

**MEN'S COOL
NEGLIGEE SHIRTS**
59c

This is a case where you "pay your money and take your choice." We have made some changes in our shirt stock, which necessitated the closing out of about five dozen shirts to make room for other lines. You will find these shirts on our front show case piled in sizes, making selection easy. All sizes from 14½ to 17½ are well represented except size 15. They are percales and madres, mostly Ferguson & McKinney make in black and white checks, stripes and figures, plain blue chambray and plain white self stripes. All made with neck band and attached cuffs. We are closing them at 59c cash and a bargain like this of seasonable goods you rarely get.

C. E. Wescott's Sons
THE HOME OF SATISFACTION

**NEW DEPARTMENT CREA-
TED BY THE BURLINGTON**

**Plan to Foster Industries in All
the Towns in Nebraska Along
Its Line.**

There has been created by the C., B. & Q. R. R. company a new department to be known as the industrial department, which is to be operated in connection with the real estate department, and R. A. Howard is the real estate and industrial commissioner of the entire system, with headquarters at Chicago, and E. H. Westervelt, in addition to his duties as real estate agent, lines east of the Missouri river, will be assistant industrial commissioner for the same territory.

The object of this new department is to give the aid of the C., B. & Q. to the building up of industries in the different cities and towns along its lines of railroad. It will not discriminate between towns nor aid or foster any scheme, but will aid in any and all legitimate industrial enterprise in any city or town on its lines.

Many cities and towns have peculiar advantages for some particular line of industry. Perhaps advantages of raw material which if brought to the attention of those who know how to handle it, could be used to build up a new industry that could do well at that particular point when it might fail at another. Perhaps on account of its location, some city or town may have particular advantages which if properly shown may bring to it industries which will do well.

It is not the intention of this department to make a brass band or speech campaign, nor does it intend to unfairly interfere with industries located in cities or towns on other lines of railroad, but in a dignified, business-like manner, by acting in conjunction with the business organizations of our cities and towns, try to bring together those, where there are peculiar advantages, with capital who know how to develop the same and by so doing help to develop and enlarge the cities and towns and thereby increase the business of the railroad company.

It will take some time to get this new department organized and working so as to get the best results, but it is now ready and desires to receive suggestions and information along the lines of up-building of the country adjacent to the Burlington railroad.

Jason Fountain of Sidney, Iowa, passed through the city today en route to his home from South Bend, where he went to visit his father, T. J. Fountain. His father has been suffering for some time from gaulstones, but was feeling some better when Jason left the patient. While in the city Mr. Fountain called and renewed for the Journal.

Died at County Farm.

An aged woman, Lizzie Carlson, who has been an inmate of the county farm for the past two years, died yesterday. She has been suffering from paralysis for the whole time that she has been a county charge. The deceased was born in Ohio June 5, 1845, and for some time prior to taking up her residence at the county farm was housekeeper for a man named Moore, who died about two years ago. The funeral will occur from the farm this afternoon.

**THE ICE CREAM CONE
IS NOW IN DEMAND**

**It Would Be Just as Well to Be a
Little Careful the Sort of Cone
You Get a Hold Of.**

The weather of the past week has been warm, and it is going to be warmer. The indications are that the warm spell may remain for some time. Our knowledge of this probable condition is aroused into activity by reason of the arrival of a quantity of literature from the health experts of the agricultural department. The major portion of the consignment alludes to the probable indiscriminate absorption of the ice cream cone.

Now we would not for the world "knock" on the ice cream business, or the purchasers thereof, for we are allied to ice cream in summer and oysters in winter, and have need of both to satisfy the cravings of an abnormal appetite for good things. The health department's pronouncement is not in the form of a wholesale indictment. The authorities simply contend that many of the ice cream cones are tintured with boric acid, and boric acid is barred out of the culinary doctrines of Specialist Wiley, who ought to know what we should and should not eat. Dr. Wiley simply says, however, to watch the cones and put a ban on those that have boric acid.

Will the ice cream man kindly attach labels to his boric-acid and non-boric-acid cones that we may know which am which?

To Patrons of the Library.

You are hereby notified that during the months of June, July and August the public library will be closed at 8 o'clock every evening on account of the extreme heat.

By Order of the Board.

Cherries for Sale.

Mrs. Arthur Troop.
Platts 'Phone 2-A.

Misses Jennie and Nora Batten departed this morning for Peru to attend the summer session of the normal.

**L. C. ANDERSON PASSED
AWAY SUNDAY MORNING**

**A Good Citizen, and During His
Thirty Years' Residence Here
Had Made Many Friends.**

Mr. L. C. Anderson, who has been a sufferer since last March, departed this life at his home in this city Sunday morning about 2 o'clock, having been in an unconscious state most of the time since May 30, when he suffered from a second stroke of apoplexy.

Lewis Christian Anderson was born in Halmstad, Sweden, February 29, 1844, where he grew to manhood and took up the trade of carpenter. He was married in Sweden the first time, and with his wife came to America in 1876 and settled in Warren county, Illinois, where he resided for a year or more. One son was born to Mr. and Mrs. Anderson, being John Anderson of Sheridan, Wyoming. From Illinois Mr. Anderson removed to Minden, Nebraska, where he lived for some time, and after the death of his wife removed to Plattsmouth about thirty years ago. On coming to Plattsmouth Mr. Anderson entered the employ of the Burlington Railway company and has been a valued employe of the company since that time. He was married the second time April 20, 1882, to Mrs. Albertina Peterson of Plattsmouth. The deceased is survived by his wife, one son, John Anderson of Sheridan, Wyoming, and three stepdaughters—Misses Gerda and Alpha Peterson of this city, and Mrs. J. A. Enburg of Sheridan, Wyoming. One sister in Sweden and one sister, Mrs. Anna O. Nelson of Western, Nebraska, also survive the deceased.

Mr. Anderson was a consistent member of the First Presbyterian church of this city, a member of the orders of Odd Fellows and of the A. O. U. W. The deceased had a large number of friends in this city, who will sympathize with the bereaved family. He was a good and true citizen, a worthy friend and affectionate parent and husband. The first of Mr. Anderson's sickness befell him last March; although a year ago, on the advice of his physician, he took an extensive trip through the west for the benefit of his health, which his friends feared was impaired. Last March he suffered from a stroke of apoplexy, which was very severe, and from which he did not recover for a long time. He went back to his work in the shops about the middle of May and worked fifteen days, when he was stricken the second time on Decoration day, from which attack he did not rally, except for short intervals.

The funeral will take place Tuesday afternoon from the residence near the Columbian school at 2 o'clock. Rev. Gade will have charge of the service. The friends wishing to view the remains can do so Tuesday morning from 10 to 12 o'clock at the home.

Mr. and Mrs. John Anderson and Mr. and Mrs. J. A. Engberg and son, Roy, and daughter, Olga, of Sheridan, Wyoming, arrived yesterday morning.

Should Be Stopped.

There is much complaint from the people who reside along the paved section of Vine street to the reckless driving of automobiles. There is just as much danger in racing on Vine street as there is in racing on Main or any other street. There is a state law against racing on the public streets of all towns and cities, and if there is no ordinance there should be one prohibiting such racing. Vine is a public thoroughfare and this racing should cease before someone is injured, and a suit entered against the city for allowing such racing within the city limits. The chief of police should be instructed to notify all automobile drivers to cease this reckless speed.

Canned Goods.

The "J. M." "Best We Have," "Advo" and "White House" canned goods, handled by the leading dealers of Plattsmouth. The McCord-Brady Co. of Omaha will have a representative in the city within a week or two for the purpose of soliciting orders for future delivery. Orders taken and delivered through your home dealer.

Louisville is up in arms for better roads, and they are moving right along in that direction, with the farmers adjacent to town giving them all the assistance possible. Louisville boasts of a live set of business men and they are there with both feet.

Notice to Taxpayers.

The County Board of Equalization will sit for the purpose of equalizing the assessment of Cass County for the year 1911, in the Commissioners' Chamber at the court house in Plattsmouth, Nebraska, beginning Tuesday, June 13th, 1911, at 10 o'clock a. m., and continue from day to day up to noon of Saturday, June 17th, 1911.

All claims for equalization must be filed on or before Friday, the 16th day of June, 1911.

D. C. Morgan,
County Clerk.

**HAPPY WEDDING BELLS
RING FOR YOUNG FOLKS**

**Mr. Frank Bestor and Miss Fran-
ces Hiber United in Wedlock
This Morning.**

A very beautiful wedding occurred Sunday morning at 10 o'clock. The contracting parties being two of Plattsmouth's most popular young people, Mr. Frank Bestor and Miss Frances Hiber. While the wedding was intended to be a very quiet affair, there was a goodly number of the relatives and near friends present to witness the ceremony.

The bride was gowned in a very handsome and becoming white gown and looked very beautiful, and was attended by Miss Henrietta Chaloupka, who wore a very beautiful dress of lavender color and carried a bouquet of flowers. The groom was attended by Mr. Joe Hiber, brother of the bride, and both were dressed in black business suits. The ceremony was that of the rites of the church and was delivered by Father Vleck and was most appropriate and delivered in such a manner as to impress upon the young people the very important step in life they were assuming. The ceremony throughout was very beautiful. After the ceremony the wedding party repaired to the home of the bride's parents, where a very elaborate repast was in waiting.

The bride is a daughter of Mr. and Mrs. John Hiber, two of Plattsmouth's most estimable people, while the groom is a son of Mr. and Mrs. Herman Bestor, two of Plattsmouth's most highly respected, and two of Cass county's pioneer residents.

The newly wedded couple will make their home in Plattsmouth and occupy the home formerly occupied by the bride's parents, while the latter removed to another property owned by Mr. Hiber.

Mr. and Mrs. Bestor start out in married life under very flattering circumstances, the groom being one of our most energetic young men, while the bride is just as energetic, and they possess a legion of friends, who join the Journal in wishing them all the pleasure, happiness and prosperity that seems in store for them.

The out-of-town guests were: Miss Carrie P. Donly, Mrs. Caroline Stone of Johnson, Nebraska, and Mr. Will Hoiser of Omaha.

**BAD IDEA TO QUIT SCHOOL
AT THIS STAGE OF GAME**

**Some Boys Anxious to Quit Their
Books Before Reaching the
High School Grades.**

With the close of the year of our public schools many of our boys are getting restless to go to work. Some of them are anxious to quit books for the shop or store even before they have reached the High school grades.

The jingling of the pocket money enjoyed by a little older fellows looks manly and grand to some of these youngsters. To get \$1 a day at some boy's job, to have spending money to treat the girls and to go on junkets, without asking dad for financial help—that seems ambition enough.

And yet, how many fellows have utterly spoiled their future by throwing away the dollars of tomorrow for the pennies of today!

Every American boy needs, not necessarily, a classical High school course, but an amount of work, either in a literary or technical school, equivalent to a High school course. The fellow who lacks it occasionally gets ahead, owing to some possession of exceptional gifts. In nine cases out of ten he is so crude and awkward mentally that he remains a plodder, a ditch-digger and ribbon measurer all his life. Don't do it, boys!

LOCAL NEWS

From Monday's Daily.

The farmers are very busy and it keeps them humping plowing corn between showers.

Mrs. John Rotter returned from Omaha Saturday afternoon, where she had visited relatives for several days.

Glen Brown departed for Denver today and will later return to Los Angeles, his home, after a two weeks' visit in this city.
