ARTISTS WITH THE PAINT BRUSH BUSY

Frank Gobelman and Assistant Are Still Busy Beautifying Business Houses.

Frank Gobelman and his able assistant, H. H. Cotton, have been doing some interior painting, decorating and paper hanging recently that would please the eye of the most critical gentlemen in town. These artists painted the ceiling and hung the paper at the Journal office and did it in such a manner as to make it look as good as new.

They next painted the walls and decorated the ceiling and hung paper in the Calumet restaurant under the Riley, owned by Eddie Collins. The north lower room of the Riley block, formerly occupied by the postoffice, next had the attention of these artists and the woodwork was painted and the walls and ceiling nicely papered. This room will be occupied by Miss Myers for a millinery store.

The room formerly occupied by John Nemetz will receive the attention of Mr. Gobelman and assistant immediately, and will be occupied by A. L. Henry with his notion store. The room one door south of Mr. Henry's new stand is to be occupied at once by a gentleman from Omaha who will run a tailoring establishment.

In addition to these samples of skill and workmanship, Mr. Gobelman has just completed the painting of Mr. Henry's car and made it look as good as new, and has in his paint shop the large car of Arthur Troop, which he will paint a steel gray.

Henry Soennichsen at Home.

Henry Soennichsen, who has been on the road for the past four months in the interests of the Skinner Maccaroni company, came in this morning for the first time since he entered the employ of that company. Henry proved himself a good man for the company, and no doubt they will seriously regret his resignation. Circumstances here compelled his return home to assist his father in the store. Henry is a good boy and his absence from home so long has demonstrated that he is a young man of grit and energy to make good in any position you place him.

Married in Lincoln.

Carl Balfour and Miss Amelia Nutzman went to Lincoln Wednesday, where they were married by Judge Risser. Both the parties are well known and popular young people, who have grown from childhood in this vicinity. The bride is a daughter of Hon. Fred L. Nutzman, and the groom is a son of William Balfour, the two families being pioneer residents of this part of the county. The newly married couple will reside on a farm in this vicinity.—Union Ledger.

John Carmack came in Saturday afternoon to visit his wife and soon over Sunday.

Mrs. Tillie Hargus, residing south of town, had the misfortune to lose her valuable gold watch yesterday. She had the watch when she started to drive to town and discovered her loss soon after arriving here. Mrs. Hargus prized the watch very highly as a keepsake, and it is hoped it may be found by one who will return it to her.

Frank G. Kendall arrived home last Friday from Monmouth, Ill., where he had been to see his sister, Mrs. Margaret Burford, who had been seriously ill for some time. Sant M. Gifford, who moved from here to West Plains, Missouri, arrived Wednesday morning to spend several days attending to business matters and visiting friends. The Journal is pleased to number them among the large army of readers that are daily enlisting to our support, thereby displaying their appreciation of our efforts to give them a good newspaper—one worth the subscription price.

L. C. Todd brought in a cigar box Tuesday containing a sample of his seed corn, and it is really refreshing to be allowed to gaze on some of this Nebraska seed corn that "won't" grow. Mr. Todd planted 36 grains of corn from as many ears, and when he saw the result there was 36 sturdy green sprouts about three inches high. He also told us he had planted 130 grains from as many ears and all but four of them came up. This corn was picked the first week in September and put up in a good dry loft. Mr. Todd does not fear any trouble about seed among the farmers who use common sense methods in gathering and caring for their corn.

CLEARING ROADWAY OF SNOWDRIFTS

What the Old and New Law Says Regarding Pay for Such Work.

At a recent session of the county commissioners a question arose as to the pay for cleaning snowdrifts in roadways. Now, here is a substance of the old and new law regarding the matter and the sum allowed each man turning out to do the work, and also for teams. Hereafter we hope there will be no dispute about the matter, and that those who are brave enough to turn out and do the work will receive pay for doing the same:

"Under an old law district overseers are supposed to keep open all roads traveled by rural carriers of mail, so that they would be passable to ordinary travel.

"Under the optional county highway commission law, the district road overseers, directed by the county highway commissioner, in those counties which have accepted the law, must open all mail routes to traffic if complaint is lodged by any postmaster, mail carrier or patron of a mail route. Action must be prompt, within twenty-four hours in fact. The district overseer may call on anyone to turn out with shovel or team. Such drafted workman is to receive 30 cents per hour for his labor and as much more for his team, such payments to be made from the district road funds. Under the older law persons opening snowdrifts so that traffic will be unimpeded receive 20 cents per hour for their labor and 40 cents per hour if they use their teams."
