New Blood.

The blood circulating in our body must be kept perfectly pure and rich. All waste matter, all impure and injurious ingredients must constantly be driven out of the body and the veins must be kept filled with good blood. This exchange must go on without interruption, as otherwise grave diseases would result. Every-

body should therefore, as soon as the slightest disorder in his appetite or in his digestion sets in, use Triner's American Elixir of Bitter Wine, the great tonic and purifier. It will not allow any accumulation of waste matter in the body, but will keep the intestines clean and healthy. It will give strength to all digestive organs and to the nerves. It will give you a healthy appetite, will cure constipation, headache, nervousness, jaundice and indigestion. At drug stores, Jos Teimer, 1333-1339 So. Ashland Ave., Chicago, Ill.

Do not allow your kidney and bladder trouble to develop beyond the reach of medicine. Take Foley Kidney Pills. They give quick results and stop irregularities with surprising promptness. For sale by Fricke & Co.

THE MOTHER OF NINETEEN CHILDREN

Pioneer of 1878 Celebrates the Eighty-first Anniversary of Her Birthday.

Eighty years old, "eighty years young." The stars, the hills and the seas are old, but Grandma Towner is not old. "At evening time it shall be light," and some of the brightness came to her on her 80th birthday. There was nothing very remarkable in the fact that Grandma Towner had a birthday, for she has had several of them. The first one was in grand old Glasgow, Kentucky. "She was born in old Kentucky, which, you know, was mighty lucky," February 3, 1831. She does not remember very much that happened on that, or three or four following anniversaries, for she was very busy, but this is the first time she ever celebrated the 80th anniversary of her birthday, and some of her friends, finding out about it, thought that it would be a pleasant reminder in the coming days, to have some pretty souvenirs of the occasion. So the beautiful post cards were sent from east and west, north and south, until more than 100 were received by her, who thinks each one "just as pretty as it can be." As she treasures them one by one, she will recall the loving hearts that prompted the kind remembrance. This will brighten many of the long, lonely hours, as she sits in her chair, unable to go about, while her daughter with whom she lives, Mrs. Addie Lewis, is busy about her work.

Mrs. Lewis had some of the old-time neighbors to dinner. Among them were Mrs. Pauline Kausehe, who was among the pioneers in 1878, and Mrs. Alice O'Connor, now living with her daughter near Pullman.

After dinner Mr. Olson and the Moss family, the evangelist and singers, who were then holding meetings together with Pastor H. S. Champie and wife, and Miss Vera, came in for a choir visit. They sang several beautiful songs, and left "Grandma" feeling that her cup of happiness was full, but in a little while it had to be packed down, and began to run over as one after another came in with hearty greetings and good wishes.

"Old friends and new, tried friends and true, welcome, welcome, unto you." About 3 p. m. the pastor of the M. E. church, Rev. A. Monroe, with his wife and several more, came in. They sang a number of her favorite hymns. Mr. Monroe gave a very interesting talk and earnest prayer of thanksgiving and praise for God's wonderful goodness, and the long period of usefulness and Christian service this aged saint had been permitted to enjoy.

Then Grandma Towner talked. Among many good things she said, speaking of the early days, and later ones, was: "I am so glad I started to serve the blessed Lord while I was very young. It pays to give God our very best."

She urged that special effort be put forth to bring the young into the watchful care of the church. Several testified to the help and encouragement Grandma had been to them during the pioneer days of this country.

At 4 o'clock Bessie Kuykendall with her "band of sunshine" came in. By this time that cup of happiness had run over until it filled the whole room. There were 13 little girl sunshines, who gathered around the chair and sang several songs, their sweet young voices making rich melody in the hearts of all who heard them.

Miranda Towner's maiden name was Ashley. On August 24, 1848, she was married to A. C. Towner, in Missouri, with whom she lived more than 50 years, until he was called to his heavenly home about four years ago. She is the mother of 19 children, 15 of whom are still living. She used to say, "I always did hate to see an old hen clucking around with one chicken. They always look so lonesome."

They came to Garfield county in the fall of 1878, when they moved to Falling Spring. Since her husband's death she has lived with her daughter, Mrs. Addie Lewis. Within a year after he died she had pieced 32 red and white "double Irish chain" bed quilts for children and grandchildren. "All alike, so one could not think another was the prettiest."

July 10, 1909, she was getting ready to go to the Pioneer dinner, when she fell and broke her hip. Since that time she has been confined to her room, but has re-

maintained cheerful and bright. Ella DeBow.

The above appeared in a recent issue of the Pomeroy (Wash.) Washingtonian, a copy of which was furnished the Journal by Mr. William Gilmour. Mrs. Towner's husband, who died several years ago, was a brother of Mrs. William Gilmour, being 25 years her senior. He will probably be remembered by a number of the very earliest pioneers, being the first sheriff that Cass county ever had, to which position he was appointed in 1855 by Franklin Pierce, president of the United States. The family lived in Cass county a number of years, and the above will be read with considerable interest by those who knew Grandma Towner in the earlier days of her womanhood.

Loss of Time Means Loss of Pay.

Kidney trouble and the ills it breeds means lost time and lost pay to many a working man. M. Balent, 1214 Little Penna St., Streator, Ill., was so bad from kidney and bladder trouble that he could not work, but he says: "I took Foley Kidney Pills for only a short time and feel entirely well and was soon able to go back to work, and am feeling well and healthier than before." Foley Kidney Pills are tonic in action, quick in results—a good friend to the working man or woman who suffers from kidney ills.

FREIGHT WRECK IN FRONT OF DEPOT

Stock Car Gets Off Track and Goes Off to One Side—The Train Breaks in Two.

An extra freight train, west-bound, was wrecked this morning directly in front of the Burlington depot. One car, an empty stock car, went off the track and half way down the bank, while the front trucks of the car behind turned sideways on the track.

The train was going by at the usual hair-raising speed of the freight trains as they pass the station going west, when the brake beam of one of the cars became caught in a guard rail. The beam dragged along for quite a distance and then the wheels went off on the east side of the track and the car broke loose from the one in front.

It was about time for No. 6, the Denver-Chicago Limited, to come through from the west and a large force of men were put to work to clear the track. The wreck caused a large crowd to collect, and they saw an exhibition of how a railroad clears wreckage off the track by means of an engine. By the pulling and pushing methods an engine can do swift execution, provided the track is not torn up. The track was cleared by a few minutes before 9 o'clock and both passenger trains went on to their destinations, No. 6 having been delayed about an hour.

Many a Suffering Woman

Drags herself painfully through her daily tasks, suffering from backache, headache, nervousness, loss of appetite and poor sleep, not knowing her ills are due to kidney and bladder troubles. Foley Kidney Pills give quick relief from pain and misery and a prompt return to health and strength. No woman who so suffers can afford to overlook Foley Kidney Pills. For sale by Fricke & Co.

State Fair Items.

The two Wright Brothers' Aeroplanes at the Nebraska state fair, September 4th to 8th, will be manipulated in the four flights each day by Aviators P. O. Parmelee and Clifford Turpin. Parmelee is the holder of several world's records, among which is the duration record made at San Francisco, January 22, 1911, of 3 hours, 49 minutes and 48 seconds. He also made a single flight from Dayton to Columbus, Ohio, carrying 60 pounds of extra weight 64 miles. His best record, however, is a single flight from Laredo to Eagle Pass, Texas, 106 miles, carrying a passenger. We are glad to know that such reliable "bird men" are sent to our state fair, as our people will feel assured of witness flights.

More people, men and women, are suffering from kidney and bladder trouble than ever before, and each year more of them turn for quick relief and permanent benefit to Foley's Kidney Remedy, which has proven itself to be one of the most effective remedies for kidney and bladder ailments that medical science has devised. SWEATERS COME IN PRETTY HANDY

THOSE of you who have worn sweaters know handy they are, that is, coat sweaters. Those who have never had one should get one this season as they are one of the handiest garments you can wear. And they are neat appearing too. They keep you warmer than a coat without having the weight of one. We are showing a nice line of these goods—the best we have ever shown. This showing includes the Bradley line of sweater coats for women and children. They come in large variety of colors, including oxfords, cardinals and navy blues, white and brown. Look in our window and see what a fine line they are.
