Boys Have Serious "Scrap."

One week ago Eugene Barkhurst and James Portis, two boys, got into an altercation out near the Portis home. The report we get as to particulars was as follows: The Barkhurst boy wished to avoid meeting the Portis lad and cut across the pasture, the latter headed him off, and with a club was going to attack him. The Barkhurst boy pulled his knife and cut him in the left arm, a long gash, to the bone, and stuck him twice in the back, penetrating to the ribs. The Portis boy had his injuries dressed by Dr. Welch. Later an artery that was severed, started to bleed and the loss of blood was considerable before he could get medical attendance. County Attorney Taylor was called over to investigate and called the boys to account. The Barkhurst boy, 14 years old, accompanied by his two brothers, all told the same story of the meeting; how he was afraid of young Portis, who is 15 years old and large, when he was attacked with a club, proceeded to defend himself, and he did so effectively. Mr. and Mrs. Portis concluded not to prosecute and the case was dropped.—Weeping Water Republican.

The Mirror Language.

Look in your mirror in the morning, as soon as you get up, and examine your complexion, whether it is healthy, white and rosy, or yellowish, ashy and unhealthy. Then look at your tongue. If you find it coated, your digestion is not in order and you are constipated. If it is too red, you are feverish. These symptoms call for a thorough cleaning out of the whole system; the blood must be freed from waste matter, making it thick, unhealthy and incapable to distribute nourishment throughout the body. You should use Triner's American Elixir of Bitter Wine, which will drive all impurities from your system and strengthen it at the same time. We wish to recommend this remedy in constipation, headache, backache, rheumatism, neuralgia, colic and cramps, in loss of appetite and sleeplessness. At drug stores, Jos. Triner, manufacturing chemist, 1333-1339 So. Ashland ave., Chicago, Ill.

Frederich Down Town.

Commissioner M. L. Friederich, who has been quarantined with diphtheria for the past twenty-one days, was released from quarantine last evening and was on the street this morning. Mr. Friederich was not seriously sick, but had the disease to the extent of making it very disagreeable, and although a mild form it would have been communicated to others, hence the precaution of remaining in quarantine.

The Sound Sleep or Good Health.

Cannot be over-estimated and any ailment that prevents it is a menace to health. J. L. Souther, Eau Claire, Wis., says: "I have been unable to sleep soundly nights, because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley Kidney Pills but a short time and now sleep as sound as a rock, my general condition is greatly improved, and I know that Foley Kidney Pills have cured me."
