RETURN FROM THEIR TRIP TO COLORADO

Mr. and Mrs. Boeck Enjoy Pleasant Visit With Former Cass County Friends.

Mr. and Mrs. Henry Boeck returned home this morning from their several weeks' visit with friends in numerous cities in Colorado. The larger portion of the time was spent in Denver, but they visited in Colorado Springs, Pueblo and other points. In Denver they were guests at the home of our old friend, Uncle Jake Kunsman, one of the finest old gentlemen in the entire state of Colorado, who we have known ever since we came to Nebraska, and we believe we know whereof we speak.

Mr. Boeck reports all the people that he visited doing well, especially Mr. Kunsman, who is comfortably located in Denver, is happy and enjoying good health. Uncle Jake and his son have a large sugar beet ranch up near Duell, Colorado, that is giving them fine returns on their investment, a sample of which Mr. Boeck left at the Journal office this morning. Mr. and Mrs. Boeck return home greatly benefitted by the few weeks' visit and are grateful to the friends who afforded them such a pleasant time.

Loss of Time Means Loss of Pay.

Kidney trouble and the ills it breeds means lost time and lost pay to many a working man. M. Balent, 1214 Little Penna St., Streator, Ill., was so bad from kidney and bladder trouble that he could not work, but he says: "I took Foley Kidney Pills for only a short time and feel entirely well and was soon able to go back to work, and am feeling well and healthier than before." Foley Kidney Pills are tonic in action, quick in results—a good friend to the working man or woman who suffers from kidney ills.

Real Estate Divided.

The final settlement in the estate of David Reed was made in the probate court this morning, and the executor discharged. The value of the estate was about \$50,000, most of it in land. The heirs were children, being Jennie R. Cortiss, Hannah Sheffer, Kate Nicklen, George Reed, David T. Reed and Jesse Reed.

Many a Suffering Woman

Drags herself painfully through her daily tasks, suffering from backache, headache, nervousness, loss of appetite and poor sleep, not knowing her ills are due to kidney and bladder troubles. Foley Kidney Pills give quick relief from pain and misery and a prompt return to health and strength. No woman who so suffers can afford to overlook Foley Kidney Pills. For sale by Fricke & Co.

ENTERTAINED AT THE J. M. ROBERTS HOME

Farewell Party in Honor of Vera and Mabel Brown, Who Remove to Topeka, Kansas.

Mrs. J. M. Roberts very pleasantly entertained the members of her Sunday school class of the Presbyterian church at her home on High School Hill yesterday afternoon. The occasion was in honor of a farewell and was in honor of Vera and Mabel Brown, who, with their parents, Mr. and Mrs. Z. T. Brown, will depart for Topeka, Kansas, the latter part of next week, where they will reside in the future.

The girls had come prepared to have a delightful time, as they always do at the home of their Sunday school teacher, and a most enjoyable social time was had. The girls participated in social conversation, music, various games and other amusements, all of which made the hours pass all too rapidly. The only thing to mar the pleasures of the afternoon was the fact that two of the girls were soon to depart from their midst. At an appropriate hour dainty refreshments were served and a little later, after having expressed their regrets at having to lose Vera and Mabel from their midst, and wishing them much happiness in their new home, the girls departed for their homes, reporting a splendid afternoon's entertainment.

The members of the class in attendance were: Nora Rosencrans, Gladys Steinhauer, Jeanette Patterson, Emma Cummins, Margaret Wohlfarth, Margaret Tritsch, Helen Hunter, Vera and Mabel Brown.

Hay Fever, Asthma and Summer Colds

Must be relieved quickly and Foley's Honey and Tar Compound will do it. E. M. Stewart, 1034 Wolfarm St., Chicago, writes: "I have been greatly troubled during the hot summer months with Hay Fever and find that by using Foley's Honey and Tar Compound I get great relief." Many others who suffer similarly will be glad to benefit by Mr. Stewart's experience. For sale by Fricke & Co.

Big Apple Deal.

The Pollard orchards will sure have some apples this year. Seventeen thousand barrels have been sold to the Granger company at Lincoln. Mr. Pollard has contracted for the sale of this amount, and while he thinks this will only be about one-half of the crop, he did not like to contract for the delivery of a greater quantity. Mr. Pollard's orchards are located near Nehawka, at which station they will be loaded and shipped. The picking and packing of such a quantity of fruit is no small task and will require lots of help and the expenditure of considerable money.

More people, men and women, are suffering from kidney and bladder trouble than ever before, and each year more of them turn for quick relief and permanent benefit to Foley's Kidney Remedy, which has proven itself to be one of the most effective remedies for kidney and bladder ailments that medical science has devised. For sale by Fricke & Co.

Mrs. Lena Young returned last evening from a trip to Denver, Colorado Springs and other western points. She is the daughter of Mr. and Mrs. D. A. Young of Murray.

TWO INCH RAIN COMES AFTER EXTREME HEAT

This Part of the Country Gets the First Good Soaking in Many Months.

A heavy rain, general in extent so far as eastern Nebraska and western Iowa are concerned, gave two inches of the much-needed fluid to Plattsmouth and vicinity. A two-inch rain is a heavy rain, and they do not come very often. Yesterday was a day of extreme heat, the hottest since the unprecedented hot spell of June and the early part of July. As early as 8 a. m. the mercury showed 85 degrees. By 10 o'clock it had jumped to 95. At 1 p. m. it showed 102, and an hour later 104. It was somewhat cloudy at that time, which accounted for the drop in temperature. If the day had remained clear it is very probable that 102 would have been exceeded by several degrees.

A heavy black cloud came up from the southwest shortly after 3 o'clock, which gave the town a very light shower. It apparently began to clear off, but shortly before 5 o'clock it was cloudy again and a good rain began to fall. It began to pour down and kept it up for some time. Shortly before 6 o'clock there was a let-up in the rain, but after supper it began to pour down again and kept it up for at least an hour, and it rained some through most of the night.

There was a pretty good electrical display during the early evening and the light company did not attempt to turn on the light current till after the storm. There was a report that one of the dynamos at the plant had burned out, but that report was not correct. The company had trouble with too much water, and it thought it best to play safe during the storm by not turning on the current.

This morning the skies were covered with heavy clouds in every direction as far as the eye could see and a little rain fell about 7:30.

The rain will prove of much value to corn and more so to pastures and meadows, which have been in bad shape during most of the year because of lack of water.

Do not allow your kidney and bladder trouble to develop beyond the reach of medicine. Take Foley Kidney Pills. They give quick results and stop irregularities with surprising promptness. For sale by Fricke & Co.

Back From Her Pleasant Trip.

Miss Helena Hennings returned from a seven weeks' pleasure trip at Beloit, Wisconsin, accompanied by her aunt, Mrs. T. P. Witte and children, a sister of Mrs. F. J. Hennings. During Miss Hennings' trip she visited at Janesville, Wis.; Chicago and Rockford, Ill., besides many other points, and enjoyed fishing, launch and boat riding in the beautiful Rock river of Wisconsin. She also enjoyed Lincoln park in Chicago, where she seen seals, buffalo and, almost any other animal you may think of. She visited the beach and bathed in Lake Michigan, which was very enjoyable. When she arrived home there were a number of her young friends to greet her and surprised her very much. They were all glad to see her home again. The evening was spent with delightful music, singing and games of all kinds and the evening was very delightful. Those present were: Mr. and Mrs. F. J. Hennings, Mrs. T. P. Witte and George, Rex and Roy Witte of Beloit, Wis.; Messrs. Walter and Allie Nichol of Illinois, Will and Allie Meisinger, John, George, Philip, Ferdinand, Albert and Herman Hennings, Harry Horn, Herman Wohlfarth, Floyd Becker; Misses Louisa, Myrtle and Helena Hennings, Teina Horn, Viola Becker and Freida Wohlfarth. The young folks departed at a late hour, all saying they enjoyed the evening very much.

Foley Kidney Pills will check the progress of your kidney and bladder trouble and heal by removing the cause. Try them. For sale by Fricke & Co.

Two Good Deals.

William Caygill has sold to Henry Ludwig eighty acres of the Caygill homestead, six miles southwest of Weeping Water, for a consideration of \$12,500. He also sold to S. Cole a 160-acre farm in Alberta. He owned this far for three years and sold it at \$1,000 profit.

TELEGRAM CALLED HIM TO SADDEST OF NEWS

Aged Man, James D. Wilmot, on Reaching Omaha, Learns That Wife Is Dead.

James D. Wilmot, an aged man, employed by John Iverson, the blacksmith, was called to Omaha yesterday afternoon by a telegram with his wife's name signed to it. It told him to come on the first train to Omaha. He was much worried by the telegram, as it was the first that he had ever received signed by her. She had never found it necessary to telegraph him before, he said at the depot yesterday.

"I can't imagine what is the trouble," he said to a Journal reporter. He reached the station at 1 o'clock, and the hour's wait for the train was torture to him.

He reached Omaha only to learn that the worst news that could greet him was given to him. His wife had died Monday evening at the home in Omaha, following a sunstroke Saturday.

The funeral was held at Omaha this morning.

It developed after Wilmot had left that there were two letters here for him, one telling of the sunstroke and the other telling of the death. He was not in the habit of getting much mail and only went to the postoffice once or twice a week. It is not known why the name of his wife was signed to the telegram.

Wilmot has been working here for about a month. His home is in Omaha, but he found it necessary to leave there in order to get

work, and came to this place, his wife remaining there at their little home. He will return to his employment here.

Control.

By control we mean command or power over something. Every man should have full control over his body and his mind. He should be able to exercise restraint wherever it is necessary and also excite energy and ambition. Regarding the body, he must watch it carefully and check every indisposition in the start, in order to prevent a serious sickness beyond his control. He should at once use Triner's American Elixir of Bitter Wine and keep on until the last trace of the indisposition disappears. This remedy will drive all impurities from the body and will prevent auto-intoxication. Use it as soon as your appetite will weaken, as also in cases of constipation, stomach troubles, loss of weight, headache, vomiting, gases, heart-burn, nervousness, pain in the bowels. At drug stores, Jos. Triner, 1333-1339 So. Ashland ave., Chicago, Illinois.

Seemed to Give Him a New Stomach.

"I suffered intensely after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Youngpeters, Editor of The Sun, Lake View, Ohio. "The first few doses of Chamberlain's Stomach and Liver Tablets gave me surprising relief and the second bottle seemed to give me a new stomach and perfectly good health." For sale by F. G. Fricke & Co.

Mrs. Charles Palmer returned home today.

GIVE MORE POWER at Least Cost and Last Longest

Why experiment when you can be sure. The I.H.C. line offers engines of proven capacity. It doesn't take an expert to see the many great advantages of I.H.C. construction. You can readily see how I.H.C. cylinder construction gives more power with less gasoline—how the I.H.C. style of governing gives steeper power and economizes fuel—how the I.H.C. cooling system prevents deterioration—how in every way I.H.C. construction is simplest, strongest and best.

Through years of service everywhere, under every condition. I. H. C. GASOLINE ENGINES have stood the test. They have demonstrated by actual experience that for every u e they are just the kind of engine you want.

They are made in various styles and sizes from 1 to 45-horse power for pumping, spraying, sawing, gridding, threshing and operating machines about the house and dairy. Call and let us show you why the I. H. C. engine will give you most service, most satisfaction with least attention and at least expense. Tell us what you want your engine to do, and we will help you select the kind of engine best suited to your work. Come in the next time you are in town.
