IOWA TEACHERS AT DES MOINES

Over Five Thousand Enroll for the Annual Convention.

SIDE BLOW AT ATHLETICS.

College Department Resolves No More Time Be Spent on Sports Than on Any One Study—Nominating Committee Is Divided.

Des Moines, Nov. 10.—Over 5,000 educators enrolled for the annual State Teachers' association, which commenced its fifty-seventh session last evening. The address of President Fred Mahannah of Mason City was delivered in the Coliseum, in which he discussed the needs of the rural schools and advocated more normal schools, more support for normal instruction in high schools and additional inspectors to aid in bettering the rural schools. This was followed by an address by President Frost of Berea college, Kentucky, on "Pioneering in the Southern Mountains."

The nominating committee was appointed to choose officers for next year. But the membership of the committee was so divided among the different interests that it seems probable a fight for control of the association will be carried to the floor. The women members have been organized to insist upon the election of a woman for president.

Prior to the general association meeting, departmental meetings were held, and in the college section athletics were severely condemned and a call was made for all college men to get together and insist upon reform so that no more time can be given to athletics in college work than to any one study. A recommendation to that effect will be adopted by the college department.

In the department of elementary education, Professor McMurray of New York severely criticized superintendence and supervision as it is practiced and started a movement for an entirely different scheme of supervision. The educational council approved of plans for changes in the laws so that the office of school treasurer be abolished and more nearly a township unit of organization be adopted for the rural schools. It also favored the abolition of the independent districts. The legislative committee recommended that the term of office of the state superintendent be extended to four years and his salary be increased, also that the state board of education be reorganized.

Will Not License Naprapathists.
No licenses will be issued by the Iowa state board of health to persons who wish to practice naprapathy in Iowa.

Dr. Sumner, secretary of the board, made this announcement when he formally turned down the application of H. Walter Harmon of Burlington.
The state board in refusing to license Harmon, says that Iowa gives legal recognition to only two classes of practitioners, medicine and osteopathy.

The naprapathists, who fix diseases through treatments of the spine, have been attempting for some time to secure licenses to practice in Iowa.

RETAILERS ELECT OFFICERS

J. K. Dysart of Ottumwa Chosen President of Iowa Federation.

Cedar Rapids, Ia., Nov. 10.—The board of directors of the State Federation of Retail Merchants in session here elected the following officers: J. K. Dysart of Ottumwa, president; George W. Dulaney of Clinton, first vice president; D. W. Vroom of Mason City, second vice president; W. A. Ball of Cedar Rapids, third vice president; Cedar J. Murphy of Dubuque, secretary; Paul Davis of Waterloo, treasurer.

The association will boost for home buying and will put up a strong fight against a parcels post.

Colonel Bowers Dead at Clinton.

Clinton, Ia., Nov. 10.—Colonel H. F. Bowers, organizer of the American Protective association and national president since its inception nearly a quarter of a century ago, died suddenly of heart failure. He was born in Baltimore, Aug. 12, 1837, and came to Iowa in 1857. He was admitted to the bar in June, 1877. Colonel Bowers was county recorder two terms. He was a long time Republican and was widely known in Iowa and other states.

Admits Forgery, Police Claim.

Cedar Rapids, Ia., Nov. 10.—Admitting he bought a diamond ring for Miss Lena Goodsell, telephone operator at Dike, Ia., with a forged check, Raymond Quintard of Stouss City is said to have confessed his guilt to the officers here. He was arrested at Parkersburg and has been held to the grand jury under bonds of \$1,000. His brother, Earl Quintard, was arrested a few days ago on a charge of forging notes at Grundy Center.

Baby Burned to Death at Anita.

Anita, Ia., Nov. 10.—Thelma Redburn, aged two, died as a result of playing with fire. Her five-year-old brother spilled a bottle of turpentine on a newspaper, which caught fire from the stove and set the child's clothes afire.

EAN ON INDIAN DANCES

Bureau Officials Say It Keeps Redskins Too Long Away From Farm.

Washington, Nov. 10.—It is for the economic and social good of the Indians, officials of the Indian bureau declared, that objection has been made to the sun, buffalo, willow and some of the other prolonged dances in which members of certain tribes indulge.

"Often these orgies, for that is what the dances practically amount to, consume several weeks of the Indian's time at a season when the farm needs his attention," said an official.

"The interior department will continue to object to these dances."

Delos K. Lonewolf, Wilbur Pewee and four other members of the Kiowa and Comanche tribes are here now. While they have been consulting about the dance protests, their principal purpose was to ask that the money appropriated for their relief at the extraordinary session of congress be given them in larger sums. The department, it is said, will not make any change in its policy of doling out the money in monthly payments, spread over a considerable period.

FUNERAL OF FATHER

WILLIAM MURPHY

Body of Late Priest is Buried at Lincoln.

Lincoln, Nov. 10.—The funeral of Father William Murphy, who was killed in an automobile accident near Beaver Crossing, was held at St. Theresa's pro-cathedral this morning.

Bishop Tihen preached the funeral sermon and celebrated the requiem high mass. He was assisted by several priests of the diocese. Burial was in Calvary cemetery, east of the city. The body of the late priest was viewed by many as it lie in state at the pro-cathedral.

USES RIFLE TO GET NOTE

Rancher Takes Summary Action to Recover Paper.

Belle Fourche, S. D., Nov. 10.—Walking into the State bank of Hulet Wyo., a short distance from here, Asher Knepper, a rancher, leveled a rifle at Cashier Storm, forced him to turn over a promissory note signed by Knepper, and then handing the rifle to one of several bystanders, calmly walked outside the bank, tore up the note and went home. Knepper later was arrested and held to the district court on a charge of assault with a dangerous weapon. He was released on bonds.

Knepper claims he gave the note in question to his mother-in-law for a \$500 check, which proved to be worthless. Later the mother-in-law placed the note in the bank for collection, and he took summary action when the bank officials refused to return the note to him.

AIMS BLOW AT "CORNERS"

Government Asks Supreme Court to Decide Them Unlawful.

Washington, Nov. 10.—For the first time the government asked the supreme court of the United States to proclaim as the law of the land that "running a corner" on a stock exchange is a violation of the Sherman anti-trust act.

The point came up in the oral argument of Solicitor General Lamann in support of the indictment of James A. Patten, Eugene E. G. Scales, Frank B. Hayne and William P. Brown on charges of conspiracy on Jan. 1, 1910, to "run a corner of cotton" on the New York Stock exchange.

Sugar Off Ten Points More.

New York, Nov. 10.—Owing to increasing competition of new crop supplies, the sugar market shows continued weakness and further declines were reported. The price of refined sugar was marked down ten points to the basis of 6.30 cents per pound for fine granulated, making a decline of nearly 14 cents per pound from the high record recently noted. Raw sugars also were unsettled and lower.

Woman Horsewhipped Editor at Joliet.

Joliet, Ill., Nov. 10.—Archibald S. Lockie, editor of the Joliet Herald, was attacked by Mrs. Oscar Brush in front of the Herald office and horsewhipped. He finally took the horsewhip away from the woman, after having received at least three hard blows. Mrs. Brush is the wife of a printer against whom the Herald had made charges, which the editor refused to retract.

Stanisics Located in Utica, N. Y.

Lincoln, Nov. 10.—That Theodore Stanisics, wanted in this state for arson, is in Utica, N. Y., masquerading under the name of Louis Clark, is the word telegraphed to Lincoln by the chief of police of that city. Stanisics is the man who was convicted here of luring Ray Wilscam to burn his house in order that the two might secure the insurance thereon.

Finds Wife Dead, Kills Himself.

Chicago, Nov. 10.—When he awoke and found his wife had died in the night it is believed James Thompson, fifty-three years old, committed suicide rather than live without her. Their bodies were discovered by a servant. Mrs. Thompson's body indicated she had died from natural causes. Thompson was beside her with his throat cut.

RATE REDUCTIONS ARE ENJOINED

Court Holds Up Order of Commerce Commission.

FREIGHT TARIFFS UNCHANGED

Long and Short Haul Issue in Pacific Coast Cases—Investigation of Facts to Be Made by Judges—Controversies may Go to Supreme Court.

Washington, Nov. 10.—Expected reduction of transcontinental railroad freight rates was held up when the court of commerce granted a temporary injunction against the order of the interstate commerce commission in what popularly are known as the Spokane and the Pacific coast points rate case. The order was made June 22 and was to have become effective next Wednesday.

The cases involve not only the "back haul" freight rates from Spokane and other intermountain points to Pacific coast terminals, but also the application of the long and short haul provision of the existing law. The order of the commission, particularly in the Reno case, laid down the principles to be followed by the commission.

The effect of the commission's order was to reduce the freight rates from Atlantic seaboard points to inter-Rocky mountain destinations.

In the reduction of the transcontinental rates the commission recognized the effect of water competition on the Pacific coast, but held substantially that the rate from the east to cities like Spokane and Reno should be lower than the existing rates.

The transcontinental railroads appealed to the commerce court, maintaining that the order was practically confiscatory.

Leaves Rates Unchanged.

The court issued the order granting the preliminary injunction and suspending the operation of the order issued by the commission. The court's finding leaves the transcontinental freight structure as it is at present.

In the opinion of members of the interstate commerce commission the most important feature of the injunction is the court's questioning of the commission's action respecting the long and short haul provision of the existing law. The intimation given by the court is that it proposes to make an investigation of the facts on which the order of the commission was based in order to determine for itself a basis for a final order.

In the existing circumstances it is regarded likely that the cases will be determined by the commerce court for several months and that whatever the judgment of the court may be, the controversies will be carried to the United States supreme court.

MRS. QUINN HELD BY POLICE

Former Husband of Chicago Woman Was Also Killed.

Chicago, Nov. 10.—Witnesses at the inquest held over the body of John Quinn, who was found shot to death in his home on the outskirts of the city, Nov. 2, gave testimony which threatened to involve the slain man's wife. The woman is being held by the police for an investigation.

Charles E. Thorpe, a stepson by the woman's second marriage, told of three marriages he knew she had contracted, although her former testimony acknowledged only two. He added that he suspected Mrs. Quinn, then Mrs. Thorpe, of having killed his father, since, he said, the husband and wife alone were in the house at the time.

The testimony set up the following as facts involving Mrs. Quinn: That she had been married three times; that her second husband, Warren Thorpe, whom she married within two months of the death of her first, had been shot under circumstances not unlike Quinn's death; that Thorpe on the day of his death contemplated arranging to deed his 160-acre farm to a son, but was shot while getting ready to go to a notary with his son.

WILL OPEN ANOTHER GRAVE

Body of Charles Vermilya Will Be Exhumed by Coroner Hoffman.

Chicago, Nov. 10.—Coroner Hoffman prepared to take another body from the grave for the purpose of adding to the chain of evidence against Mrs. Louise Vermilya, now held in the county jail charged with the murder of Arthur Bissonette.

The grave which will be opened is that of Charles Vermilya, second husband of the accused woman. Coroner Hoffman, with two detectives, went to Crystal Lake for the immediate purpose of exhuming the body and incidentally to make inquiries regarding the courtship of Louise Vermilya and her husband and facts connected with the death of the first Mrs. Vermilya.

Mrs. Vermilya, who suffered a relapse, is now resting comfortably.

Norway and Sweden Ask Tariff Concessions

Washington, Nov. 10.—Norway and Sweden, through their diplomatic representatives here, have requested the United States to grant to them under the favored nations' clause of their treaties the same privileges given to Canada by section 2 of the reciprocity agreement, by which wood pulp and print paper are admitted free of duty into the United States.

POISONER BLAMES SISTER

Mother of Accused Woman Identifies Threatening Notes.

Northwood, Ia., Nov. 10.—Mrs. Douglas Rhodenbaugh, mother of Mrs. Etta Larson, accused of attempting to poison her father, took the witness stand in the trial of her daughter in the district court here. She positively identified the letters said to have been written to Marion Rhodenbaugh by Mrs. Larson, in which threats were made if the girl told that she had been ordered to put poison in Rhodenbaugh's food.

J. W. Mullican of St. Paul, a handwriting expert, took the stand preceding Mrs. Rhodenbaugh, and testified that the letters were the handwriting of Mrs. Larson.

On recross examination Marion Rhodenbaugh testified that she had attempted to poison both her parents six different times, dating from the fall of 1909. She said these attempts were made at the instigation of her sister.

FORWARD MOVEMENT FOR SMALLER CITIES

Campaign Will Extend to Boone, Ames and Other Towns.

Des Moines, Nov. 10.—Arrangements are being rapidly completed for the launching of Men and Religion Forward Movement campaigns in the cities and towns auxiliary to Des Moines. The campaign will be opened at Colfax on Dec. 1 and will last for three days. Delegates will be entertained from those towns in Jasper county that lie nearer Colfax than to Newton.

Chairman B. W. Garrett of the committee on associated centers has arranged for a campaign to be held at Boone from Dec. 7 to 10. There will be no campaign at Ames until after Jan. 1, and as yet no plans have been definitely outlined for the prosecution of the work in Oskaloosa and Ottumwa.

Dr. Clarence A. Barbour and Yutaka Minskuechi, who were members of the team of national experts who conducted the eight day campaign in Des Moines, addressed more than two hundred master Masons of the Mount Hermon lodge at Cedar Rapids last week. Both men are Masons of a high degree, and Mr. Minskuechi is the only Japanese Shriner in the United States.

Both men dwelt at length on the teachings of Masonry and both discussed the relations between Masonry and Christianity, emphatically declaring that Christianity is the logical conclusion of Masonry.

SLOT MACHINES TAKEN OUT

Disappear From Council Bluffs Stores as if by Magic.

Council Bluffs, Ia., Nov. 10.—Several hundred slot machines disappeared from the stores in Council Bluffs as if by magic. In the past machines of all sorts and description, except machines paying in cash, have been used here. All this has been changed through the general letter of instructions to city and county officials from Attorney General Cossow.

Card games in cigar stores also are under the ban, and County Attorney Capell and Sheriff McCaffrey are scouring the city warning offenders to cease everything of this nature at once.

Some of the owners of these machines in their greed have made no distinction as to players, and George Mongene says his thirteen-year-old son, who a year ago had \$500 in the savings bank, lost it all in these machines, a craze for which he developed.

Two Women and Baby Burned to Death

Sioux City, Ia., Nov. 10.—Kerosene on a breakfast fire caused an explosion in the home of John Davis, a farmer, living southeast of here, resulting in the death of Mrs. Davis, their three-month-old baby boy and Mrs. Lucinda Hodge, Mrs. Davis' aunt. A three-year-old girl was saved by neighbors. Mr. Davis was out husking corn. Mrs. Davis was twenty-six years old.

Stores at Woolstock Robbed.

Eagle Grove, Ia., Nov. 10.—Practically every place of business in Woolstock, a small town near here, was entered by a thief and from several of the places small sums of money were stolen. Buildings were entered by prying open windows and doors or breaking the glass out of windows. Even the bank was broken into, but no effort was made to get into the safe.

Packing Industry Is Worth Millions.

Cedar Rapids, Ia., Nov. 10.—The sweet corn packing industry in Iowa this year will amount to \$4,000,000, according to officers of the Iowa Packers' association, which closed its annual meeting here. M. W. Jones of Vinton was elected president; O. H. Mitchell of Waverly, vice president, and G. W. Drake of Dexter, secretary and treasurer.

Robbers Try to Steal Two-Ton Safe.

Sioux City, Nov. 10.—Robbers attempted to carry off a two-ton safe in the bank at South Sioux City, Neb., in a stolen grocery wagon, but failed and contented themselves by stealing a new typewriter left for trial. The safe contained about \$1,000.

Mabray Is Released on \$2,000 Bond.

Des Moines, Nov. 10.—J. C. Mabray, head of the fake horse race swindling gang, was released from the Polk county jail on \$2,000 bond.

MANCHU DYNASTY WILL BE OUSTED

Legations Believe All Hopes of Retaining Throne is Gone.

PEKING IS AWAITING ATTACK.

Excitement is Growing and Citizens Are Storing Food in Anticipation of Siege—Insurgents Occupy Fuchow. Tientsin May Fall Soon.

Peking Nov. 10.—Peking is still awaiting the approach of the rebels. The forbidden city is filled with princes, high officials and others who are entitled to entry within the gates. Vast stores of provisions have been transported to that place, which, strongly guarded, is ready for a siege.

Active preparations for what is considered the inevitable assault upon the capital are going on within the legation quarter, for it is now conceded that the Manchu dynasty will be ousted. Foreigners, it is asserted, will be fully protected, but experience has taught that the temper of the people is not to be trusted when revolutionary movements are in progress.

The fact that Tientsin did not fall is a hopeful sign, because it indicates that whatever steps the revolutionaries are taking, in the north at least they are proceeding along careful lines and are acting with considerable discretion and without haste. While reinforcements have reached Peking, reports have been received of numerous defections of the Manchu soldiers to the rebel side. The government troops are an uncertain quality, but there are some regiments which are fighting for the dynasty.

At Nanking, where the revolutionists outnumber the imperialists five to one, the latter still hold Purple Mountain. They are strongly entrenched and are said to have abundant supplies.

Revolutionary Spirit is Beyond Control

Peking, Nov. 10.—Consular reports received at the imperial capital agree

that the revolutionary spirit has gone beyond control throughout the empire, with the exception of Manchuria. The foreign legations have arranged ample protection for foreigners. The temper of the Manchu troops remains the most serious consideration. The Chinese greatly fear that they may precipitate a conflict. Allowing for recent desertions, it is estimated there are 22,500 Manchu troops within the outer wall.

Prince Ching, the acting premier, said that the Manchus did not intend, if besieged, to defend Peking.

At the Chinese foreign board it was said that Yuan Shi Kai had telegraphed that he was ready to come to Peking, but that he had not yet started from Nieko, to which city he went to confer with the Yangtze rebels.

Rebels Occupy Fuchow.

Amoy, China, Nov. 10.—The city of Fuchow is in the hands of the revolutionists. After taking it, they wiped out the entire Manchu district. The foreign settlements have not been disturbed, but fires have broken out in several sections of the native city, threatening its destruction.

Married Five Days; Asks for Divorce.

Atlantic, Ia., Nov. 10.—Petition for divorce was filed here by F. H. Lamborn, a prominent Griswold citizen who sickened of matrimony after a five day trial. He alleges his bride did not tell him of all her former husbands, that she was cruel and inhuman and that the suspicious death of a former husband of the woman makes him fear for his life. It is said the woman's son is serving time for the death of another stepfather. Lamborn is wealthy.

DEADLOCK IN ILLINOIS

House and Senate Disagree Over Adjournment of General Assembly.

Springfield, Ill., Nov. 10.—Notice of the inability of the two houses to agree on an adjournment date was conveyed to Governor Dineen in a resolution introduced in the senate by a vote of 22 to 4.

The legislature is deadlocked on the question of sine die adjournment of the special session. There are indications that Governor Dineen eventually will be called on to exercise the constitutional prerogative of proroguing the session.

October Special Rates!

ONE-WAY COLONIST RATES TO THE PACIFIC COAST, until October 15

THE DRY FARMING CONGRESS at Colorado Springs, October 16 20, will be one of the most instructive conventions ever held in the west; special rates.

THE OMAHA LAND SHOW, October 16th to 28th. Here you will see under one roof the remarkable products of irrigation and dry farming; it will be a great educational show of farm and orchard products from every state in the West.

THE BIG HORN BASIN AND YELLOWSTONE VALLEY are closing a most successful season of heavy crops. Filings for Government irrigated homesteads this Autumn will be very numerous. Some of the finest lands that the Government has ever bestowed are for you in these regions. A party of twenty-one newspaper correspondents have just made a tour through the Big Horn Basin and the Sheridan country and they were amazed at the wonderful fields of grain and alfalfa, the ample water supply, the permanent canals, the progressive new towns, the productive soil, the climate, the surroundings and scenic mountains, the mineral wealth, the industrial possibilities and the hospitality of the people.

Join our personally conducted excursions the first and third Tuesdays of each month and keep ahead of the coming movement.

Burlington Route
R. W. CLEMENT, Ticket Agent.
L. W. WAKELY, General Passenger Agent, Omaha, Neb.
