

# WATCH FARM DEVELOPMENT IN WYOMING

The Board of Army Engineers appointed to apportion the Reclamation Fund to the various projects, has set aside \$2,000,000 from the special fund, and \$2,185,000 from the regular fund for use in the North Platte Valley project in Wyoming and Nebraska, and \$2,000,000 from the regular fund to complete the Shoshone project in the Big Horn Basin, Wyoming, making a total of more than \$6,000,000 that will be spent by the Government upon these two projects, in making desirable homes in Wyoming for our citizens.

## CAREY ACT PROJECTS

SEVERAL MILLION DOLLARS will be spent by private companies in Wyoming, and many of the projects will be pushed rapidly to completion.

Just think what the expenditure of SEVERAL MILLION DOLLARS for irrigation is going to mean to the State of Wyoming. It means work at good wages for many people, many new opportunities to get valuable farm homes, more new growing towns and business locations.

## SHALL THE CITY OF PLATT- MOUTH OWN WATER PLANT?

On March 11, 1886, nearly 25 years ago, the city of Plattsmouth granted to George B. Inman and to his successors and assigns, a franchise to construct, operate and maintain a system of water works for our city. That system of water works was constructed and ever since, has been operated, thus bringing into the homes—the homes of our citizens water, that had previously been supplied by expensive wells, requiring great labor to construct and requiring much labor to pump and draw water therefrom. This water system has also furnished to our firemen the means of extinguishing fires in our city, thus preventing great loss in property as well as homes.

The franchise of this water system, will expire March 11, 1912, and it will be necessary to renew the same if we keep our supply of water.

It is only a little more than a year until this franchise will expire and it is not too early now for the people of Plattsmouth to begin a discussion and consideration of the question of renewal of the franchise or of some other means of supplying our city with water.

Many leading and enterprising cities—some even smaller than Plattsmouth, own their own water plants, and it is not too early for the people of Plattsmouth to consider the expediency and advisability of preparing to own their own water plant. The matter of cost, and whether or not ownership by the city would reduce the cost of water to consumers, are questions which the people of the city should now consider.

Statistics from many cities which own their own water works, show that much expense is saved to the water consumer and the net incomes from the plants thus owned, come back into the city treasury.

This is a matter which ought to interest everyone who wishes to see "Plattsmouth Succeed," and there is certainly no one within the city who does not entertain this wish.

During the last few years, and especially during the last year, Plattsmouth has forged forward as she has not done for many years. Fifty thousand dollars for a new postoffice building, now under construction. Sixteen thousand dollars in new paving and a large portion of the same already paid for. Indebtedness largely reduced and expenses cut down.

Being most earnestly interested in the advancement and prosperity of Plattsmouth, I suggest the foregoing for the consideration of the people of Plattsmouth.

Plattsmouth, Neb., Feb. 13, 1911.  
John P. Sattler,  
Mayor.

## SHOOTS GOOD COW FOR SCHLATER AND FITZGERALD

From Tuesday's Daily  
Schlater and Fitzgerald yesterday sustained the loss of a valuable cow which had been running in their pasture north of this city. The animal died from a rifle shot fired by some person intentionally or by accident. From the location of the wound it is probable that some irresponsible youngster fired the shot not caring whether he killed the cow or not. The rifle ball had entered the eye of the animal and doubtless penetrated the brain. The cow was valued at \$50.00 and would have been a fresh cow in a short time.

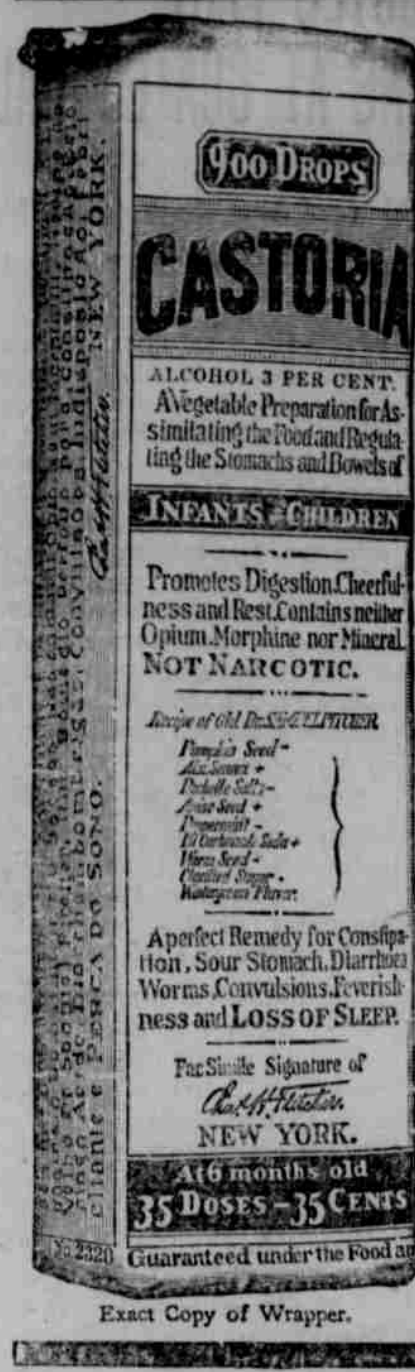

The fact that the shot had struck the eye indicates that the miscreant aimed at the eye as a target, and recklessly slaughtered the animal to gratify a whim. The guilty person should be run down and properly punished, no matter who he may be. Anyone who would carelessly slaughter live stock of another ought to do time in the penitentiary.

## Has New Grand Daughter.

Judge Archer was summoned to the Bell 'phone yesterday to talk with his wife at Omaha, who reported the arrival of a nine-pound girl at the home of her daughter, Mrs. Corley, yesterday afternoon.

The judge made the request that the little Miss be named Mike, in honor of his granddad, but could get no definite promise.

## BERT FICKLER PAYS A BRIEF VISIT TO PARENTS

From Wednesday's Daily.

Bert Fickler, a former Cass county boy, came down from Omaha last evening to spend the night with his parents, south of town, and while in the city gave the Journal a pleasant call, and had his subscription to the Old Reliable extended another year. Bert lives near Stanton, Nebraska, where he located nearly six years ago, and is doing remarkably well. He brought to South Omaha a couple of cars of stock which reached almost the top-notch on the market, and he was feeling elated over his good sale. He returned home today. It will be remembered that his brother, Lee, not long since was a contestant in a wrestling match in Stanton, and Bert gave us the following clipping from the Stanton Register, in reference thereto:

"About 150 enthusiastic sports saw one of the best wrestling matches in the Raabe opera house that was ever pulled off in this part of the state. Walter Sonnonschein was referee and Chas. Plageman timekeeper. O'Dell was 20 pounds heavier than Fickler, but in quickness and knowledge of the game Fickler was his equal. The match was for \$100 and gate receipts, and O'Dell was to get two falls in an hour. The first fall came in 37 minutes, but O'Dell could not get another fall. It was on the square and if the two men should appear here again double the crowd would be out to see them. An opening preliminary bout between the Woods was won by Cal Woods in 10 minutes."

## School Teachers Entertained.

Mrs. Mae Morgan very informally entertained the teachers of the Central building last evening at her home in a most delightful manner. The time was very pleasantly passed in several amusements interspersed with music and social conversation, in fact the teachers had intended making the evening one of frolic and one in which they would forget all the cares and troubles of teaching school. Just prior to the close of the evening's entertainment an old-fashioned taffy pull was indulged in, which created some more fun and some fine home made candy was manufactured ere they took their departure. The teachers were very much indebted to Mrs. Morgan for the splendid time afforded them.

## In County Court.

From Wednesday's Daily.

Judge Beeson this morning heard the evidence on the petition of Erik Lorenson for the probate of the will of her deceased husband.

Hans Johnson, the Weeping Water merchant was a witness to the execution of the document, and testified to the court as to the competency of the testator at the time the will was signed. The widow was appointed executrix of the will.

The court also heard the report of D. M. Johnson, guardian of the estate of Anna Coon, incompetent from age, and the report was approved. Mr. Johnson was present in court during the hearing.

## Sounds Warning.

Ferguson, the weather wizzard, was in the city this morning from his home in the precinct, and made no bones of knowing just what the weather will be this spring, and the sort of season farmers may expect. Mr. Ferguson says farmers want to look out for their bottom land this spring, and get the crop in as soon as the frost is out, as that will probably be the last time they can get in the field, as one extreme follows another in his nature book.

## President Helps Orphans.

Hundreds of orphans have been helped by the president of the Industrial and Orphan's Home at Macon, Ga., who writes: "We have used Electric Bitters in this institution for nine years. It has proved a most excellent medicine for Stomach, Liver and Kidney troubles. We regard it as one of the best family medicines on earth." It invigorates all vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up pale, thin, weak children or rundown people it has no equal. Best of female complaints. Only 50c at F. G. Fricke & Co's.

## A PRETTY HOME WED- DING NEAR NEHAWKA

A simple but very pretty wedding occurred on February the 8th at the home of Rev. Spriegel, at Nehawka, when Miss Martha M. Spriegel and Mr. Henry C. Young were united in marriage in the presence of only the immediate family.

Just at the noon hour the bridal couple entered the parlor to the strains of the beautiful German wedding song, "Frohes Gelaut," sung by Miss Magdaline Spriegel, a sister of the bride. The simple, yet impressive ceremony was performed by Rev. Spriegel, father of the bride.

The bride is the second daughter of Rev. Spriegel and is well known to the community in which she resides, having resided at Nehawka for many years. In June, 1905, she graduated from the Still Hospital Nurses' Training School at Des Moines, Ia., and in September of that year took charge, as head nurse, of the Lincoln hospital at Lincoln, Neb., which position she held for four years, the last year being spent in private nursing.

Mr. Henry C. Young is a prosperous farmer and a young man of sterling qualities.

Mr. and Mrs. Young will go to housekeeping at once on a farm near Avoca, Nebraska.

## Won't Need a Crutch.

When Editor J. P. Fossman, of Cornelius, N. C., bruised his leg badly, it started an ugly sore. Many salves and ointments proved worthless. Then Bucklen's Arnica Salve healed it thoroughly. Nothing is so prompt and sure for Ulcers, Boils, Burns, Bruises, Cuts, Corns, Sores, Pimples, Eczema or Piles. 25c at F. G. Fricke & Co's.

County Attorney C. H. Taylor was called to Weeping Water last evening and departed for that place on the midnight train.
