While D. C. Rhoden has been beaten for the office of sheriff, he has one thing to be mighty thankful for, and that is for the vote he received at home. It demonstrates that he is well thought of in the community where he has lived all his life. Where he has dealt with neighbors and friends and gained the friendship of all by his honest and square dealings. Can all the elected candidates say as much? Look at their home vote and decide for yourself. When a man carries his home precincts like Don C. Rhoden did, with the larger portion of the vote going to his opponent being the result of some personal matter and not the duties of the office considered, and from his own party at that, he certainly has grounds to feel proud. We believe that for the present Cass county has lost the services of a good man for sheriff, but it cannot be said that old East and West Rock Bluffs did not do her share, especially among Mr. Rhoden's republican friends.
