left this week for Scotts Bluff county, where they will try irrigation farming. Their many Louisville friends wish them success in their new homes.

Mrs. Charles Urwin of Wibaux, Montana, is visiting here with her parents, Mr. and Mrs. James Brobst. The Urwins moved to the far north last spring, but she says they have not noticed the cold and that all the Louisville people who went there are pleased with the country, are doing well and would not think of coming back.

Grandma Beck is numbered with the sick.

Mrs. Beaver went to Kearney Tuesday morning as a delegate from the R. N. of A. to a state meeting.

Miss Ella Sutherland has resigned her position in the postoffice and will engage in work in Lincoln.

A. V. Wollen drove over to Ashland Wednesday to attend the funeral of his grandmother. The old lady was close to the century mark.

William Mueller has rented the Rogge elevator for the coming season and asks a share of the public patronage. Mr. Mueller is now ready for business.

Born—To Mr. and Mrs. August Roettger of Berlin, on Saturday morning, a son and a daughter. Grandma Penterman, Aunt Kate and Aunt Sylvia Penterman drove down Monday morning to see that no harm befell them.

Fred Lenz and Jeffery moved in this week from Jefferson county. They occupy the G. L. Berger place southwest of town, Mr. Lenz having purchased the farm a year or so ago. The Leader-Echo is pleased to extend to these estimable people a royal welcome to our midst.

Mrs. James Durbin, son, Buster, and Miss Ethel Wilson left Wednesday morning for Thurman, Iowa, for a few days' visit with Mrs. Durbin's new grandson at the home of Mr. and Mrs. Irvin Myers. Jim batched Wednesday and would have batched longer had it not been for his daughter, May, who came home Wednesday evening from Weeping Water.

CERTAIN RESULTS

Many a Plattsmouth Citizen Knows How Sure They Are.

Nothing uncertain about the work of Doan's Kidney Pills in Plattsmouth. There is plenty of positive proof of this in the testimony of citizens. Such evidence should convince the most skeptical doubter. Read the following statement:

Mrs. James Hodgert, 1102 Main street, Plattsmouth, Neb., says: "I suffered a great deal at times from dull, heavy pains across the small of my back, especially severe when I stooped or brought any strain on the muscles of my loins. About two years ago I learned of Doan's Kidney Pills and they brought me such prompt and positive relief that I have since used them whenever I have felt in need of a kidney remedy. I procured Doan's Kidney Pills at Rynott & Co.'s Drug Store and do not hesitate to recommend them."

The above statement was given in June, 1906, and on December 30, 1908, Mrs. Hodgert said: "I still hold a high opinion of Doan's Kidney Pills. I am glad to confirm all I have previously said about this remedy."

"THE LION AND THE MOUSE" AT THE PARMELE THEATER

The fact that "The Lion and the Mouse" has been such a phenomenal artistic and pecuniary success over the country for two years has a peculiar bearing on the work of Charles Klein, the author. John Burkett Ryder, the lion of many millions, has never experienced defeat during his strenuous business career, and every turn he makes brings monetary gain. It is not known whether or not the United Play company placed any credence in the existing triumph of the leading character in the play as a money-maker, being brought to a pleasing and unquestionable reality. Nevertheless, Ryder and his business methods, as pictured by Mr. Klein, have carried the play to a point of success that brings the line of comparison within a small radius as few plays have achieved the success enjoyed by this great drama of finance.

The United Play company sends a special company and an entirely new production of "The Lion and the Mouse" to the Parmele theater in Plattsmouth Monday night, March 12.

Saved a Soldier's Life.

Facing death from shot and shell in the civil war was more agreeable to J. A. Stone of Kemp, Tex., than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King New Discovery, which completely cured me. I now weigh 178 pounds." For Coughs, Colds, La Grippe, Asthma, Hemorrhage, Hoarseness, Croup, Whooping Cough and lung trouble, its supreme. 50c, \$1.00. Trial bottle free. Guaranteed by F. G. Fricke & Co.

NEBRASKA WILL STRIVE TO HAVE BETTER DOGS

According to the Nebraska Kennel club this state has an abundance of pure bred live stock, but Nebraska dogs are not up to the standard and the kennel club has started out to improve the quality of our canines. Twelve hundred dollars in cash, twenty-five silver cups and other valuable trophies have been put up to be awarded as prizes for the best Nebraska dogs. They are to be judged by Dr. George W. Clayton of Chicago and A. F. Hochwalt of Dayton, Ohio, two of the most expert judges in marking dogs in the United States.

This great assemblage of dog blood is to be brought together in the Omaha Auditorium March 22 to 25, and the cats have been invited in order to make things interesting. Only blooded cats are wanted, there being no prizes for common alley cats.

R. T. Burns of Omaha is secretary of the kennel club and has prepared a regular printed premium list, believing that Nebraska should not be behind other states in having a regular "bench show," where the dogs can gather for a social bark now and then and owners can compare their fine points.

Mr. and Mrs. J. B. Yohe departed for Huron, South Dakota, on the afternoon train today, where Mrs. Yohe will spend some time with her daughter, Mrs. Sprague, while her husband gets settled on a ranch in Montana.

KIDNEY DISEASES AMONG HORSES AND THEIR CURE

Diseases of the kidneys and urinary system in horses has been well known for more than 35 years, and has been described by various authorities, and as long ago as 1896 the Agricultural Department at Washington published accounts of the treatment of such diseases, and for more than 35 years W. D. Jones, of Plattsmouth, Nebraska, has successfully treated all such diseases.

More than 35 years ago John Fitzgerald had a fine team go down on the street in this city with the same form of kidney and urinary disease, both of which were effectually treated and cured by Mr. Jones. More than 15 years ago Mr. Holschub had a fine team go down with the same disease, and upwards of 12 years ago Mr. Henry Kaufman had horses affected in like manner with kidney disease, and in each instance Mr. Jones treated and cured the horses. Many other instances could be cited. Ask Mr. Rhoden or Mr. Eddie Todd or scores of other stockmen who have tried Jones' Kidney Medicine and Colic Cure. Any one who says that such diseases have not been known more than five years is ignorant of what he is talking about.

Jones' Cleansing Powder for purifying the blood and stimulating the appetite, is especially valuable for horses at this season of the year. Jones' Liniment for horses is unequalled for cuts (especially barbed wire cuts), and sore shoulders. Jones' Eye Lotion for weak eyes or blue eyes, and all eye diseases, has no superior on the market.

In all cases of cattle suffering from sore mouth and enlarged tongues caused from eating poisonous and irritant plants in dry pastures, can be cured with twenty cents' worth of medicine given in the mouth of the suffering animal.

Farmers neglect the proper care of the horse's teeth, probably more than anything else in the care of their stock. Mr. William D. Jones is prepared to dress the teeth and render all necessary service in treating horses, cattle and other stock.

All of the above medicines are prepared by F. G. Fricke & Co., Plattsmouth, Nebraska, where they may be obtained at any time.

Ships Out Fine Bull. Mr. Luke Wiles, the red poll cattle breeder, this morning shipped a fine young bull calf 8 months old to Mr. John H. Spangler of Booneville, Iowa. The animal is a very superior individual of this popular breed, weighing 700 pounds. It was sent by express and went out on No. 15. Mr. Wiles' reputation as a breeder of good stock is growing each year, and he is receiving callers almost daily who come from adjoining states to view his herd.

Stubborn as Mules are liver and bowels sometimes seem to balk without cause. Then there's trouble—Loss of Appetite—Indigestion, Nervousness, Despondency, Headache. But such troubles fly before Dr. King's New Life Pills, the world's best Stomach and Liver remedy. So easy. 25c at F. G. Fricke & Co.

County Judge Beeson yesterday issued a marriage license to Mr. Henry Vogt and Miss Rosa Gustin, both of Elmwood, Nebraska. The groom is the son of Henry Vogt, sr., and the bride a daughter of Mr. Louis Gustin of this county.

Commissioners Transact Business. In the transaction of the county business coming before the county board today, a petition from W. D. Foster and others requesting the appointment of R. L. Newell as justice of the peace for Liberty precinct was granted and the appointment was made. The matter of letting the county printing, which was left over from the last session was called up and the printing awarded as follows: Plattsmouth Journal, "calls for bias," "notices to contractors" and "commissioners proceedings," at 2 cents per line; Weeping Water Republican, "treasurer's reports" and "road notices."

PLATTSMOUTH LOAN & BUILDING ASSOCIATION HOLDS ANNUAL MEETING

From Tuesday's Daily. The Plattsmouth Loan & Building Association held its annual stockholders' meeting last evening for the election of trustees and such other business as in the ordinary routine comes before institutions of such nature.

There was an unusually large attendance of the stockholders, and the twenty-sixth annual statement of the association was presented by the secretary, Mr. T. M. Patterson. The statement is a very gratifying one to the investors, as well as the borrowers. In fact, the showing is the best one made at any annual meeting since the organization twenty-six years ago.

So economical has been the management that while borrowers pay only an interest rate of 8 per cent, the investors are receiving 9 1/2 per cent on their investments, and after paying this handsome profit for last year, there is an undivided surplus on hand of nearly \$500.

The secretary and directors are entitled to much credit for their careful management of the affairs of this solid financial institution and the stockholders are justly proud of its growth.

This month the management will mature the 31 series which has covered an investment period of eleven years, or 132 months. That is to say, each shareholder in this series has paid into the treasury \$1 per month for 132 months, the dividends declared amount to \$68.97 each share, at maturity being worth just \$200.97.

Next month the association will open the 53 series, and will mature the same in just eleven years.

This plan of investment has an advantage over life insurance, which is that the investor can withdraw his investment at any time he sees fit. Of course the rate of profit is not quite so great on the short-time investment as on the matured stock.

The Plattsmouth Loan & Building Association is one of the most conservatively managed of its kind in the state, and none have made a more gratifying showing, and the managers of the concern may well be proud of its showing.

The trustees elected for three years at last night's meeting were: John Halstrom, Ed Lutz and John M. Leyda.
