

SOME OF THE REASONS WHY THE
United States Separator

IS THE BEST IN THE WORLD!

The United States Separator employs a feeding device to deliver the whole milk beyond the cream zone—preventing any remixing of cream and skimmilk and any conflict of currents. No other device of any other Separator will do this work so well, as the records show. This device is patented, and can be used on no other Separator.

The United States uses non-aligned channels for the currents of milk through the separator bowl. This is covered by strong patents. No discs or other construction can equal its perfection in separation. It won the world's record for skimming, in 50 consecutive runs continuing 30 days, with the milk of ten different breeds of cows.

99 99-100 of the creameries use cream gathered from United States Separators—and are eager for more. Cream from the United States is smooth and perfect for butter making. The United States skims cleaner, runs easier, washes easier and lasts longer than any other separator. Ask the man who runs one. Ask for catalogue at once.

HOW A RELIANCE POLICY WORKS

Great Feature of the Policies Issued by the Reliance Life Insurance Co. of Pittsburg.

John M. Patterson, a railroad conductor, of Sedalia, Missouri, took a policy with the Reliance for \$2,000 on the 15-Year Endowment Plan, April 13, 1907. A note by the inspector received at the time says: "Mr. Patterson has a family; he is a healthy, stout man."

In September, 1907, Mr. Patterson had a stroke of paralysis, which totally disabled him. Subsequently his Reliance Policy was either destroyed or lost, as it was considered of no value. Recently Mr. W. L. Phipps, of the Renewing Division, while in Sedalia, discovered this situation. The attention of Mrs. Patterson was called to the fact that her husband's policy had not lapsed, but was still in force under the Total and Permanent Disability Clause. Her own letter is more eloquent praise of the Reliance policy than anything else can be. It says:

"Sedalia, Mo.,
 "Mr. Scott—Dear Sir: Mr. Patterson is unable to write. He was running out of Jefferson City at the time he took out the policy, and I did not know anything about it. The policy is either lost or misplaced, I feel sure Mr. Patterson will never be able to work again. He has been under the doctor's care nearly all the time since September, 1907. It will surely be a great benefit to me and the children. Please advise me what to do. We, neither of us, knew of the Disability Clause. It is very kind of you to look us up and tell us of it, and I surely appreciate it. This has been a trying ordeal to me to see my husband fighting so hard to regain his health. Thanking you again for your kindness. Respectfully yours,
 "Mrs. J. M. Patterson,
 "305 W. 5th St., Sedalia, Mo."

The company, upon receipt of affidavit that policy had been lost, issued a duplicate endorsed fully paid up.

A Reliance Policy may be lost, destroyed or forgotten. It works just the same, BECAUSE it is the policy of the Reliance Life Insurance Company to see that it does.

The Reliance Life Insurance Company of Pittsburg is represented in Plattsmouth and southeastern Nebraska by General Agent W. J. Thomas. They refer, by permission, to H. N. Dovey, Cashier of the First National Bank of Plattsmouth.

Social Workers Meet.
 From Friday's Daily.

The Social Workers of the M. E. church were delightfully entertained by Mrs. John Cory in the parlors of the Perkins hotel yesterday afternoon. In spite of the intense heat there were a large number of ladies in attendance, who spent a few very pleasant hours. On account of there being so few members of this organization present, the majority of the ladies in attendance not being members, no business session was held. Consequently the entire afternoon was spent in social conversation, some having brought their fancy work, plied the busy needle, and various other amusements were participated in. Delicious refreshments, consisting of sherbet and cake, were served, which materially aided in the social good time and which the ladies appreciated very much.

All Are Busy.

GOLD ATTACKS ANTI-GIFT LAW

Lincoln Merchant Attacks it is Class Legislation.

FAVOR CHANGE IN TAX LAW.

Members of Nebraska Delegation in Congress Express Views on Corporation Statute Now in Force—First Trust Company Incorporated.

Lincoln, June 30.—Applying for an injunction against the enforcement of the Housch anti-free gift enterprise measure passed at the last session of the legislature, William Gold of this city made the first attack on an enactment of the 1911 session in the federal court here. The assault on the measure comes from Gold because of its inclusion of trading stamps in the list of enterprises prohibited for the gain of trade.

The provision of the new law states that "any gift promise, stated or implied to give or bestow or in any manner to hold out the promise of a gift or bestowal of any article or thing, for or in consideration of the purchase by any persons of any article or thing."

Gold recites in his petition that he entered a contract with Sperry & Hutchinson of New Jersey for the installation of their advertising system in his store and that he paid them for the use of their scheme so much per thousand stamps. The complainant charges that the bill was enacted because of the support of other merchants who did not favor the use of the trade attraction scheme by their rivals. Further he says that it is class legislation and that many people through the fear of accepting the stamps since the passage of the Housch bill have ceased to take them and that thereby he has lost trade, all of which he contends is in violation of the Fourteenth amendment to the federal constitution.

A temporary restraining order against Attorney General Martin has been issued by Judge Munger of the federal court, but it cannot be served until Mr. Martin returns to Lincoln.

Favor Change in Tax Law.
 Nebraska representatives in congress who have been communicated with on the subject have expressed themselves as favoring a change in the corporation tax law so that companies concerned might make their returns to the internal revenue collector at the close of their fiscal years, rather than upon the last day of December. Congressman Norris calls attention to results from such an amendment as that proposed by the Commercial club, while Congressman Maguire intimates that he would give the matter his personal attention in the near future. Norris Brown says that he believes the proposed amendment would be a good one and be worth the earnest consideration of the members of congress. He says that he will present the local Commercial club's resolution to the senate at once.

First Trust Company Incorporated.

By articles filed with the secretary of state the First Trust company of Lincoln is incorporated by stockholders of the First National bank. The new company has an authorized capital stock of \$100,000, of which \$50,000 is paid up. S. H. Burnham, A. J. Sawyer, Paul Holm, H. S. Freeman and P. M. Hall are named as incorporators.

The company is organized under the law of the 1911 legislature, providing for the formation of trust companies and prohibiting the use of the word "trust" in the title of any concern not created in accordance with this statute. The First Trust and Savings bank, also owned by stockholders of the First National, has amended its articles so as to drop the proscribed word. It is hereafter to be known as the First Savings bank.

BARS TOWNSHIP TRUSTEES

Indictable Offense to Accept Job on Road Making.

Des Moines, June 30.—Township trustees cannot do any work on roads and receive compensation for their services. Special Counsel Lee of the attorney general's office handed down an opinion to this effect for citizens of Carroll county.

The Carroll county citizens, in a complaint to the attorney general, asserted that one of the township trustees had gone to work for the road contractor to whom the trustees had given the contract to drag the roads under the Cunningham law.

The legal question raised was whether a township trustee could get into the road work to the extent of drawing pay for working on roads.

Special Counsel Lee not only holds that it is illegal, but that it is an indictable offense for a township trustee to do such a thing. It is possible, also, the opinion states, to enjoin the trustee from collecting any wages for the work he has done thus far.
