**THE JURY ACQUITS HEN-
RY PERRY, OF GREENWOOD**

The Charge Against Him Was
Criminal Relations With
His Daughter.

From Wednesday's Daily.

Henry Perry, the man from
Greenwood, who was yesterday on
trial in the district court charged
with criminal relations with his
daughter, Alberta, who is the
mother of a 6-weeks-old babe, was
acquitted by a jury of twelve
good men last night. The jury
was given the case shortly after 5
o'clock last evening, and im-
mediately began to deliberate up-
on their verdict. Many ballots
were taken, the first being seven
for acquittal and five for convic-
tion, but after much discussion
and balloting a verdict of acquit-
tal was rendered.

The verdict meets with the ap-
proval of the general public, who
heard the testimony. The conflict-
ing nature of the state's testimony
and the sworn affidavit of the
wronged girl to the effect that her
father was innocent of the charge
made against him, and that a
young man named Mayfield, who
had fled the country, was the
father of her child, so clouded the
minds of the jury with doubt that
on their oaths the jury could not
do otherwise than acquit.

Henry Perry would no doubt be
on the road to the penitentiary
had not his eldest son, Mr. Frank
Perry, a merchant of Monona,
Iowa, come to his father's assist-
ance in the hour of his need and
advised his father in the selection
of counsel to defend him, and
with untiring efforts and earnest
zeal aided the attorney appointed
by the court to defend his father
in collecting the evidence. It was
the hope of the son to save his
family name the stigma of having
his father go to the penitentiary.
Mr. Dwyer, their attorney, is en-
titled to much credit for his
masterly manner in which he
handled the defense.

Henry Perry left for his home
this afternoon and will return to
his work on the section, which he
was so anxious to do when first
arrested and placed in jail.

Wins Fight for Life.

It was a long and bloody battle
for life that was waged by James
B. Mershon, of Newark, N. J., of
which he writes: "I had lost
much blood from lung hemor-
rhages, and was very weak and
run-down. For eight months I
was unable to work. Death seem-
ed close on my heels, when I be-
gan, three weeks ago, to use Dr.
King's New Discovery. But it has
helped me greatly. It is doing all
that you claim." For weak, sore
lungs, obstinate coughs, stub-
born colds, hoarseness, la grippe,
asthma, hay-fever or any throat
or lung trouble it's supreme. 50c
and \$1.00. Trial bottle free.

gret to learn that she is to leave.

with relatives and friends. Mr.
Seiver states that the small grain
crops in his locality have been
burned up by the hot winds.
Wheat, said Mr. Seiver, headed
out all right, but the dry weather
and hot winds killed the bloom so
that the heads did not fill. In fact,
it is so badly cooked that it can-
not be cut for hay. He states that
corn and cotton looks fine and
promises a bumper crop if rain
comes in time. They will visit
here and at Plattsmouth ten days
or two weeks.

A Charming Woman

is one who is lovely in face, form,
mind and temper. But it's hard
for a woman to be charming with-
out health. A weak, sickly woman
will be nervous and irritable.
Constipation and kidney poisons
show in pimples, blotches, skin
eruptions and a wretched com-
plexion. But Electric Bitters al-
ways prove a godsend to women
who want health, beauty and
friends. They regulate Stomach,
Liver and Kidneys, purify the
blood; give strong nerves, bright
eyes, pure breath, smooth, velvety
skin, lovely complexion and per-
fect health. Try them. 50c, at
F. G. Fricke & Co.

It is worse than useless to take
any medicine internally for
muscular or chronic rheumatism.
All that is needed is a free ap-
plication of Chamberlain's Liniment.

Plattsmouth Has to Bow to the
Inevitable—Scores of Citizens
Prove It.

After reading the public state-
ment of this representative
citizen of Plattsmouth, given be-
low, you must come to this con-
clusion: A remedy which cured
years ago, which has kept the
kidneys in good health since, can
be relied upon to perform the
same work in other cases. Read
this:

J. B. Patridge, Eighth street,
Plattsmouth, Neb., says: "I suffered
constantly from pains
across my loins and kidneys and
at times I was in a bad way. On
several occasions I was so badly
crippled that I could get about
only with the aid of two canes.
The contents of the first box of
Doan's Kidney Pills, procured
from Rynott & Co.'s drug store,
helped me so greatly that I con-
tinued taking the remedy and it
brought me entire relief. It
would be impossible for me to
speak too highly of Doan's Kidney
Pills."

The above statement was given
in June, 1906, and on December
29, 1908, Mr. Patridge said: "I
still endorse Doan's Kidney Pills
highly. I willingly verify the
statement I gave over two years
ago in their praise."

Dry Weather in Illinois.

From Wednesday's Daily.

Mr. Henry Meisinger returned
from Pekin, Illinois, on the early
train this morning, where he went
some days ago to visit a sister
who was ill. Mr. Meisinger says
that crop conditions about Pekin
are very poor, owing to the drouth.
Wheat and oats will not be worth
the cutting. Corn that was plant-
ed some time ago has not had
sufficient moisture to cause ger-
mination. In some places the
corn is a few inches tall and in
others it is just through the
ground.

In addition to the very severe
drouth, the chintz bugs have
about taken the crops left on San
Prairie. Mr. Meisinger left his
sister still feeling very poorly.
She has returned from the hos-
pital, but is not well. William
Bloompot, the young man who
has had consumption for some
time, is failing rapidly and will
not live much longer.

vention. At the national camp
Dr. Cook will no doubt receive the
appointment as head physician
for the Nebraska M. W. A.
