WILL BING MABRAY BACK

Release of Head of Notorious Gang Will Not Mean Freedom.

Des Moines, Oct. 30.—J. C. Mabray, the head of the notorious gang of swindlers, will be back in his old quarters at the Polk county jail this week for a stay of indefinite length with his former host, Jailer Scott Wise.

Mabray's term in the federal prison at Fort Leavenworth has expired. Regulation papers for Mabray's return to Iowa were granted by Governor Stubbs of Kansas. Mabray was met at the gates of the federal prison by authorities and will be brought to Des Moines immediately.

Attorney General George Cosson secured Mabray's remission. For some reason, the state attorneys prosecuting Mabray and his associates prefer to have Mabray await trial in Des Moines.

Mabray will be tried before the Potawatomi district court, where several indictments on charges of conspiracy are hanging over him.

The state plans to begin the prosecution of Mabray in the November term of court.

SECURES HIS WIFE BY ORDER OF COURT

Mr. and Mrs. Fred Jenkins Are Enjoying Second Honeymoon.

West Union, Ia., Oct. 30.—Fred Jenkins of Hudson secured possession of his wife by means of a writ of habeas corpus issued at Oelwein by Judge O'Connor of the superior court, and the couple has started on another wedding tour.
The bride formerly was Miss Lena Lennon of Ansonia and was wooed and won in spite of the remonstrances of her parents. She eloped on Sept. 16 with Jenkins, who is a restaurant man of Hudson, and on a license issued at Manchester they were married. The parents said somebody swore to a falsehood in asserting that the bride was eighteen years old, as they claimed she was only fifteen, so on the day of the wedding the bride and groom were separated, the bride being taken to her parents' home.
The groom declared he would have his wife by legal process, and made good his threat, having her brought into the superior court at Oelwein by City Marshal Chivington.
The parents realized that their daughter actually was wedded, and their only recourse was to start a prosecution for perjury, which they declined to do, so after consultation in court they agreed to submit to the legal process that had been invoked by Mr. and Mrs. Jenkins then started on their second wedding tour.

PANIC PREVAILS IN CITY OF PEKING

Manchus Fear for Lives and Are Fleeing From Capital.

APPEAL MADE TO FOREIGNERS

Officials Are Seeking Asylums for Wives and Children—Rumor That Young Emperor Has Been Spirited From the Capital.

Peking, Oct. 30.—The situation in Peking is becoming worse. A veritable panic prevails among the Manchus and the Manchus women are adopting Chinese dress. Some of them are attempting to make their feet appear small by peculiarly constructed shoes. The trains that are leaving the capital for the most part are drawn by two engines, so heavily are they loaded, the people sitting on top of their household belongings. Officials are seeking asylums for their wives and children among the foreigners.

Prior to the revolution the newspapers frequently cried out against the presence of foreign soldiers, but the natives are now fleeing to them for shelter. One report fixes tonight for the outbreak, but the presence of 15,000 Manchus troops, against 3,000 Chinese, ensure the safety of the capital for the present.

The only danger seems to be from a sudden attack against the throne or against the officials, which might precipitate the threatened massacre by the Manchus. Race feeling is becoming intensified. The price of provisions is still rising and many foreigners are entering the legation quarter. The legation guards are preparing for emergencies. The Americans have sand bags piled on the corner wall, which is now under a strong guard. Picturesque movements of the Manchus troops through the city, occur silently after night to prevent excitement among the population.

Rumors are current that the emperor has been spirited away and that Prince Ching, who is too old for flight, has committed suicide.

HARRIMAN GIRLS IN RACE

While Widow Attends Run of Hounds, Daughters Try Out Trotters.

Goshen, N. Y., Oct. 30.—Playing a new trick on their mother, Miss Carol Harriman, Mrs. C. E. Rumsey and Mr. Ramsey, up behind the three crack trotters of the stables of the late E. H. Harriman, settled their dispute as to superior horsemanship in a thrilling race over the historic Goshen track, while more than 100 members of the Tuxedo colony stood in the stands and cheered wildly.

Mr. Ramsey trailed into the stretch an apparent loser, but by a magnificent drive, passed Miss Carol, caught his wife, raced even with her up to the wire, and sailed under it a winner by a neck when Mrs. Ramsey's horse broke.

Some days ago during a practice spin, Averil Harriman challenged his sisters to a race and the defy was accepted, but Mrs. Harriman objected on account of the danger.

While Mrs. Harriman occupied a box at a run of the Glen Arden hounds at the Goshen track, Miss Carol and Mr. and Mrs. Ramsey stayed behind, as did a number of the Tuxedo folk, who had been let into the secret.

UNION PACIFIC GIVES REPORT UPON WRECK

Due to Brakeman Interfering With Block System.

Rock Springs, Wyo., Oct. 30.—Human fallibility caused the wrecking of a Union Pacific passenger train that ran into a freight train near here and resulted in death to three men and injuries to thirty other persons, according to an official report given out by the railroad company. The statement shows how a wreck can be brought about by interfering with automatic safety blocking systems, which are said to be otherwise mechanically infallible.

According to the official report, the accident was due to the action of Robert E. Lee, head brakeman of a west-bound freight train, which had been sidetracked to allow the westbound fast mail train to pass. Before the mail train came in sight from the east the eastbound Atlantic express came along.

As the passenger train neared the switch leading to the sidetrack, which lies between the eastbound and the westbound tracks, Brakeman Lee, the statement says, "for some unaccountable reason stepped up to the switchstand and threw the switch, causing the Atlantic express to run in on the passing track and collide with the engine of Lee's own train."

The signals, before the switch was thrown, showed both through tracks to be clear and the switch to the sidetrack closed. The express was too close to the switch to stop after the switch was turned and the collision followed.

Engineer H. C. Bangs and Fireman W. C. Cherkin of the express train were killed, as was a track worker.

The most serious injuries were sustained by persons in the day coach. They were scalded by steam from the broken locomotive boilers.

INTEREST IN ELECTION KEEN

Five States Are to Elect Governors on Nov. 7.

ALL EYES ON MASSACHUSETTS

Republican and Democratic Parties Have Full Tickets in Bay State—In Several States Candidates of Five Parties Are Making Race.

Chicago, Oct. 30.—Although the elections to be held Nov. 7 will be quiet, compared with the presidential struggle a year hence, interest in them never less is keen. There will be elections of varying importance in various states a week from tomorrow. States which will elect governors or other state officers are Rhode Island, Massachusetts, Maryland, Kentucky, Mississippi, Louisiana and New Mexico.

In other states justices of the supreme court, members of the legislatures and mayors will be among the officers chosen. Several congressional vacancies are to be filled.

While this is regarded as an off year, national interest centers in Massachusetts, where the Democratic and Republican parties have full tickets. Eugene N. Foss, who was elected as a Democratic governor in a Republican state last year, is a candidate for reelection. The Republican ticket is headed by Louis A. Frothingham, the present Republican lieutenant governor. Members of the legislature will also be chosen. In New York state a new assembly will be elected, as well as several justices of the supreme court and city and county officers.

New Mexico votes for the first time in its history as a state for a full set of state officers, members of congress and for a supreme court, eight district judges and eight district attorneys. It will also vote on a proposed amendment to the constitution, making the constitution more easily amendable than is at present provided for.

Arizona, on Dec. 12, will hold its first state election for state officers, etc., the date having been fixed by proclamation.

Ohio will vote for municipal officers and delegates to the constitutional convention. In the larger Ohio cities the contests for city officers will be more spirited because of divisions in the lines of both old parties and the determination of leaders to strengthen their own preparatory to the fight next year for delegates to the national convention.

Georgia will hold a primary to nominate a candidate for governor to succeed Hoke Smith, who will soon resign to become United States senator.

In several states the Democratic progressives, Prohibition, Socialist and Socialist Labor parties also have named candidates for various state offices.

In Nebraska judges of the supreme court, a railway commissioner and regents of the state university are to be elected, as well as a successor to the late Representative Latta in the Third district. Five parties have tickets in the field.

The increase from 980 delegates, which comprised the Chicago convention of 1908, is the result of the reapportionment by congress, which increases the size of the house of representatives from 391 to 433 members, or 435 with the two new states.

ROCK ISLAND SHOPMEN VOTE TO HAVE STRIKE

Men Are Asking for Ten Per Cent Wage Increase.

Chicago, Oct. 30.—With the shop employees on the Rock Island railroad voting overwhelmingly in favor of a strike and an ultimatum served on the Texas Pacific, labor conditions on the railroad assumed a more serious aspect.

It is known that a majority of the crafts on the Rock Island have voted for a strike. The vote of the blacksmiths was returned, but J. W. Klies, president of the International Brotherhood of Blacksmiths and Helpers, said he would not make known the result until he had heard from the allied crafts.

The Rock Island system already has recognized the federation of craftsmen. The men are asking for a wage increase that will average 10 per cent.

ROW IN McNAMARA TRIAL

Charge Is Made That Court Is Qualifying Unfair Jurors.

Los Angeles, Oct. 30.—Not since the day when Francis J. Honey was shot down in a San Francisco court room has a California court witnessed such exciting events as marked the session of the trial of James B. McNamara, accused of having blown up the Los Angeles Times building a little more than a year ago.

Bitter invective and denunciation by the opposing counsel was followed by an absolute charge on the part of the counsel for the defense that Judge Bordwell, who is presiding, was plainly trying to qualify a juror who had been challenged by the state. And as a climax came the ruling by the court that two jurors, bitterly fought by the defense and challenged for cause, were fair minded men who could be depended on to safeguard the rights of both sides.

The mask of friendliness which has heretofore been worn by both sides is now discarded, and both sides are preparing for real fighting, which is sure to last for months. As the result of Judge Bordwell's ruling there now are in the jury box six men who have been passed for cause.

Wireless Experts Greatly Puzzled.
