MANY VIOLATIONS OF THE ROAD LAWS

Move on Foot to Enforce the Law by Prosecuting all Violators.

It seems from the many complaints that the law regarding the throwing of bottles, glass, broken crockery etc., is not closely adhered to, and we are requested to again publish the law relating thereto. Broken bottles and glass can be found on almost any street right here in Plattsmouth, thrown there by people living on those streets. Now in publishing this law, we do so in the hope that those who defy the law in this respect may govern themselves according as some of these fine mornings they may be brought up before the court, and fined: Section 1. (Dangerous Substances on Roads.) That hereafter it shall be unlawful for any person, corporation or association to throw or cause to be thrown, leave or cause to be left upon any public road, bridge, street, alley or sidewalk in this state any glass, crockery, tacks, nails or any sharp or broken substance whatever, liable to injure any person, animal or vehicle. Section 2. (Violation of Act, Penalty.) Any person, corporation or association, violating the provisions of this act shall be guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not less than five dollars and not exceeding one hundred dollars in the discretion of the court.

This law was introduced by Hon. W. H. Puls, of this county, and is one of the best adopted at the last legislature.

Bishop Williams Heard Yesterday

Bishop Arthur L. Williams, of Omaha, spoke to a large and appreciative audience yesterday morning at St. Luke's church. The theme was one calculated to encourage the faithful workers in the church, the Bishop's discourse being based on the scripture "Let all the earth keep silent before him." The sermon was a strong presentation of the effective work of the great Episcopal church, and three distinct points were emphasized. First, Silence is necessary to a receptive attention of the faculties of the mind. Second, Silence is a necessary accompaniment of wisdom and, Third, Silence is always necessary for true worship. Only those who heard the bishop can realize the strength and beauty of his sermon and the effect of yesterday's discourse will be far reaching and will greatly benefit the local church.

4. A jury commission for Douglas county.
5. An amendment to the civil code to allow commencement of an action by personal notice to adverse party.
6. To provide by amendment that in civil jury cases a verdict from ten members in the district court and five in a justice court shall be binding.

BUSINESS PORTION OF DECATUR BURNED

Nebraska Town Suffers Fire Loss of \$75,000.

Tekamah, Neb., Dec. 2.—Decatur suffered from a disastrous fire that consumed several buildings and destroyed property to the value of \$75,000. The fire originated in the drug store occupied by O. R. Beltbridge at about 3 a. m. When discovered at 3:30 the entire interior was ablaze. The town is without waterworks and all that could be done by the bucket brigade was accomplished, but that availed nothing.

The store south of the drug store was one occupied by George Byrum with a general merchandise stock. That was taken and the fire also spread to the north, taking in the D. C. Calmon general merchandise store, Engleton Bros' general merchandise store and the Donahue bakery. The A. W. Allen meat market and barber shop were taken. To the south the fire was stopped by working on the barber shop and confining the fire to the row of buildings north to the next street.

Losses are figured as follows: Byrum, \$25,000, with about \$18,000 insurance; Calmon, \$15,000, partly insured; Engleton Bros, \$15,000, insurance, \$9,000; Donahue, total loss, insurance had recently lapsed; Allen, \$4,000, insurance, \$2,000.

Druggist Beltbridge is in Sioux City and his loss could not be ascertained.

Decatur is just putting in a system of waterworks and the loss makes the citizens feel rather blue.
