NONE OF THEM BEAT CASS COUNTY FOR PRODUCTION

Twelve Hundred Dollars on Forty Acres in Corn and Wheat is Pretty Good Results.

Mr. Louis Born owns a forty-acre farm which adjoins the county farm on the west, which last year was leased to Mr. Stander. Mr. Born leased the land for a share of the crop on the forty, which is a fractional one, having only thirty-nine acres in the tract. The crop raised last year was ten acres of corn and twenty-nine acres of wheat. Mr. Born's share of the crop was two-fifths of the corn and one-third of the wheat, and at the prices at which he marketed the grain the land brought the owner last year a little less than \$400.

A few years ago an entire quarter of Cass county land could be leased for the amount at cash rent, payable when the crop should be marketed. We are not surprised that the farmers are buying automobiles, when one forty of the farm will bring in \$400 rent. The entire crop on one forty would be worth \$1,200, and at \$100 an acre land would pay for itself in three years.

CALUMET BAKING POWDER

The wonder of baking powders—Calumet. Wonderful in its raising powers—its uniformity, its never failing results, its purity.

Wonderful in its economy. It costs less than the high-price trust brands, but it is worth as much. It costs a trifle more than the cheap and big can kinds—it is worth more. But proves its real economy in the baking.

Use CALUMET Baking Powder. At all Grocers.

BRINGS SUIT AGAINST FORMER SUPERINTENDENT J. L. MCBRIEN

Victor H. DeBolt, Former Teacher of Cass County, Pushing Case Against J. L. McBrien.

A Lincoln correspondent says: Alleging that J. L. McBrien, when he was state superintendent, wrote to school men in Wayne county that he was a "booze fighter" and a "poker shark," Victor H. DeBolt is plaintiff in a libel suit now being tried in the district court here, in which he is suing the former official for \$5,000 damages.

DeBolt charges that while he was employed as a teacher at Murdock, Cass county, he and the former state official became involved in a controversy over the appointment of a man to fill a vacancy created when the county superintendent resigned. The plaintiff asserts that his election later to the principalship of the Winside schools occasioned the outbreak made by McBrien to the Wayne county school men.

He further charged that McBrien, who had notified him to appear and show cause why his certificate should not be revoked, told DeBolt, when he asked for a copy of the charges filed against him, that no formal charges had been filed.

It was a matter of spite-work throughout on the part of McBrien, and those who are familiar with the case know this to be a fact. The young man was giving the very best of satisfaction as a teacher when his certificate was revoked.

A Charming Woman

is one who is lovely in face, form, mind and temper. But it's hard for a woman to be charming without health. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion and perfect health. Try them. 50c, at F. G. Guild Meets With Mrs. Austin.

The ladies of the St. Mary's Guild of St. Luke's church held a very delightful meeting at the pretty home of Mrs. H. S. Austin yesterday afternoon and there were a large number of the ladies in attendance. The regular business session was held, during which some matters of importance were discussed and attended to. After this business session all joined in having a good social time. Various amusements calculated to making the remaining few hours of the afternoon most enjoyable ones, and which consisted of plying the busy needle, conversation and the like, were indulged in. At the proper time delicious refreshments, consisting of sherbet and cake, were provided, and at a late hour all departed, indebted to the hostess for the splendid good time they had had.

Mrs. Taylor of LaPlatte, accompanied by Miss R. Taylor and Mrs. J. H. Nelson, both of LaPlatte, were in the city today looking after business matters at the stores.

Enjoy Pleasant Afternoon.

The Ladies' Aid society of the Presbyterian church met in the lecture room of the church yesterday afternoon and spent a few hours in a most excellent manner. There were not so many of the ladies in attendance, but the usual fine time was had nevertheless. There was no business session held and the ladies spent most of the afternoon in a social time. Various amusements, interspersed with social conversation and other diversions, were participated in. Some very nice refreshments in the shape of ice cream and cake were served, to which all did ample justice. At the usual time the ladies departed for their homes, having enjoyed themselves to the fullest extent.

These need paint to keep them in good shape

Says the Little Paint Man.

We don't always realize what harm the wear and tear of the weather does to our houses and barns and buggies and wagons that are not protected by good paint. Buildings that have not been painted or on which the paint has worn off, are exposed one day to the wet and the rain, the next day to the hot sun and so on, until the unprotected wood twists and warps and cracks and the rot starts. So a building that should be in good repair at the end of 50 years, if it had been kept properly painted, goes to rack and ruin in 15 or 20. And think how it looks.

Why don't you paint this spring with Sherwin-Williams Paint, Prepared? Made of pure lead, pure zinc, pure linseed oil and the necessary coloring pigments and driers, all mixed and ground by special machinery. Come and see us, we want to talk paint to you.
