ENTERTAINS THE JOLLY EIGHT CARD CLUB

The cosy home of Mrs. Andrew Kroehler on Washington avenue was the scene of a more than delightful social affair on yesterday afternoon, when she entertained the members of the Jolly Eight Card club in a very charming manner. The principal amusement was derived from the fascinating card game of high five, there being seven games played, while sociability reigned supreme. The card games were entered into with the usual interest and enthusiasm and two prizes were awarded. Dainty score cards, shaped and decorated appropriate to the Easter time, assisted in keeping the number of points won by each one, and following the card games and after the points had been counted, it was found that Mrs. N. W. Christinger had captured the first prize and Mrs. C. R. Burdick the second.
After the prizes had been awarded the time was very pleasantly spent in various other diversions, and then the ladies were invited to partake of a dainty luncheon, which had been prepared as the hostess only knows how to prepare, and to which the guests could not fail to do ample justice.
For the occasion the Kroehler home had been handsomely decorated in a color scheme of green and white. The guests are very much indebted to the hostess for the splendid entertainment afforded them on this occasion and report that the hour of departure came all too soon.
The members of the club present were: Mesdames N. W. Christinger, John Lutz, H. Ofc, Jesse Warga, Will Mason, A. Kanka, A. Timm, Olga Crookery, C. R. Burdick; Misses Pearl Mumm and Paula Goos.

LITTLE CHILD DRINKS A QUANTITY OF COAL OIL

The little 4-year-old child of A. McCrary this morning got hold of a can in which kerosene was kept and drank a quantity of the liquid before the mother could interfere or prevent it. The little one was hastily brought to Dr. Livingston's office, where medical attention was given the little sufferer. Night policeman Trout notified Mr. McCrary, who keeps the herd of town cows on the bar, and he hurried to the physician's office. Mrs. McCrary was very much concerned, as she did not know what quantity of oil was in the can and she feared the child was badly poisoned. The doctor reassured her and thought the child had not drank more than a couple of swallows, and it is believed that it will soon be all right again.

A Reliable Medicine—Not a Narcotic.

Mrs. F. Marti, St. Joe, Mich., says: "My little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar Compound, in which I have great faith. It cured the cough as well as the choking and gagging spells, and he got well in a short time. Foley's Honey and Tar Compound has many times saved us much trouble and we are never without it in the house." For sale by Fricke & Co.

FOR CONSTIPATION

A Medicine That Does Not Cost Anything Unless It Cures.

The active medicinal ingredients of Rexall Orderlies, which are odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience. Unlike other preparations for a like purpose, they do not create a habit, but instead they overcome the cause of habit acquired through the use of ordinary laxatives, cathartics, and harsh physic, and permanently remove the cause of constipation or irregular bowel action.

We will refund your money without argument if they do not do as we say they will. Two sizes, 25c and 10c. Sold only at our store—The Rexall Store, F. G. Fricke & Co., Union Block.

FATHER SHINE CLOSES HIS LENTEN SEASON SERMONS

Last night brought to a close the series of Lenten sermons which Father Shine of St. John's church has been delivering every Sunday and Wednesday evening during the last six weeks. In these lectures Father Shine has taken for his subject the twelve articles of the apostle's creed, and in his convincing manner explained and expounded the truths contained in them. His discourses have been a source of enlightenment on the Catholic faith to those attending them, and it is a source of regret to a large number, not alone the members of his own church, that they are now brought to a close.

IT GROWS HAIR

Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c and \$1.00. Sold only at our store—The Rexall Store, F. G. Fricke & Co., Union Block.

HAVE AN ENJOYABLE AFTER-NOON AT PARKS HOME

The Ladies' Aid society of the Christian church held a most enjoyable meeting yesterday afternoon at the pleasant home of Mrs. George Parks. There were not so many of the ladies present owing to the inclemency of the weather. Though the weather was of a somewhat threatening nature outside, good cheer prevailed throughout the entire afternoon on the inside. The usual business session was held, and among other matters of business transacted it was decided to hold the bazaar, which the ladies intend to hold on April 22, in the vacant room just south of J. E. Nantz & Co.'s confectionery store. As per request, the ladies had come prepared to work on the aprons which are to be sold at the bazaar, and consequently, after the business session, the ladies spent a very pleasant, as well as a profitable afternoon in piping the busy needle, social conversation and other amusements. The ladies will meet with Mrs. James Williams on next Wednesday afternoon for the purpose of working on these aprons.
