THE BALL GAME SUNDAY AFTERNOON

The Cedar Creek Colts Add Another Win to Their Long List of Victories.

The Cedar Creek baseball team came down to our city yesterday with the full intention of finding easy victims in the Plattsmouth team, which was pretty badly crippled from their regular number of players, in addition to having but very little practice, but after the smoke of battle had cleared away they realized that they were up against a pretty tough proposition.

At the close of the ninth inning the score was a tie, 3 and 3, and the tenth inning proved a shutout for both teams, but in the first half of the eleventh inning the visitors made one score. At this point the umpire, McCauley, made a decision which seemed to be a little too much in favor of the visiting team for the home boys to stand, and the game came to a close immediately. The decision of the umpire created considerable criticism from those present to witness the game, which seemed to be unanimously in favor of the home team.

It was a good game of ball from start to finish and no doubt the visitors would have won, even though the decision that closed the game had been made differently, as the visitors had already to their credit one well earned run, leaving the score 4 to 3, which probably might not have been tied by the home team in the last half of the eleventh inning.

The home team played a mighty good game of ball and pitcher Dobson was at his best and sure pitched an elegant game of ball, holding the heavy Cedar Creek sluggers down to one or two hits, the visitors scoring on account of numerous errors and wild throws by the fielders. Mann, the veteran Plattsmouth catcher, was behind the bat all the time and nailed everything that came his way, and Ault on first was always ready to accept all possible chances. So much cannot be said of the balance of the team, but taking everything into consideration they furnished good support.

The Cedar Creek boys were not at their best, and while Conners pitched a good game, he was very wild and passed a great many more men than Dobson. The Cedar Creek fielders outclassed the home team, but we had them beat to death from a battery standpoint. There was quite a number of visitors from Cedar Creek and vicinity to witness the game.

Slumber Party at "Riverview."

Miss Ida and Sven Johnson, who are giving a house party this week, entertained a number of their girl friends at a slumber party at "Riverview," their home in South Park. The entire house was lighted with candles, which spread a soft and mellow light over the rooms. Music, both vocal and instrumental, was rendered in the early part of the evening, causing all to be in a happy mood for the latter part of the evening.

About midnight a light luncheon was served, after which the house was darkened and hair-raising ghost stories were told; not only stories, but some of them were experiences realized by some of the young ladies. About 1 o'clock the hostesses took the young ladies to the candle lighted dining room. Here a college table greeted their view and all were told to be seated. The table was decorated with pennants, writing materials, pen, ink, pencils and compasses. School books were piled up at the corner of the table and each was told to hunt for small cards which had been placed inside. Much merriment was afforded when these were found, for each found that in the morning they had a duty to perform, such as making beds, preparing breakfast, washing dishes, and the like.

The chafing dish was then brought forth and all helped to make fudge. The young lady who was then able to keep awake the longest was to have the most fudge, but no one was to be outwitted by the other, so it was voted that it be equally divided. More music was then given and a few pieces in elocution, after which it was decided that all should seek their bedrooms, so that they might be up in time and perform their assigned duties.

Mrs. Joseph Langston returned to Havelock this afternoon, having come here to attend the funeral of David Hawksworth. She was a guest of Mrs. Thomas Wiles while here.

Death at Louisville.

Death came as a welcome relief to Mrs. George Delezenne at a little after 3 o'clock Wednesday afternoon. She had suffered from that dreaded disease, cancer, for about two years, had underwent surgical operations, spent hundreds of dollars with specialists, but at last had to come home and wait for death to relieve her from her suffering. The funeral occurred at 2 o'clock Friday afternoon from the Christian church, conducted by Elder Baldwin of Lincoln. Interment was at River View cemetery.

A more extensive obituary notice will appear in next week's Courier.—Louisville Courier.

Camping Party Returns.

A camping party from here enjoyed a delightful week at Cedar Creek, going out last Tuesday and returning this morning. Those in the party were: Mr. and Mrs. Ed Tuttle, Mr. and Mrs. James Johns, Misses Minnie Heinrich, Anna Weidman, Ida Weidman, Messrs. George Tartsch, Denny Blatt, Paul Wohlfarth and George Weidman.

RAILROAD FILES

ANSWER IN SUIT

Alleges That It Was in No Way Responsible for Accident to William Sperry.

The attorneys for the Missouri Pacific railway have filed their answer in the case of William R. Sperry, who is suing for damages for injuries sustained on the night of October 10, 1910, when he fell off the platform at Minard.

The answer states that the platform at Minard is built of cinders and is about 30 inches above the ground; that adjacent to the north end of the depot leading to town the company maintains a flight of steps 36 inches wide.

It further states that on the night of October 10, 1910, the steps were in good condition and that it was moonlight that night and the steps were plainly visible to the people leaving the train. If the plaintiff received any injuries, says the answer, they were caused by his own negligence.

A Popular Judge.

Probably the most popular judge in Nebraska is Judge Travis of Plattsmouth. He represents Sarpy, Cass and Otoe counties and was nominated on five tickets in the late primary, there being no candidate of any party against him. The Herald enjoys the distinguished honor of having Judge Travis on its list of personal friends and of being a vigorous booster for him in his first campaign for the judgeship four years ago. Judge Travis has the courage and manhood to perform his duty as he sees it, at all times and under all circumstances and herein virtue gets its reward.—Lincoln Herald.
