VISIT TO THE STATE CAPITAL

Col. M. A. Bates Meets Many Old Friends in Lincoln.

The writer spent a few hours at the state capital Monday, and had the pleasure of meeting many of those who served with us two years ago, and with whom we spent a few pleasant moments. Several of the members of the house two years ago are now members of the senate. The fact is the legislature is doing some good work of some of the best measures already introduced do not lose out in the sifting committee room the last two weeks of the session. The time is up for the introduction of bills, and it is estimated that fully eight hundred have been presented in the house and over five hundred in the senate. The chance of all those bills getting through is very slim, and perhaps some that should go through will be lost in the shuffle. The capital removal question will lose out, even if it ever comes up again. That is the opinion of many who have heretofore been in favor of removal. Senator Banning wields considerable influence in the senate and is right in the front rank of the leaders of that branch of the legislature. In the house Hon. C. E. Mitzger is one of the most prominent members and is a hard worker. He is very popular with all and there is no question as to his making good in the way of doing good work for his constituents. Hons. W. H. Puls and Fred Nitzman, while unpretentious in their work, are both incessant laborers and are ever watchful to the interests of their section of the country and the people. We had the pleasure of an interview with Speaker Kuhl, and he gave us the glad hand the same as ever. His elevation to the speakership does not swell his head in the least and we found him to be the same John Kuhl. Chief Clerk Richmond is making good and is very popular with all the members. He is filling the position to the credit of himself and the legislature. Take it all in all, we enjoyed our visit and was highly elated with the warm greeting tendered us by our friends, many of whom regretted that we were not with them in this session.

MR. AND MRS. T. E. TODD RETURN FROM CALIFORNIA

From Tuesday's Daily
Mr. T. E. Todd and wife arrived from Long Beach, California, this morning, where they have been spending the winter and accumulating flesh. Both Mr. and Mrs. Todd are looking in prime physical health and have enjoyed their stay on the coast immensely. They left Long Beach a week ago, but stopped in Denver for a couple of days to visit friends and rest from the fatigue of the journey. They encountered seven inches of snow in Denver; there was also considerable snow in the mountains through which they came.
Mr. and Mrs. Todd left the Cass county colony at Long Beach enjoying health and prosperity and everyone happy. Mr. Todd says he is anxious to begin planting corn.

Charged Under Peace Warrant.

After talking over the situation concerning Lester Wright with his father and brother yesterday afternoon, County Attorney C. H. Taylor filed a peace complaint against the young man who attempted suicide Saturday afternoon at the home of his father near Greenwood. The complaint was made out on account of the threats made against the life of his father. A hearing was had yesterday afternoon about 3 o'clock before Judge Beeson and Lester Wright was put under \$200 bond to keep the peace. In default of a surety the defendant was sent back to jail, but he may be able to give the bond within a few days.

Card of Thanks.

The members of the Ladies' Aid society of the M. E. church desire to express their thanks to Rev. Austin for taking charge of the management of having the basement of the church finished up and to the others who so kindly donated their work, but especially are they very much indebted to Rev. Austin, for if he had not taken the management of the work it would not have been done.

Will Remove to Plainview.

Mr. George W. Horn and family, who have been residing on a farm near Cedar Creek, are shipping their stock and household effects preparatory to removing to Plainview, Nebraska, and the family will depart for that point within the next few days, where they expect to reside in the future. Before taking their departure Mr. Horn called at this office and ordered the Journal sent to his address in order to keep tab on happenings at home and to keep the Horn family from getting homesick.

NEW HOTEL BILL IN LEGISLATURE

Enforcement of Its Provisions Will Cost \$6,000 in Two Years

The committee on miscellaneous subjects of the house, at a meeting held Monday night, discussed the compromise hotel bill agreed upon by representatives of the Nebraska Travelers' association and the Hotel Keepers' association, and it was reported after the meeting that the report thereon would be favorable to its passage. The new measure embodies changes in the law agreed upon at a conference held by hotel men and travelers at Omaha on January 30.

The bill provides for the establishment of a hotel commission in this state, making the governor the hotel commissioner and placing upon him the duty of seeing that the law is enforced. He is required to appoint a deputy hotel commissioner, who shall be paid \$1,800 a year, and the deputy may employ one stenographer at a salary of \$70 a month. The deputy will hold the office at the pleasure of the governor.

The bill provides for proper ventilation in all hotels and restaurants, proper lighting and proper sanitary conveniences. The legal size of bed sheets shall not be less than 99x99 inches. Clean and sanitary bed clothing is required. Public wash-rooms and clean towels must be provided in every hotel and restaurant. Much attention is given to fire protection and specifications showing what is required in the way of fire escapes, fire extinguishers, standpipes, etc., are given. Section No. 15, which may have been mutilated by amending, reads:

"In every existing hotel—exceeding fifty-five and not over one hundred feet in height, unless already provided with a three-inch or larger standpipe and in all buildings hereafter erected exceeding fifty-five and not exceeding one hundred feet in height shall be provided with a vertical standpipe of not less than four inches in diameter."

In buildings exceeding one hundred feet in height the standpipe must be six inches in diameter. The language used in this paragraph is the same as in the preceding, with the exception of the height of building and size of standpipe.

The size of the pipes, the manner of fastening and the number and size of openings are provided for. These standpipes must have openings for every floor and on top of the building, and must have slamese automatic valves at the bottom, properly adjusted to the pipe about one foot from the ground, set at an angle of forty-five degrees, and "all openings shall be toward the building." This latter provision makes it difficult for fire departments to make couplings to the standpipes, if carried out.

Violation of the law subjects hotel men to criminal prosecution, and the hotel may be closed where the law is persistently violated.

The bill, it is understood, will be reported carrying an appropriation of \$6,000 for the biennium.

EARLY HATCHES OF CHICKENS NUMEROUS

Since coming off the press last evening with the startling announcement that Mr. C. C. Wescott, the Plattsmouth chicken king, was out of the woods with his hatch of spring "broilers," the Journal has been respectfully differed with in three distinct instances in its conjecture that Mr. Wescott had the first hatch of the season.

It was reported at the desk this morning that Colonel Bates' and Mike Stiles' biddles brought off little chicks two weeks ago, and Theodore Stuecklin's old setting hen came off with her brood as long ago as a week. But these just mentioned were common chickens, and what we intended to say yesterday was that Mr. Wescott is the first Buff-Orpington chicken breeder to bring off a hatch this season, that is until we hear from some other person to the contrary.

Mr. L. A. Moore went to Omaha on the morning train today, where he was called on business for a few hours.

EXPECTS TO LOSE IN FIRST ROUND

Arrested for Violating the Occupation Tax Ordinance for Ten Days, Amounting to \$100.00

From Wednesday's Daily
The case of the state ex rel City of Plattsmouth, against R. Coffield for violation of the occupation ordinance of the city was set down for 10 o'clock this morning before Judge Archer. The defendant was on hand, but the matter had to be postponed until 2 o'clock on account of the absence of Matthew Goring, who appears for the defendant. Mr. Coffield stated this morning on the street that he expected to be beaten in the first round, but that the matter would be appealed to the district court, and, if he had as good luck as he had in a similar suit not long ago in this state, he expected the matter would be dropped in the district court. The defendant claims that he is doing an interstate business and the constitution of the United States is against his arrest and imprisonment for the debt.

Another whirl was given to the wheel this morning when City Attorney Ramsey filed a civil suit against Mr. Coffield for the collection of the sum of \$100 occupation tax. The petition alleging in substance that the defendant canvassed, sold and delivered goods, wares and merchandise in the city during the months of January and February, 1911, without having procured an occupation license or paying the tax of \$10 per day, as the ordinance provides. That the defendant did his canvassing and selling during ten days, for which there was due the city the sum of \$100, for which judgment is prayed. Affidavit in attachment was filed and the First National bank and H. N. Dovey were garnished. Attorney A. L. Tidd appeared for the Commercial club, and a hotly contested suit will no doubt be the outcome.

In County Court.

State of Nebraska, Cass County, ss.
In the matter of the estate of John E. Leasley, deceased.
Notice to creditors of said estate is hereby given that all claims against said estate must be presented and filed within six months from the 4th day of March 1911, and that hearings will be had before me at Plattsmouth, Nebraska, March 4th, 1911, and September 6th, 1911, at 9 o'clock a. m., of each day.
Witness my hand and seal of said County Court, this 1st day of February, 1911.

County Judge.

WILL REMOVE TO IOWA TO MAKE THEIR HOME

Mr. Andy Smith and wife left this morning for near Thurman, Iowa, where they will farm on the 400-acre farm of Mr. Jacob Tritsch, which was occupied by Charles Miller for some time. Mr. Smith shipped out two carloads of household goods, farm machinery and stock last night and sent four men with the cars to see that they were unloaded as soon as they arrive. Mr. Smith has been troubled with an attack of rheumatism for three or four days and is hardly able to get around, but does not expect to let this keep him down long. Andy subscribed for the Journal and will keep posted on the doings in old Cass county.

Attorney D. O. Dwyer was called to Omaha on business this morning, and departed on the early train.

RECEIVES MOST HANDSOME WORK OF ART

From Tuesday's Daily
A few days ago Mr. and Mrs. W. H. Seybert received a beautiful enlarged picture of their three children, Honor Marie, Frances Rachel and William Jennings, from their adopted son, W. G. Dennison, who has been in the United States navy for the past five years. The picture was enlarged from an ordinary postal photo taken at the Leonard gallery in this city about five months ago. The work was done in Yokohama, Japan, and mailed from Shanghai, China, some weeks ago, and made the journey in a metal pouch. The work is a beautiful piece of artistic work, the picture being on silk cloth, and is life size, as well as life like. On each upper corner is worked in silk a beautiful reproduction of the United States flag, with flowers and foliage between.

Mr. Seybert brought the picture down to be framed today. It is certainly a beautiful piece of work and the possessor of it may well prize it highly.
The donor is serving his second term of enlistment in the navy, being reenlisted on a second four-year enlistment about a year ago, and is now in Pacific waters.

KIDNEY DISEASES AMONG HORSES AND THEIR CURE

Diseases of the kidneys and urinary system in horses has been well known for more than 35 years, and have been described by various authorities, and as long ago as 1890 the Agricultural Department at Washington published accounts of the treatment of such diseases, and for more than 35 years W. D. Jones, of Plattsmouth, Nebraska, has successfully treated all such diseases.

More than 35 years ago John Fitzgerald had a fine tea mgo down on the street in this city with the same form of kidney and urinary disease, both of which were effectually treated and cured by Mr. Jones. More than 15 years ago Mr. Holschuh had a fine team go down with the same disease, and upwards of 12 years ago Mr. Henry Kaufman had horses affected in like manner with kidney disease, and in each instance Mr. Jones treated and cured the horses. Many other instances could be cited. Ask Mr. Rhoden or Mr. Eddie Todd or scores of other stockmen who have tried Jones' Kidney Medicine and Colic Cure. Any one who says that such diseases have not been known more than five years is ignorant of what he is talking about.

Jones' Cleansing Powder for purifying the blood and stimulating the appetite, is especially valuable for horses at this season of the year.

Jones' Linament for horses is unexcelled for cuts (especially barbwire cuts), and sore shoublers.

Jones' Eye Lotion for weak eyes or blue eyes, and all eye diseases, has no superior on the market.

In all cases of cattle suffering from sore mouth and enlarged tongue caused from eating poisonous and irritant plants in dry pastures, can be cured with twenty cents' worth of medicine given in the mouth of the suffering animal.

Farmers neglect the proper care of the horse's teeth, probably more than anything else in the care of their stock. Mr. William D. Jones is prepared to dress the teeth and render all necessary service in treating horses, cattle and other stock.

All of the above medicines are prepared by F. G. Ficke & Co., Plattsmouth, Nebraska, where they may be obtained at any time.

We are very much pleased to list of Journal readers, too.

Brought Home Sick.

Earl Hassler was taken very sick in Omaha Monday morning and was unable to participate in the graduating exercises last night at the Creighton School of Pharmacy. His father went to Omaha yesterday and brought him home last evening. Earl was in the front rank of the graduates and it was unfortunate that he was unable to take part in the exercises. The Journal trusts that his young friend's sickness is of but short duration.
