MISS ALICE DOVEY SAILS FOR EUROPE

The Charming Little Actress Has Many in Her Home Town to Wish Her God-Speed.

Every citizen of Plattsmouth feels a deep interest in Miss Alice Dovey, who was born and reared in this city, and where the Dovey family have resided for many years, her grandparents coming here in early pioneer days. The older citizens, as well as the younger ones, have watched her stage career with the greatest of interest and are always pleased to hear of her advancement. The Journal has watched her movements for the past ten years with as much interest almost as it would one of its own daughters, always with a feeling that the charming lady was bound to come to the front in her calling. The following appeared in the Sunday World-Herald:

Miss Alice Dovey might well be called an Omaha girl, although her home is in Plattsmouth, Neb., for she has almost as many friends in this city as in her home town, and her stage career has been of great interest to all who know her. Her latest part is Algele, the sweetheart, in "The Pink Lady." She will sail for London March 21, with "The Pink Lady" company, which will open at the Globe theater the evening of Easter Monday, for a twenty-one weeks' engagement. After this engagement she will rest for a short while in France, returning to New York in time to appear in the leading part in a new opera which will be put on by Klaw & Erlanger. Miss Dovey has scored a wonderful success in her latest part in New York, Boston and Chicago, although Boston people will long remember her as the "Dove" in "Woodland." With all her success Miss Dovey is the same generous-hearted little girl she was before she sang over the footlights. She makes all of her own contracts and has been given credit for having a great deal of good "common sense" by all the managers.

Close Deal for Building.

From Wednesday's Daily.

Walter Breen, the Glenwood and Omaha real estate broker, arrived this morning to close the deal for the sale of the Wetenkamp block for his clients. The deeds had already been executed and left at the bank, but there were some taxes which Mr. Breen had agreed to pay, which demanded his presence this morning. Mr. Breen says the Y. M. C. A. has certainly secured a great bargain; that his client has sacrificed \$60 in interest in order to get his first investment of capital out of it, but the building could not be built much short of \$10,000.

The building is a two-story and basement brick and stone structure, 44x85 feet, and was constructed about fifteen years ago by the late William Wetenkamp at a cost of nearly \$10,000 for the land and building. It is of a substantial nature and well adapted for the purposes to which it will be used by the Y. M. C. A.

The deed was taken to T. H. Pollock and other trustees for the association, and when the association is duly incorporated will be transferred to the organization. The building has been assessed for taxation purposes for \$4,500 annually, and when it is reflected that the organization got it for \$3,500 we can realize what a bargain they are getting.

It's an excellent remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. until the last minute to buy your fencing. Whether it be a small or large quantity, we want you to come to us, look over the different styles and have your order filled and set aside for you, so when you want it we will have it for you.

We try to carry a full and complete line of fencing, but we can never tell just how much we will sell of each kind, so in order to avoid any delay and so you may get the kind of fence you want, we would like to have all our fence customers—both old and new—to let us know what they expect to use.

Our prices are right and we will figure our fencing against any mail order house that you wish us to.

Charles Renner and family departed on the Wednesday morning train for Kansas City and St. Louis, where they will spend about a week visiting and seeing the sights. In their hours of sorrow the grief-stricken parents have the profound sympathy of the entire community.

King of Red-Polled Cattle.

Luke L. Wiles, the king of Red-Polled cattle for this county, was a pleasant caller at the Journal office Monday, and in conversation with him he told us that he is really surprised at the excellent condition his fine cattle are coming out of the present winter. Mr. Wiles is without a doubt the greatest admirer of fine cattle in Cass county, and every year finds him still more attached to the Red-Polls, the popular all-purpose breed. By years of experience he has learned that they are the most profitable to the farmer, and this is the side of the book they are all working on.
