## VETERANS SHOULD FALL INTO LINE

Meeting to Organize Veterans of the Civil War and the Spanish War.

On February 12, at the city hall in Omaha, at 2 p. m., will be held a meeting of the G. A. R. delegations from the posts from six counties in Nebraska, viz: Douglas, Washington, Burt, Dodge, Sarpy and Cass, and three counties in Iowa, namely: Mills, Pottawatomie and Harrison, for the purpose of forming a district veteran association for holding annual reunions of the old soldiers of the war of the rebellion, as well as the Spanish war. This matter was agitated last year to some extent at a meeting of veterans held at Florence in August.

Commander of the Plattsmouth post, Comrade Edwin Bates, has received a communication calling attention to the importance of the movement, and requesting him to take the matter up with his post and send one or more delegates to the meeting of February 12. It is the idea of those promoting the organization to have a county organization in each county, with constitution and by-laws, and make it non-political and non-sectarian. The matter will be discussed at a meeting of the post next Saturday night.

In urging Commander Bates to take the matter up and have his post act upon the matter, the communication recites: "Now we

all too well know the fact that our ranks are thinning fast; that many of the G. A. R. posts in the smaller towns of this and other states for want of comrades to hold post meetings are closed. The soldiers of the civil war should have some organization, something that they feel as home; that is theirs, and that will live after the G. A. R. posts have died out.

### Shocking Sounds

That dull pain or ache in the back warns you the kidneys need attention if you would escape those dangerous maladies, Dropsy, Diabetes or Bright's disease. Take Electric Bitters at once and see backache fly and all your best feelings return. "My son received great benefit from their use for kidney and bladder trouble," writes Peter Bondy, South Rockwood, Mich. "It is certainly a great kidney medicine." Try it, 50 cents, at F. G. Fricke & Co.

### Purchased Residence.

John Hatt, jr., member of the Plattsmouth Produce company, has recently purchased the residence property formerly owned and occupied by August Gorder, situated on North Third street, and will shortly remodel the same and take possession. Mr. Hatt at present resides in the Second ward, but has decided that he would as soon live in the First, and be closer to his place of business.

All these processes if we think the car needs it or such as we deem necessary. Sometimes a LITTLE VARNISH is a BIG HELP.

## PASSING OF THE SMALL TOWNS

How Parcel Post Will Effect the Towns and Benefit Mail Order Houses.

William Allen White, one of the ablest editors in the west, at a recent convention in Kansas, delivered an address in which he paid special attention to the parcel post system. He showed how that system attacks business, individuals and communities. His words are worthy of consideration by all whether friend or foe of the system. In regard to parcel post to the small towns he said:

"The preservation of the home trade to the home town carries with it the preservation of many of our American institutions. It seems to me that a lot of good things in American life will pass if the country town passes, and it will pass, just so surely as centralization of retail mail order business in cities continues. The American country town preserves better than the crowded city, and better than the lonely ranch and isolated farm life, the things that make America great. Here in these country towns the spirit of neighborliness is the prevailing spirit. Men come to know one another, and when any two human beings come to know each other in the one who is intelligent and wise, respect always arises for the other. To know one's fellows always is to sympathize with them. Neighborliness, spells fraternity. The American country town with its circle of friends, with its close homely simple relations between men, with its spirit of co-operation and with its economic status that permits the creation of no indecently rich and no abjectly poor, the American country town, it seems to me, is the most hopeful of our American institutions.

The mail order house, therefore, becomes a menace to this country. The mail order house unrestricted will kill our smaller towns, creating great cities, with their terrible contrasts of life, with their cruel social relations, with their inevitable caste feeling that comes from the presence of strangers who are rich and poor living side by side. Great cities give much in alms but little in justice.

The motto of the mail order houses every man for himself and the devil take the hindmost—and you bet the devil will.

### Almost Lost His Life.

S. A. Stid of Mason, Mich., will never forget his terrible exposure to a merciless storm. "It gave me a dreadful cold," he writes, "that caused severe pains in my chest, so it was hard for me to breathe. I did so and two bottles completely cured me." Use only this quick, safe, reliable medicine for coughs, colds, or any throat or lung trouble. Price 50c and \$1.00. Trial bottle free. Guaranteed by F. G. Fricke & Co.

### Old Timers' Fall.

"The Old Timers' Ball," given last Saturday night at the T. J. Sokol hall, in which the old-time Bohemian costumes were much in evidence, was a grand success, socially and otherwise. This pleasing function has grown to be an annual affair, and affords one of the finest of occasions for amusement. The music was furnished by the Burlington band and refreshments were served during the evening. A large crowd was present to participate in the festivities. The grand march was led by Chief of Police Ben Rainey, who was disguised as an old-time soldier.

## DIED SUDDENLY AT AUBURN, NEB

Death of Leonard Jennings, Formerly a Resident of Plattsmouth.

From Wednesday's Daily.

The sad news of the death of Leonard Jennings, formerly of this city, but for the past five or six years a resident of Auburn, reached his sister, Mrs. I. B. Green, and brother, Tom Jennings, early this morning. I. B. Green and Tom Jennings left for Auburn on the morning train today to ascertain the cause of death and arrange for the funeral.

Mr. Jennings had not been sick, so far as his sister and brother here knew, and his sudden death is a great shock to them. The deceased leaves a widow and five small children. He formerly resided in Plattsmouth and was employed in the Burlington shops, but five or six years ago removed to Auburn, where he was employed by the Missouri Pacific Railway company. The cause of death is not definitely known, but is thought to have been a complication of bronchitis and measles. The deceased was born in Iowa and was about 31 years of age. His friends may take his remains to the old home for interment, although that had not been determined today.

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that so often follow.
