**High Wind Yesterday.**

From Friday's Daily.

The high wind of yesterday unroofed a car on train No. 77, which was loaded with flour billed to Sioux City. Foreman of the Freight Car Department Mr. C. M. Parker had the car set out here and run into the yards and the roof was replaced in time to catch the next freight out. The threatening aspect of the weather would not permit the crew to run the risk of taking the car to its destination in the condition Mr. Parker found it.

**Alfalfa Management.**

The Nebraska Experiment Station has just issued Bulletin 120 with the above named title. This bulletin may be had free of cost by residents of Nebraska upon application to the Agricultural Experiment Station, Lincoln, Nebraska.

## A DIFFERENT ACCOUNT OF THE LOUISVILLE TROUBLE

The Man Attacked Had Just Deposited \$800 in the Louisville Bank.

The Lincoln Journal contains the following account of the attack on Harry Parker, the Rock Island contractor, which is somewhat different to that reported to this paper, but in substance amounts to about the same:

Harry Parker, who used to operate a saloon on North Tenth street in the city of Lincoln, and who was brutally beaten up at Louisville, Neb., last Saturday night, is reported to be confined to his bed yet as a result of the wounds received during the encounter. Parker is now engaged in sub-contracting for grading work on railroads. He was working for the Rock Island at Louisville in this capacity under Contractor Robert Malone of Lincoln. The latter had just paid Parker \$800 with which to pay off his men. The money was in cash. Parker followed Malone's advice and placed the money in the bank. After dark, in company with one other man and two boys, Parker started up the railroad track towards camp. When about 200 feet from the depot he was set upon by five men, who used a loaded butt end of a buggywhip and beat him up in terrible condition. The two boys ran away, but the other man stayed and was almost as severely treated. Parker made a good defense and cut up two of his assailants with an empty beer bottle which lay handy on the ground where the thugs were lying in wait. After he was down and so badly used up that he could not rise the five thugs continued to kick him in the head and neck. These are the wounds which still leave him in a serious condition. He was mobbed of about \$16 after the beating had been done up to the satisfaction of the five men. It is said that they are all in jail at Plattsmouth, and that two of them still bear marks of the encounter. Local talent did the work.

## Died at St. Paul.

From Friday's Daily.

Mr. John Lindeman received a message this morning from his daughter at Glenwood, informing him of the death of her mother-in-law, Mrs. Matt Daugherty, of St. Paul, Minnesota, who died yesterday, aged about 65 years. Mrs. Daugherty leaves a husband and three sons and two daughters to mourn her loss. The sons are: Will of Glenwood, Fred of Havelock, Harry of St. Paul, and their sisters, Mrs. Dell Wallace and Mrs. Maud Miller of Havelock. Mr. and Mrs. Daugherty formerly lived in Plattsmouth, and were well known to many of our people.

## AUTOMOBILE DRIVERS SHOULD USE MORE CARE

Safe and Careful Drivers Are as Much Interested in This as Others.

No one is more interested in the problem of controlling motor cars than the careful motorist, who realizes that more restrictive laws will be passed unless means are found to control reckless drivers. A certain element of motorists consider that they are entitled to the right of way. They expect the same judgment and self possession from a 6-year-old child as can be looked for from a mature man.

The time has gone by for wholesale condemnation. The automobile is going to bring beneficial social changes, making rural residence as accessible to the world of public conveniences as the city street used to be. One interesting theory is to require cars to be made with an automatic alarm, which should go off when the speed exceeds the legal limit.

The essential trouble is that a speed of ten miles an hour in a crowded street is far more of a menace than fifty miles an hour on a straight and quiet country road. There can be no rigid limit. Perhaps the most effective means would be the withdrawal of licenses to operate an automobile from anyone who overspeeds.

## Goes to Havelock.

From Friday's Daily.

Frank Cook, who has been learning the machinist trade in the local shops for the past two years, left for Havelock this afternoon, where he has accepted a good position at the shops there. Frank is an enterprising, industrious young man and is making his way to the top of his trade very fast, and we expect to hear good reports of his career in the near future.

## FOR SHERIFF.

I hereby announce by self as a candidate for the nomination for the office of sheriff of Cass county, Nebraska, subject to the decision of the voters at the coming primary election. I ask the voters to place me in nomination on the democratic ticket. G. P. Barton, Union, Neb.

**THE COMMERCIAL CLUB MEET LAST EVENING**

The Matter of Holding an Exhibit of Stock and Products of the Farm Discussed.

From Friday's Daily.

The Commercial club held its regular meeting last evening, and owing to the warmth of the atmosphere there was less than 500 of the members present. The matter of most consequence discussed was that of an agricultural display in the city this fall, where the live stock and produce of the agriculturists of the county may be exhibited and some discrete persons pass judgment on the quality.

It was the opinion of the members present that an outlay of money which would be expended in a celebration would be better spent for a fair. The matter was gone over at some length and will be decided upon very shortly, and in time for those owning herds to put them in the pink of show condition for the occasion.

## PLATTSMOUTH MAY HAVE CELEBRATION THE FOURTH

The Red Men Have Taken the Bull by the Horns and Will Celebrate Anyway.

From Friday's Daily.

The Red Men, at a meeting held last evening, voted to celebrate the Fourth of July, and make the occasion one befitting the town and day, provided the citizens and business men of the city will contribute a reasonable amount for attractions, and no great big sum of money will be required either.

In case the citizens and business men will not contribute their share, the Red Men will have a picnic celebration for their lodge and hold it in some nice grove in the surrounding country. The lodge would much prefer to have the celebration on the street where it will benefit everyone, if the required funds can be raised as above stated.

Glen Brown of Pasadena, California, who would have been in the class of '11 had he remained in Plattsmouth, arrived last evening to witness the closing days of the school. Glen and the Brown family are well and happy. Glen will be remembered as the son of Mr. and Mrs. Free Brown.

## ONE MORE STEP IN THE RIGHT DIRECTION

Commercial Club Will Endeavor to Resurrect the B. & M. Band.

From Friday's Daily.

The Commercial club has been industriously working toward the resurrection of the B. & M. band, which used to be the pride of the city, and made Plattsmouth famous as a musical center. Last night the M. W. A. band held a meeting and voted to consolidate with the B. & M. band and be known by that name.

The new organization will be under the leadership of Ed Schulhof as director, and will be backed up by the Commercial club, and during the summer will give weekly open air concerts on the street. This is one more long stride forward for the city, and the movement will add life and interest to the city through the summer months, and everyone should feel interested in the movement.

## ENJOY PLEASANT AFTERNOON AT WINDHAM HOME

Miss Hermia Windham Entertains the Social Workers of the Methodist Church.

From Friday's Daily.

The Social Workers of the M. E. church were delightfully entertained at the Windham home yesterday afternoon, with Miss Hermia Windham as hostess. There were a large number of the ladies in attendance and a most enjoyable and profitable afternoon was spent.

The regular business session was held, which took up a portion of the time, during which all business matters were properly attended to. After the business session the ladies whiled away the remaining few hours with dainty needlework, social conversation and the like. At the proper time delicious refreshments were provided, to which all did ample justice.

The youngest of the heirs is Leonard, who will become of age next month. Mr. Terryberry has been the administrator of the estate.

Mrs. E. Beckner went to Omaha this morning, accompanied by Miss Eva Bailey.

## A BIRTHDAY AS WELL AS A FAREWELL PARTY

Farewell in Honor of the Misses Folsom, Harrison and Baugh.

From Friday's Daily.

Miss Louise Gorder entertained a few friends last evening, the party being in the nature of a farewell in honor of Miss Nellie Folsom, Miss Grace Harrison and Miss Cassie Baugh, who will depart for their homes for the summer vacation. A singular coincidence was noted, the date being the anniversary of the birth of Miss Baugh, she having reached the quarter of a century mark, and the hostess did not neglect the opportunity to suitably commemorate the event.

The parlors and dining room were profusely and handsomely decorated with fresh lilies and red and white peonies; there was not a nook or corner of the rooms which the beautiful and sweet-scented flowers did not peep forth. The young gentlemen's chairs were even decorated. A lovely two-course luncheon was served, the first course consisting of chicken salad, buttered rolls and coffee; the second was bananas split, served with chocolate and vanilla. The lunch was served in the dining room, and Miss Baugh was agreeably surprised when the party were ushered into the room to behold a birthday cake situated on the centerpiece, illuminated with twenty-five lighted candles. The young lady's eyes fairly danced with joy and her exuberant spirits were soon communicated to the entire company and a jolly birthday celebration was the result of the farewell party.

Miss Gorder had planned to have games and the like to amuse her guests, but the birthday surprise was too much for the guests and a game of short stories by starlight was had instead. Music was indulged in for a time also. Those present were: Miss Nellie Folsom, Miss Grace Harrison, Miss Cassie Baugh, Miss Mollie Godwin, Miss Clara Wolfarth, Miss Anna Wolfarth and Miss Louise Gorder; Messrs B. A. McElwain, Henry Goos, George Weidman and Frank Cloldt.

## CARRIED BY UNION AND NOT NOTIFIED OF CHANGE

A Nebraska City Man, in a Hurry to Reach Lincoln, Is Carried to Plattsmouth.

From Friday's Daily.

B. E. Snyder of Nebraska City came in on the early M. P. train this morning and took the Burlington for Lincoln. From his remarks it will require some time for President Brush of the M. P. to square himself with Mr. Snyder. He was called to Lincoln by L. R. Fussill, who had his arm broken last night while at the state capital, and Mr. Snyder boarded the M. P. at Nebraska City, after purchasing his ticket for Lincoln, and was carried almost to Plattsmouth before being informed that he should have changed cars at Union. Mr. Snyder was very sore toward the M. P., as he would be delayed in reaching Lincoln.

The accident which befell Mr. Fussill occurred when he was searching on a motorcycle, and in the mixup Mr. Fussill's arm was broken, which will prevent his working at the insurance business for some days. Mr. Snyder will take his territory until the injured arm is well.

## Here From California.

From Saturday's Daily.

Miss Ina Davis, who has been making her home in Los Angeles, California, arrived in Plattsmouth yesterday evening and will make a few weeks' visit with friends and relatives in this city and county. For some time past Miss Davis has been troubled with her lungs and the western trip was made for their benefit, first locating in Colorado and later removing to California. From the appearance of Miss Davis on this home-coming trip we are pleased to note that she has been greatly benefited by the trip and we trust that her gain in strength may continue.

## Here From Old Missouri.

From Saturday's Daily.

Our friend, Ivan White of Murray, and a younger brother, Mr. C. L. White of Livingston county, Missouri, who arrived in Murray last Thursday to visit his brother, came in this morning and are visiting friends. Both gentlemen called on the Journal, and it done our soul good to grip the hand of an old Missourian. Mr. White is a prominent democrat and lives near Chillicothe, the county seat. His son is now serving as sheriff of Livingston county. Both of these gentlemen expect to depart Monday for the western part of Nebraska to visit another brother.

## Crop Prospects Good in Oklahoma

From Friday's Daily.

John Murray of Alva, Oklahoma, arrived in the city last evening and looked after business matters here for a short time, departing this morning for Lincoln for a few days, when he will return to Plattsmouth to complete his errand here. Mr. Murray says the drought last fall injured the wheat crop in his vicinity and that 60 per cent of the acreage will be planted to something else. Since February rain has been abundant and crops of corn, oats and other grains look fine and he looks for a big crop of everything but wheat.

## Another Boy.

We always like to publish the new arrivals in this world of trouble, even if we are a little late in doing so. Mr. and Mrs. Henry Born are the happy parents of another boy at their home, which came last Tuesday morning, making them two boys and one girl. It is not the Journal's fault that we did not learn this sooner, but let this be as it may, we congratulate Henry and his excellent lady upon the arrival of the little stranger, and trust he may live long to be a comfort to them. Henry was in town Friday rejoicing over the fact that he was now the possessor of two boys and one girl.
