

PAUL MORGAN THE LOCAL CHAMPION

Defeats Livingston Richey in the Final Game of the Singles Tournament.

From Saturday's Daily.
Paul Morgan is wearing the laurels of the local tennis championship, which he earned yesterday afternoon at the Patterson court when in the final contest in the singles he defeated Livingston Richey three sets to one.

The result was an upset in the dope. No one gave Morgan a chance, not even himself. Richey has played all of the local players and has beaten them when he wanted to, and usually with ease. He was the University of Nebraska champion and won the interstate contest with Kansas. In other words, he was a "shark" that outclassed the other "near-sharks" here, but the latter have been practicing hard and improving in the game, while Richey has probably gone back from lack of practice.

Morgan played rattling good tennis yesterday, while Richey did not play up to standard, hence his loss of three straight sets after he had taken the first, 6-0. The score of the second was 6-3, the third 6-0, the fourth 6-4.

The first set showed both men badly rattled, Richey being a little bit less than that by his opponent. Morgan was "rotten," to use the favorite expression of the fans, and he did not make it interesting even. It looked at this stage of the contest that the fans would not get their money's worth, though the admission was free.

Paul came back in the second set with what on the race track would be called a "rank reversal of form," and played some great tennis. He soon had enough games won to frighten his opponent, who was very anxious to take the contest in straight sets. The harder Richey tried the worse he got. He lost the set, and in the third set he probably played the poorest tennis he ever showed in an important match. He did not get a game in this set. He tried hard to "come back" in the two remaining sets and showed brilliant displays of old-time form, but his good work was mixed with a lot of the "rotten" variety. It was true that Morgan was playing a mighty pretty game against him, but still Richey missed many shots which, as a rule, he could handle with his eyes shut.

The latter part of the last set became real exciting from the fact that many times Morgan was within one point of winning the set and contest. Paul showed nervousness every time he had a chance to get that last point. In this part of the match Richey was playing good tennis, but the handicap was too great for him and it was almost inevitable that sooner or later Morgan would get the necessary point, and he did.

There has long been much rivalry between Morgan and Richey and a victory would have tasted very sweet to either of them, but Morgan was charitable in victory and admitted to his friends that Richey was off form.

WELL EQUIPPED FOR SERVING GOOD MEALS

Ladies' Aid Society of Methodist Church Have Culinary Department They Are Proud Of.

From Saturday's Daily.
The members of the Ladies' Aid Society of the Methodist church have a culinary department that they can well be proud of. They have fitted the kitchen in the basement of the church with complete water and gas service and have put in a fine six-hole range with two ovens; also a fine copper coffee urn, such as is used by restaurants.

The society possesses a large number of dishes, enough to serve a large number of people at one time. In connection with the kitchen is a large dining room, capable of seating a large gathering. In the past the ladies have worked under many hardships in giving large dinners or suppers, but with the present excellent arrangements they can save much unnecessary labor.

New Blood.

The blood circulating in our body must be kept perfectly pure and rich. All waste matter, all impure and injurious ingredients must constantly be driven out of the body and the veins must be kept filled with good blood. This exchange must go on without interruption, as otherwise grave diseases would result. Everybody should therefore, as soon as the slightest disorder in his appetite or in his digestion sets in, use Triner's American Elixir of Bitter Wine, the great tonic and purifier. It will not allow any accumulation of waste matter in the body, but will keep the intestines clean and healthy. It will give strength to all digestive organs and to the nerves. It will give you a healthy appetite, will cure constipation, headache, nervousness, jaundice and indigestion. At drug stores, Jos. Triner, 1333-1339 So. Ashland Ave., Chicago, Ill.
