMING

The Board of Army Engineers appointed to apportion the Reclamation Fund to the various projects, has set aside \$2,000,000 from the special fund, and \$2,185,000 from the regular fund for use in the North Platte Valley project in Wyoming and Nebraska, and \$2,000,000 from the regular fund to complete the Shoshone project in the Big Horn Basin, Wyoming, making a total of more than \$6,000,000 that will be spent by the Government upon these two projects, in making desirable homes in Wyoming for our citizens.

### CAREY ACT PROJECTS

SEVERAL MILLION DOLLARS will be spent by private companies in Wyoming, and many of the projects will be pushed rapidly to completion.

Just think what the expenditure of SEVERAL MILLION DOLLARS for irrigation is going to mean to the State of Wyoming. It means work at good wages for many people, many new opportunities to get valuable farm homes, more new growing towns and business locations.

## OMAHA ELKS TO CELEBRATE SILVER JUBILEE

Twenty-five years ago a small band of men met, and with the assistance of the Chicago Lodge, Omaha Lodge No. 39, B. P. O. E., was organized and instituted. For a time they met weekly in a small hall. From this humble beginning has developed a membership of nearly fifteen hundred, and they now occupy a magnificent home of their own in the center of the business district of Omaha.

Omaha Lodge No. 39 is now twenty-five years old, and to celebrate this event a mammoth stag social will be given in the auditorium on the evening of February 13th. This will be the largest and most unique affair of the kind ever put on in the west. There will be addresses by Hon. I. J. Dunn, the silver-tongued orator and statesman, and also by the famous toastmaster, Hon. Carl E. Herring, who will be master of ceremonies.

Another feature of the program will be a wrestling exhibition by Farmer Burns and his wrestling partner, and also the two sons of Farmer Burns. Another feature of the program will be the Russian premier danseuse, Mile. Begerlwith, with the Imperial Russian Ballet. This is the first appearance of this bright star of the theatrical world since she was here at one of the Ak-Sar-Ben festivities several years ago. Many other spectacular features will be embodied in this unique program and a good time is guaranteed everybody. There will also be refreshments for the inner man served at the close of the program. All Elks are invited to be present, and will be admitted at the door on presentation of their membership card.

## HIGH-SCHOOL NOTES OF CONSIDERABLE INTEREST

Rev. Lew Wallace Gade will preach the sermon to the graduates of the high school on Sunday evening, May 23, next.

At an election among the members of the senior class Mr. Matthew Herold was selected to deliver the salutatory and Mr. John Falter the valedictory at the commencement exercises, May 25th.

Supt. Abbott has invited Senator Hitchcock to deliver the address to the graduating class on commencement night. The senator has not yet replied to the invitation, but it is hoped that his numerous duties may permit him to comply.

The high school debating squad, although selected, the names are not yet given out, will meet the South Omaha team in two weeks, at that place. The question for discussion being: "Resolved, That the policy of the United States in maintaining the navy in its present efficiency is preferable to substantially increasing it."

It is to be regretted that Superintendent Abbott may find it necessary to appear in the county court with complaints against two or more vicious boys, who, it appears, prefer to attend school at Kearney, than to comply with the reasonable rules of the Plattsmouth schools.

## DELIGHTFUL KENSINGTON AT THE DONNELLY HOME

From Saturday's Daily.  
 The ladies of the St. Mary's Guild held a most delightful Kensington at the cozy home of Mrs. James Donnelly on Vine street, yesterday afternoon.

A very entertaining musical program was rendered, which elicited many compliments from those who were fortunate enough to be present and enjoy it. Little Norris Arthur Smith was on for a recitation and very much delighted the company with his cute way of reciting. Then too, there was an instrumental selection by Miss Verna Cole and one by Miss Emma Cummins. Mrs. Anna Britt contributed a vocal solo and Miss Dorothy Britt a piano solo, all of these numbers being given in their usual charming manner.

There were a number on the program, who, on account of sickness were unable to be present. Following the program the ladies spent some time with their fancy work and engaged in social conversation. A dainty as well as delicious luncheon was served, which the ladies found appetizing and pleasant. At the close of the beautiful winter's day, the ladies dispersed, indebted to the ladies in charge for the splendid afternoon's entertainment and to Mrs. Donnelly for her kind hospitality.

The ladies, who assisted Mrs. Donnelly on this occasion, were Mesdames Livingston, McDaniel, Falter, Guy McMaken, Moore, Misses Leonard and Florence Dovey.

## BEVERIDGE FIRES OPENING GUN

Fight for Approval of Reciprocity Treaty Begins in Senate.

### VITAL PRINCIPLE IS INVOLVED.

Details, Indiana Senator Says, Are of Little Significance and Can Be Adjusted in Light of Future Experience—Mistakes Easily Corrected.

Washington, Feb. 10.—The first gun in the congressional battle over Canadian reciprocity was fired in the senate.

Senator Beveridge (Ind.), an insurgent, was the marksman, and he lined up on the side of the administration. He did not make a pretense of representing others of the progressive Republican camp.

Beveridge welcomed the compact as the first concrete evidence of the establishment of such relations with Canada as, he thought, the United States would maintain with a country so closely adjoined physically and with a people so intimately allied with Americans in kinship and interest. Contending for the importance of the principle involved, he urged the necessity for prompt and decided action.

The details, he said, were of comparatively little significance and might well be left to future adjustment.

**Friendship Instead of Hostility.**  
 "Shall the United States and Canada begin the policy of mutual trade concessions and commercial friendliness? Or shall we make permanent the policy of trade obstruction and commercial hostility between the countries?"

Thus asking, Beveridge said these were the real questions which must be answered in dealing with the reciprocal agreement. His general position was then announced as follows:

"If some think that the agreement is not all that it should be because of the treatment of a few articles, the answer is that even if this objection is sound as to those few details, yet it is negligible when compared with the importance of getting this great national policy established.

**Mistakes Easily Corrected.**  
 "If the agreement is enacted into law and proves beneficial to the nation as a whole, it is certain to be extended as time goes on and the two peoples experience its good effect. If, on the other hand, it should prove harmful to the nation as a whole it could be repealed quickly.

"We do not need to protect our people from the Canadian people. What we need is to make it easier for Canada to freely buy from us the things it needs and that we produce. What we need is to make it easy for our people to buy from Canada those things which our people need instead of making it hard for them to do so."

Argument was then presented to show that the natural resources of Canada might be depended on to reduce the cost of living in this country and to replenish the loss suffered by the premature destruction of American resources.

## WILSON REPLIES TO GRANGE

Secretary of Agriculture Answers Argument Against Reciprocity.

Washington, Feb. 10.—"The pending reciprocity treaty with Canada will go some distance towards meeting the demands of the people at the last election without interfering with the policy of protection as applied to the whole world." This is the conclusion of James Wilson, secretary of agriculture, in an answer on behalf of the tariff administration to the National Grange's declared opposition to the proposed agreement.

The answer is in the form of an open letter made public, addressed to the legislative committee of the National Grange, Concord, N. H.

Secretary Wilson argues that the cost of production in the United States and Canada is more nearly identical than it is between the United States and any other country, that the same difficulties with regard to farm labor exist on both sides of the international line and that Canadian and American farming methods are virtually the same.

## COMMONS DEBATES TREATY

Amendment Urging Fiscal Reform Is Voted Down, 324 to 222.

London, Feb. 10.—The amendment to the address in reply to the speech from the throne, introduced in the house of commons by Austen Chamberlain, urging fiscal reforms, with special reference to the proposed reciprocity amendment, was rejected by a vote of 324 to 222. The laborites and the nationalists voted with the government.

**Anti-Reciprocity Resolution Killed.**  
 St. Paul, Feb. 10.—The house, by a vote of 63 to 50, killed the resolution directing the Minnesota representatives in congress to work for the defeat of the Canadian reciprocity agreement.

**Connecticut House Indorses Treaty.**  
 Hartford, Conn., Feb. 10.—Reciprocity with Canada was indorsed by the house, but in the senate the matter was tabled.

## SOME SUGGESTIONS ON MATTER OF SCHOOL LAWS

If the Nebraska school men want to benefit our public schools they should recommend some such laws as these:

Making it a crime punishable by imprisonment for any teacher, principal, superintendent, or school board to confine any school child continuously in one seat in one room for a period to exceed two hours at one time, without "recess" or dismissal, no matter what the age of the child is.

Prohibiting football and other strenuous athletics which give the most vigorous children all the exercises while the weaker ones, who need exercise most, sit by and rah-rah!

Compelling more face to face, mouth to ear, instruction and less examinations, tests, tablet and pencil, nerve-killing, tomfoolery which checks originality, confuses the child and wastes time which should be spent in encouraging the child to think.

Less attention to individual drinking cups and more to individuality. Compelling school courses to be arranged for the benefit of all pupils, not the one or two per cent who finally reach the State University.

Compelling school books, school arrangements and courses of study to be gotten up for the convenience and benefit of the pupils and not for the benefit of the teacher.

Arranging the teaching of mathematics so that puzzles are excluded, and basing the course on the average person not on the superior knowledge of some Boston freak.

Arranging the study of history so it will give the child some knowledge of peoples and dammit of kings and politicians.

### Peace Warrant Sworn Out.

Mrs. Jesse Blunt, who has been residing with her parents and apart from her husband for some time, appeared with the county attorney this forenoon and, before Judge Archer, and lodged a complaint, in which it was charged that defendant had made threats against complainant, and on divers times since the first of February of the present year, threatened to kill his wife, told her he would blow her brains out, and moved his hand in the direction of his pistol pocket. Also said he would blow her brains out through the window. A warrant was issued and placed in the hands of the sheriff who placed Blunt under arrest. Defendant was taken before Judge Archer and the cause was continued until 2 o'clock this afternoon.

On the hearing this afternoon Judge Archer found the complaint true and required the defendant to give a bond in the sum of \$200 conditioned upon his keeping the peace generally and especially toward his wife, the complainant.

**Entertainment Postponed.**  
 A message was received from Joe Mik, of the Omaha Sokol society, informing the local society here that on account of four members of his troupe being sick, two of them in the hospital, it will be impossible to give the play advertised for February 12, and the coming of the Omaha players will be postponed to a later date.
