

GRAND SHOWING IN

FALL MILLINERY

Opening on Thursday, Friday and Saturday

IT is with great pleasure that we announce for your selection one of the grandest displays of Fall Millinery ever shown in the city of Plattsmouth, and during the three days of our opening we shall reveal to our friends and patrons the result of careful, critical and thorough preparation for the Fall season.

So beautiful and becoming are the many patterns and models that each woman can find a hat that is individually suited to her style. Such hats as are usually favored the metropolitan cities are here in plenty for your approval and selection. Beautiful pattern hats are displayed along side of models created by our own clever designer. Tailored Hats in Velours, Bright and Finished Felts and Soft Velvets are extremely popular. One of the newest Fall fancies is the French Felt Sailors.

THE HARVESTING OF THE APPLE

The Fruit Greatly Improved
Under Scientific
Cultivation.

With October's declining suns the apple orchards grow festive with their ruddy fruit. It was not so many years ago that the apple was a despised fruit. It might do well as a basis for cider and vinegar, and it was ever popular as raw material for the small boy's stomach ache. But it was too democratic and common a product to be fitted for the educated palate, which would have only oranges and tropical products. While the last-named favorites have lost none of their hold on the popular taste, the enormous improvement in apple culture, by which larger, fairer and more nutritious specimens have been produced, has made it one of the great American staples. The apple and the orange are in

contrast, and each fills the other's lacks. The orange brings the mellow heart of sunshine to the northern fireside, the apple the cool tang of the north to the southern home. As apples have improved under scientific cultivation, they cost more. But even if a barrel of apples weighing 200 pounds should cost \$3 to \$5, it is many times cheaper per pound than any meat or even cereal.

Marriage Licenses.

William M. Mason and Miss Loma Allen of Omaha took out a license today to marry. Yesterday afternoon Marion Thacker, aged 19, of Weeping Water, and Miss Nellie Drum, aged 19, of Weeping Water, were married.

H. G. Meisinger, from near Cedar Creek, was in the city yesterday looking after some business matters, and while here called at the Journal office to renew his subscription to the paper for another year. Mr. Meisinger is one of the many valued readers that we have by that name.

At the Wetenkamp Home.

The chicken pie and ice cream social at the home of Mrs. William Wetenkamp last Saturday evening was attended by a large crowd of people from the immediate neighborhood, as well as a crowd from both Plattsmouth and Weeping Water, who enjoyed themselves immensely. The presence of those who attended was very much appreciated by the church people of Eight Mile Grove. In spite of the coolness of the evening the young people went out on the lawn, where one could tell from their gleeful tone of voice that they were enjoying their merry sports. In the meantime the older people were preparing the good things to eat and placing them on large tables inside the house. When all was in readiness all were invited to the tables by the gentle tap of the old dinner bell. The ladies are planning another social and another good time in the near future. The proceeds from the tables and the stand netted a handsome little sum.

By One Who Was There.

Entertains Jolly Eight Card Club.

Mrs. Henry Timm entertained the Jolly Eight Card club in a charming manner at her home on Tenth street yesterday afternoon. Seven games of high five were played, Mrs. Jesse Wara winning the first prize, a beautiful bread plate, while Mrs. N. W. Christinger, having won the least number of games, was awarded the booby prize, a large salt box. At 4:30 a delicious luncheon, consisting of coffee and cake, was served, after which an hour or so of social conversation was indulged in. The guests departed for their homes at a late hour, after having thanked the hostess for such a pleasant afternoon. Those in attendance were: Mesdames J. Waga, A. Kanka, C. R. Burdick, W. Mason, J. Sattler, O. Crook, J. Lutz, F. Waddick, William Hennrichsen, H. Timm, Misses Pearl Mumm, Paula, Hulda and Clara Goos. The next meeting will be held at the home of Mrs. Flora Waddick.

A. D. Weldon and C. Anderson of Greenwood were visitors here today.

A Farewell Surprise.

Mrs. M. J. Burrows, who expects to move to Omaha soon, was very pleasantly surprised at her home in South Park last evening. This most enjoyable affair was planned by her neighbors and friends, who went to her home with well filled baskets and to show her that they regretted her leaving their midst. The hurrying moments were delightfully spent in social conversation. Delicious refreshments, consisting of sandwiches, salad, pickles, cakes, fruit, coffee and lemonade, was served, which was thoroughly enjoyed by all those present. Those who enjoyed this occasion were: Messrs and Mesdames Thomas Wiles, B. F. Crook, S. G. Stone, C. M. Manners, Claude Mayabb; Mesdames Isaac Wiles, J. S. Wendell, George Winscott, Mary Burbee, C. Tyler, C. M. Parker; Messrs. Luke Wiles, Lester Burrows, Saynor Mayabb. It was a late hour when the guests departed for their homes, declaring they had spent a very pleasant evening and wishing Mrs. Burrows success in her new home.
