HAYWARD SAYS "SO LONG" TO NEBRASKA

He Will Locate in New York City and Continue the Practice of Law.

Colonel William Hayward of Nebraska, late chairman of the republican state central committee and secretary of the national republican committee, was in Omaha Monday informing his friends that he is about to leave Nebraska forever, save as visits to friends or the calls of business may bring him back, to locate in the practice of law with one of the big law firms located in Wall street, New York.

Following his tour around the world the colonel is in the finest of health and is the picture of prosperity.

"When I landed in New York it was my intention to locate in Omaha, but this exceptional offer from the New York firm came to me and I decided that it was best for me to accept it," he says, "I believe that it will be the best thing for me, for as long as I stay here I can't keep out of politics; in New York I will attend to business."

He anticipates closing up his affairs in Nebraska and leaving for New York by July 1.

ENJOY OUTING IN HONOR OF PRESIDENT

The C. E. Society of Presbyterian Church Spend Pleasant Time on the River Bank.

From Monday's Daily.

The C. E. society of the Presbyterian church gave a farewell last Saturday evening in honor of Miss Johnston, who has been president of the society for the past five months and who will depart for Lincoln tomorrow, where she will remain until the latter part of the week, when she will go to Bloomington, Nebraska, where she will spend her summer vacation. This farewell was in the nature of a picnic and was held on the banks of the Missouri. There were not so many of the Endeavors in attendance as there should have been, but although lacking in numbers, there was no lack of fun and merriment.

A portion of the time was very pleasantly passed in conversation, and then a number of the party crossed the Old Muddy via the ferry route, while the others spent the time in arranging for the picnic supper, which was to be served as soon as those crossing the river returned. Before it was announced that supper was ready it was suggested that they have a camp fire, and so a number fell to and gathered material and soon there was a red-hot fire very much in evidence. The Endeavors then gathered about the festive forest board and soon made the delicious supper disappear. The remainder of the evening was delightfully spent about the camp fire, playing various outdoor games and indulging in several stunts. When it had grown quite dark the Endeavors returned to their homes, very tired, but having thoroughly enjoyed the outing.

The only thing to mar this enjoyable outing of the C. E. society was the fact that Miss Johnston was soon to depart from their midst and not to return to them again next fall. Miss Johnston has been a most faithful and earnest worker and officer of this society and her departure from their midst will be sorely felt. Miss Johnston has greatly assisted the pastor in enlarging the society and making it a very strong one. She has also assisted in getting the members interested in foreign missionary work to a great extent and on last Saturday mailed a check for almost \$40 to be used for carrying on the work in the foreign fields, as a result of her untiring efforts and labor. Although Miss Johnston will depart from their midst in person, she will not soon be forgotten. The members of the C. E. society wish her godspeed and know that wherever she may decide to locate in the fall that it will be our loss, but their gain.

Says Courier Was in Error.

Roman Meier, one of the young men charged with being implicated in the assault of Contractor Parker, called at the Courier office this week and states that the Courier was in error in its account of the affair wherein it stated that "it was reported that Smarderer when put in the sweat box confessed that the four had gone down to lay in wait for Parker for the purpose of robbing him." This, he states, was not true and that Smarderer did not make such a statement to the county attorney or anyone else. The Courier gladly publishes this correction, as it bears no ill will toward any of the boys who apparently have gotten into such a bad scrape.—Louisville Courier.

TWO POPULAR YOUNG PEOPLE HAPPILY WEDDED

Mr. Thomas L. Murphy and Miss Loretta Scotten Married at St. John's Church Today.

From Monday's Daily.

"Two souls with but a single thought, Two hearts that beat as one."

A very pretty wedding occurred at St. John's church in this city this morning at 7:30 o'clock, the contracting parties being Mr. Thomas L. Murphy and Miss Loretta E. Scotten, Father Shine, pastor of the church, officiating. The church was tastefully decorated with the flowers of the season, the ceremony, which was the ring form of service, was witnessed by only the immediate relatives of the happy young couple.

The bride wore a white traveling dress and was attended by Miss Margaret Scotten, her sister, dressed also in white. The groom wore the customary black and was attended by Dr. Frank Cummins as best man, clad in a black business suit.

After the marriage ceremony the wedding party repaired to the home of the bride's parents, Mr. and Mrs. W. T. Scotten, where a wedding breakfast was served. At 10 o'clock Mr. and Mrs. Murphy boarded No. 4, amidst a shower of rice presented by members of the party, and left for Omaha, where a cottage is in readiness to receive them.

The bride and groom are well known and popular young people and members of two of the best families in the city, having a large circle of young friends who will be more than pleased at the announcement of these nuptials. Mr. Murphy has a fine position with one of the leading drug firms of the east, with his headquarters in Omaha, and Iowa his territory. Those from out of town attending the wedding were Miss Josephine Murphy of Lincoln and Mr. and Mrs. Charles Emerick of Lincoln.

The Journal joins with the hosts of friends of the happy young couple in extending congratulations and best wishes for their future happiness.

It was thought that the bridge would be constructed last fall, but now it is announced that work on the bridge will be commenced at once and it will be completed by September 15. This will be good news to the traveling public.—Nebraska City News.

Telephone Talks!

No. 5

THE SLOW ANSWER!

Your telephone bell rings—it rings again. You are busy and do not answer. The operator finally reports to the party calling you, "They do not answer." (Note she never says, "They are not there.") Then she disconnects you.

Five seconds later—just six seconds too late—you answer. You get no reply. You angrily exclaim, "My bell rang."

Your delay caused either the loss of a customer or inconvenience to a friend. You cannot afford either.

At a certain hour in the day, everybody wants to talk at the same time, and telephone calls come quick and fast. At such times all we ask is for you to be considerate, remembering that the "Central" on your line will answer you as quickly as possible, and will do all any operator can do to give you quick and accurate service.

Do Ghosts Haunt Swamps

No, never. It's foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Lucama, N.
